Claim for a Salary Increase by the Gas Staffs

The Gas Council have reported to the Ministry of Power a claim for a salary increase of 5 per cent. made on behalf of those grades of staff whose pay and conditions of service are negotiated through the National Joint Council for Gas Staffs.

In pursuance of their powers under section 2 (1) of the Prices and Incomes Act 1966, the First Secretary of State and Secretary of State for Employment and Productivity and the Minister of Power hereby refer to the National Board for Prices and Incomes for examination the claim on behalf of the staff within the National Joint Council for Gas Staffs and the scope for relating any increase in pay to improvements in productivity.

PRICES AND INCOMES ACT 1966

REFERENCE TO THE NATIONAL BOARD FOR PRICES AND INCOMES

Salary Structure

1. Paragraphs 40 and 50 of the White Paper "Productivity Prices and Incomes Policy in 1968 and 1969" (Cmnd. 3590) make it clear that the policy applies to improvements in the pay of salaried workers many of whom negotiate their remuneration outside the usual process of collective bargaining. Paragraph 43 provides for genuine productivity agreements to exceed the 3½ per cent. ceiling and concludes: "Major reorganisations of wage and salary structures which can be justified on productivity and efficiency grounds may also qualify for this exceptional treatment."

2. A number of companies have been adjusting the salary structures of their managerial, executive, professional and technical staff to encourage effective performance and the achievement of particular company objectives. In addition an increasing number of agreements are being reached at company and industry level which provide for a revision of salary structures in return for improvements in pay.

3. The government believe it would be helpful if guidance were available to industry generally on the factors affecting the proper development of salary structures, and the methods by which this can be achieved, having regard to the requirements of prices and incomes policy and the interests of particular firms. In pursuance of her powers under Section 2(1) of the Prices and Incomes Act 1966, the First Secretary of State and Secretary of State for Employ-

ment and Productivity hereby refers to the National Board for Prices and Incomes for examination the general question of what principles should govern the development in industry and commerce of salary structures for managerial, executive, professional and technical staff, especially in the light of prices and incomes policy.

- (a) land which is common land or a town or village green;
 - (b) rights of common over such land, and
 - (c) persons claiming to be owners of such land
- ended on 30th June 1968.

The Council is the registration authority for the registration area particulars of which are given below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the Town Clerk's Office, City Hall, Bradford, 1, between the hours of 9 a.m. and 5.30 p.m. on working days. Brief information about these registrations is given below.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Town Clerk's Office, City Hall, Bradford, and must reach the Council as registration authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Dated this 25th day of July 1968.

G. C. Moore, Acting Town Clerk.
