the sandstone series at the following points of abstraction: 10,000 gallons per hour, during the period March-October annually at SE 506508, Long Marston, York. The variation applied for is: To vary the period to include winter abstraction and the annual quantity from eight to eighteen million gallons.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Hutton Wandesley Farms, Long Marston at all reasonable hours during the period beginning on 22nd November 1967, and ending on 20th December 1967.

Any person who wishes to make representations about the application should do so in writing to the Clerk of the Yorkshire Ouse and Hull River Authority at 21 Park Square South, Leeds 1, before the end of the said period.

Dated 20th November 1967.

(225) *C. York,* Hutton Wandesley Farms.

## NOTICE OF APPLICATION FOR A COMBINED LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS AND TO ABSTRACT WATER.

Notice is hereby given that an application is being made to the Essex River Authority by Ronald B. Haigh of Armigers Farm, Thaxted, Essex, for a combined licence to obstruct or impede the flow of a stream rising to the north of Horham Hall, Thaxted, and flowing S.E. to join the River Chelmer in 1½ miles by means of control works as may be approved by the Authority at a point of which the National Grid Reference is TL 600289, in the parish of Thaxted in the Rural District of Dunmow; and to abstract fifteen million gallons of water per year from the said inland water at or near that point.

The capacity of the reservoir formed by raising the water level approximately 6 in. in the stream will be quite small and sufficient to enable the controlled abstraction to be made in accordance with the River Authority's conditions to fill an off-stream reservoir to be constructed nearby, the general arrangement of which is shown on the drawing numbered 5006/2A.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at the office of the applicant at Station Works, Thaxted, Essex, at all reasonable hours during the period beginning on 24th November 1967, and ending on 23rd December 1967.

Any person who wishes to make representations about the application should do so in writing to the Clerk of the Essex River Authority at Rivers House, 129 Springfield Road, Chelmsford Essex, before the end of the said period.

Dated 20th November 1967.

*C. H. Smith & Partners Ltd.,* on behalf of Ronald B. Haigh.

## NOTICE OF APPLICATION TO VARY A COMBINED LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS AND TO ABSTRACT WATER.

Notice is hereby given that an application is being made to the Severn River Authority by John Firkins Ltd., Teddington Manor, Tewkesbury, Glos., to vary the combined licence (serial number 18/54/17/492) to abstract water from tributary stream of Tirle Brook, at 50 968322 at Teddington, Tewkesbury, Glos., to obstruct or impede the flow of tributary stream of Tirle Brook by means of impounding works at 50 968322 and to abstract water from the said inland water at or near that point.

The variation applied for is: An increase in daily abstraction from 180,000 gallons to 209,000 gallons. The total permitted abstraction in the existing licence is not being altered.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Teddington Manor, Tewkesbury, Glos., at all reasonable hours during the period beginning on 28th November 1967, and ending on 26th December 1967.

Any person who wishes to make representations about the application should do so in writing to the Clerk of the Severn River Authority at Great Malvern, Worcs., before the end of the said period.

Dated 18th November 1967.

*John Firkins,* on behalf of John Firkins Ltd.

## NOTICE OF APPLICATION FOR LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS.

Notice is hereby given that an application is being made to the Cornwall River Authority by the East Cornwall Water Board (the Board) for a licence to obstruct or impede the flow of the Siblyback Stream by means of a Dam across the stream at a point 780 yards in a direct line in a north easterly direction from the confluence of that stream with the River Fowey commencing in enclosures numbered 1986/2015/2017 and terminating in enclosure numbered 1984 in the 1906 edition of the 1/2500 ordnance map of Cornwall for the parish of St. Cleer in the rural district of Liskeard.

The object of impounding water by means of the Dam is to create a river regulating reservoir of a capacity at overflow level of 750 million gallons:—

(*a*) to enable water to be released into the River Fowey for abstraction, and

(*b*) to enable water to be pumped from the reservoir into the Withey Brook for abstraction.

Further details of the application are that it is made to enable the Board to construct the Siblyback Dam to a height greater by 5 feet than the height authorised by the East Cornwall Water Board Order 1965. The purpose of the proposed raising of the Dam is to enable the Board to release into the River Fowey a quantity of water for the North and Mid Cornwall Water Board to abstract at their works at Restormel with appropriate financial adjustments being made between the two Boards.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Trewithan, Liskeard at all reasonable hours during the period beginning on 24th November 1967, and ending on 22nd December 1967.

Any person who wishes to make representations about the application should do so in writing to the Clerk of the Cornwall River Authority at St. Johns, Launceston before the end of the said period.

Dated 21st November 1967.

*D. R. Newbury,* East Cornwall Water Board.

Trewithan,
Liskeard, Cornwall.

## NOTICE OF APPLICATION FOR A COMBINED LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS AND TO ABSTRACT WATER.

Notice is hereby given that an application is being made to the Essex River Authority by Robert Hicks Goodchild, of Great Warley, for a combined licence to obstruct or impede the flow of a tributary of River Pant by means of controlled weirs at Shalford Hall, Braintree (TL 723293) and to abstract 2.75 million gallons of water per year from the said inland water at or near that point.

The capacity of the rservoir at overflow level will be 1½ million gallons.

Further details of the application are:—Irrigation and includes quantities authorised under licence of right 8/37/31/8.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Tan Office, Shalford, at all reasonable hours during the period beginning on 24th November 1967 and ending on 24th December 1967.

Any person who wishes to make representations about the application should do so in writing to
