NORWICH COUNTY BOROUGH COUNCIL

COMMON LAND AND TOWN OR VILLAGE GREENS

Provisional Registrations and how to object to them

Notice is hereby given that the first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
 - (b) rights of common over such land, and
 - (c) persons claiming to be owners of such land
- ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land for this registration area, containing all registrations so far made, is available for inspection free of charge at my office at the City Hall, Norwich, NOR. 01A, during office hours. A table giving brief information about these registrations is at Annex B below.

No registrations were made during the first period in the Register of Town or Village Greens.

The second registration period began on 1st July 1968, and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968, begins on 1st October 1968, and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards, free and post free from me at the City Hall, Norwich, NOR. 01A, and must reach the Council as registration authority at the above address not earlier than 1st October 1968, nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application

the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968, may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Dated 2nd August 1968.

Gordon Tilsley, Town Clerk on behalf of registration authority.
