#### CHARGING SCHEME

##### *Sussex River Authority*

Notice is hereby given that the Minister of Housing and Local Government in pursuance of his powers under paragraph 7 of Schedule 7 to the Water Resources Act 1963 (as that Schedule has effect by virtue of section 59 of the Act in relation to a charging scheme) has approved, subject to the alterations set out in the Schedule of Alterations below, the charging scheme submitted to him by the Sussex River Authority on 8th February 1968 under section 58 of the Water Resources Act 1963. The said scheme shall have effect on 1st April 1969.

#### SCHEDULE OF ALTERATIONS

*In paragraph 2:* insert, after "Save as hereinafter excepted" the word "and subject to the provisions of paragraph 8 hereof", and at the end of the paragraph add

"(c) abstraction of saline water from Shoreham Harbour east of the mouth of the River Adur."

*In paragraph 3:* delete the words from "will be operative for less than 10 months of that year" to the end of the paragraph and substitute the following: "will be operative for less than the whole of that year. When this is the case, the relevant quantity shall be taken to be the maximum quantity authorised by the licence for abstraction in the period for which the licence is operative within the financial year, or, if no such quantity is authorised by the licence, a quantity bearing the same proportion to the annual maximum quantity autho-

ised by the licence as the number of days on which abstraction is permitted in the period for which the licence is operative within the financial year bears to the number of days on which abstraction is permitted in a full licence year.

If after the end of the financial year or the earlier termination of the licence it is shown that by reason of circumstances arising in the course of the year the charge finally due in that year differs from the charge as initially calculated (whether because the maximum quantity authorised by the licence for abstraction in that year differed from the maximum annual quantity indicated by the licence at the beginning of the year, or because the licence terminated or continued in force otherwise than as so indicated, or because the licence was varied in some other respect) the requisite adjustment in the amount of the charge for that year shall be made either by taking the difference between the charge as initially calculated and the charge found to be finally due into account in the calculation of the charge for the next, or a subsequent financial year, or in such other manner (including the payment of an appropriate sum) as may be suitable in the circumstances of the particular case."

#### *Delete paragraph 8 and substitute:*

"The charges payable in respect of each year shall be paid on the first day of April in that year, or on the day on which the licence is granted, whichever is the later, provided that, where charges due on the first day of April amount to £200 or more, payment may be made by four equal instalments in advance on that day, the first day of July, the first day of October and the first day of January next following. In any other case, the authority may accept payment by instalments on such terms as they consider appropriate subject to the first instalment being paid on the first day of April or the day on which the licence was granted, whichever is the later. In the case of supplementary charges payable under Section 63(2)(b) of the Act payment shall be made on the date specified in the agreement made under the said section 63."

A copy of the approved charging scheme as amended by the Minister is available for inspection by the public free of charge during normal office hours at the offices of the Clerk of the Sussex River Authority, Anston House, 137-139 Preston Road, Brighton.

Dated this 5th day of August 1968.

## COMMONS REGISTRATION ACT 1965

## WOLVERHAMPTON COUNTY BOROUGH COUNCIL

## COMMON LAND AND TOWN OR VILLAGE GREENS

*Provisional Registrations and how to object to them**Registrations*

The first period for applications for the Registration under the above Act of:

- (a) Land which is common land or a town or village green;
- (b) Rights of common over such land; and
- (c) Persons claiming to be owners of such land;

ended on 30th June 1968.

The Council is the Registration Authority for the registration area of which particulars are given at Annex A below. The Register of Town or Village greens for this registration area, containing all registrations so far made, is available for inspection free of charge at the Council's Office at the Town Hall, Wolverhampton, between the hours of 9 a.m. and 4.30 p.m. on working days. A table giving brief information about these registrations is at Annex B below.

No registrations were made during the first period in the Register of Common Land.

The second Registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of Five pounds will normally be payable.

**Objections**

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special Form of Objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at the Town Hall, Wolverhampton and must reach the Council as Registration Authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date, there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the Registration Authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the Register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Dated the 16th day of August 1968.

R. J. Meddings, Town Clerk.
