LANCASTER—CARLISLE MOTORWAY M.6

The Minister of Transport invites applications from firms of good standing who are prepared to invest not less than £250,000 for the exclusive rights to provide and operate a petrol filling station and catering premises on a fifty-year ground lease at a Service Area to be established at Killington on the

Lancaster—Penrith section of the M.6 Motorway. This section of the motorway is expected to be completed in August 1970 and it is the Minister's intention that facilities should be available at this Service Area as soon as possible after the motorway opens.

The Service Area will occupy a site of about 60 acres wholly on the eastern side of the south-bound carriageway. There will be no direct connection to the Service Area from the north-bound carriageway and the facilities to be provided will be for south-bound traffic only.

The Minister will provide hard standing for vehicle parking areas, internal roads and exterior lighting within the Service Area.

Applicants are invited to put forward schemes within a framework laid down by the Minister. The catering facilities may be constructed in two stages, but the Minister will require the first stage to be completed so as to open not later than December 1970. The remaining catering facilities are to be constructed and opened at a later date when traffic has increased sufficiently to justify them.

The Service Area site is located in an area of high amenity and landscape value and the Minister attaches great importance to the aesthetic aspects of this development. Some guidance on suggested architectural treatment of buildings will be given to tenderers, and in selecting the successful tenderer special attention will be paid to the design of the buildings.

Full particulars and forms of application may be obtained from:—

The Secretary, Ministry of Transport, HS Division (Room 3/18), St. Christopher House, Southwark Street, London S.E.1.

The closing date for the return of completed applications is 5th November 1968.

COMMONS REGISTRATION ACT 1965

OXFORDSHIRE COUNTY COUNCIL

Common Land and Town or Village Greens: Provisional Registrations and how to object to them

Registrations

The first period for applications for the registration under the above Act of:

(a) land which is common land or a town or village green;

(b) rights of common over such land, and

(c) persons claiming to be owners of such land ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made are available for inspection free of charge at the Council's office at the County Hall, New Road, Oxford, between the hours of 9 a.m. and 5 p.m. on working days. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this said period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968, begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at the County Hall, New Road, Oxford, and must reach the Council as registration authority at County Hall, New Road, Oxford, not earlier than 1st October 1968, nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968, may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Dated 29th July 1968.

G. G. Burkitt, Clerk of the County Council.

County Hall,
Oxford.
