NOTICE OF APPLICATION TO VARY A COMBINED LICENCE TO OBSTRUCT OR IMPEDE THE FLOW OF AN INLAND WATER BY MEANS OF IMPOUNDING WORKS AND TO ABSTRACT WATER.

Notice is hereby given that an application is being made to the Yorkshire Ouse and Hull River Authority by the Calderdale Water Board, Gibbet House, Halifax, in the County of York, to vary the combined licence (serial number 2/27/12/258) to obstruct or impede the flow of the Hebden Water (a tributary of the River Calder) by means of impounding works (an earthen dam) at Ordnance Survey map reference SD.971312, and to abstract water from the said inland water at or near that point. The licence provides for the construction of an embankment, the south-west and north-east ends of which would lie respectively near High Laithe Farm in the parish of Heptonstall and near Walshaw Lodge in the parish of Wadsworth in the Rural District of Hepton in the County of York.

The variation applied for is:

1. (a) to change the site of the proposed Hebden Reservoir Dam (work No. 1 on the map submitted with the application, hereinafter referred to as the deposited map) to Ordnance Survey map reference SD.967313 near Overwood Cottage, a distance of approximately 400 yards upstream from the originally licensed site, so that the northern and southern ends of the embankment top will lie respectively near Overwood Cottage in the parish of Wadsworth and near Widdop Gate in the parish of Heptonstall in the Rural District of Hepton in the County of York;

(b) to reduce the maximum embankment height by 35 feet from 225 feet to 190 feet;

(c) to reduce the capacity of the reservoir at overflow level to approximately 2,300,000,000 gallons;

(d) to raise the top water level of the reservoir to 875 feet above Ordnance Datum;

(e) to extend westwards and raise the invert levels as necessary (up to a maximum of 10 feet vertically) of the following catchwaters, along their entire lengths:

(i) catchwater from Rowshaw Clough to the reservoir between reference points 18 and 14 on the deposited map (work No. 5);

(ii) catchwater from Stoneshey Gate to the reservoir between reference points 15 and 13 on the deposited map (work No. 6);

(f) to raise Ordnance Datum levels of intakes at reference points 16, 17 and 19 on the deposited map as necessary to correspond with the levels of catchwaters referred to in (e) above;

(g) to reduce, consequent upon the variations referred to in (a) to (e) above, the catchment area (map reference No. 1) intercepted directly by the reservoir dam (work No. 1);

(h) to increase the areas (map reference 2C and 3C) from which surface drainage, including unnamed tributaries of the Hebden Water, is intercepted by a catchwater (work No. 5) between reference points 18 and 14 on the deposited map and by a portion of catchwater (work No. 6) between reference points 16 and 13 on the deposited map;

(i) to change the location of diversion tunnel inlet and outlet points (map reference Nos. 23 and 20) and the location of natural overflow discharge point (map reference No. 20) to correspond with the variation referred to in 1 (a) above;

2. to change the location only of the abstraction point (map reference No. 12) to Ordnance Survey map reference SD.967313 to correspond with the variation referred to in 1 (a) above.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at the offices of the Clerk of the Hepton Rural District Council at Holme House, Hebden Bridge, or at the offices of the Calderdale Water Board, Gibbet House, Halifax, at all reasonable hours during the period beginning on 1st March 1968, and ending on 29th March 1968.
