COMMONS REGISTRATION ACT
1965

BIRMINGHAM CITY COUNCIL

COMMON LAND AND TOWN OR VILLAGE GREENS
Provisional Registrations and how to object to them
Registrations

The first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the Council's office at Room 196 Council House Extension, Edmund Street, Birmingham between the hours of 0845 and 1715 on working days.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at Town Clerk's Office, Council House, Birmingham, and must reach the Council as registration authority at the above address, not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th

June 1968 objections to such registrations can be made in the second objection period.

Dated 9th September 1968.

T. H. Parkinson, Town Clerk.

The first period for applications for the registration under the above Act of:

- (a) land which is common land or a town or village green;
- (b) rights of common over such lands, and
- (c) persons claiming to be owners of such land,

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection, free of charge, at the Council's office at Shire Hall, Reading, Berkshire, between the hours of 9 a.m. and 5 p.m. on working days. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968, and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968, begins on 1st October 1968, and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards, free and post free, from the Council at Shire Hall, Reading, Berkshire, and must reach the Council as registration authority at the above address, not earlier than 1st October 1968, nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968, may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Dated 23rd day of September 1968.

E. R. Davies, Clerk of the Council.

CARDIGAN COUNTY COUNCIL.

(THE COMMONS REGISTRATION (OBJECTIONS AND MAPS) REGULATIONS 1968)

*Common Land and Town or Village Greens :**Provisional Registrations and how to object to them**Registrations*

The first period for applications for the registration under the above Act of :

- (a) land which is common land or a town or village green ;
- (b) rights of common over such land ; and
- (c) persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given (at Annex A) below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the Council's office at Swyddfa'r Sir, Aberystwyth, and at the County Planning Department, County Hall, Aberaeron, between the hours of 9 a.m. and 5 p.m. on working days. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on the 1st July 1968, and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims of ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. FORM No. 26) available from 15th August onwards free and post free from the Council at Swyddfa'r Sir, Aberystwyth, and must reach the Council as registration authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968 ; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet ; information about this will be published shortly before 1st May 1970 ; the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Dated 25th September 1968.

J. E. R. Carson.

CUMBERLAND COUNTY COUNCIL

*Common Land and Town or Village Greens : Provisional Registrations and how to object to them***Registrations**

The first period for applications for the registration under the above Act of :

- (a) Land which is common land or a town or village green ;
- (b) Rights of Common over such land, and
- (c) Persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the office of the County Land Agent and Valuer, 1 Alfred Street North, Carlisle, between the hours of 9.30 a.m. and 4 p.m. Monday to Friday inclusive. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, or rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the County Land Agent and Valuer, 1 Alfred Street North, Carlisle, and must reach the Council as registration authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968 ; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet ; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Dated 25th September 1968.

G. N. C. Swift, Clerk of the County Council.

The first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green ;
 (b) rights of common over such land, and
 (c) persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at County Hall, Exeter, between the hours of 10.30 a.m. and 4 p.m. on working days. ESSEX COUNTY COUNCIL
COMMONS REGISTRATION ACT 1965

COMMON LAND AND TOWN OR VILLAGE GREENS

Provisional Registrations and how to object to them
Registrations

The first period for applications for the registration under the above Act of:

- (a) Land which is common land or a town or village green;
 - (b) rights of common over such land, and
 - (c) persons claiming to be owners of such land
- ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the Council's office at County Hall, Chelmsford between the hours of 9.15 a.m. and 5 p.m. on working days. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objection to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Clerk of the Council, County Hall, Chelmsford and must reach the Council as registration authority at the above address, not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968: those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

The registration provisions of the Act do not apply to Epping Forest and Shenfield Common.

Dated 24th September 1968.

L. G. Lewis, Clerk of the Council.

County Hall,
Chelmsford.

HARTLEPOOL COUNTY BOROUGH COUNCIL

COMMON LAND AND TOWN OR VILLAGE GREEN:

Provisional Registrations and how to object to them *Registrations*

The first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Town or Village Greens for this registration area, containing all registrations so far made is available for inspection free of charge at the Council's office at the Municipal Buildings, Hartlepool, between the hours of 9 a.m. and 5.30 p.m. on working days. A table giving brief information about these registrations is at Annex B below.

No registrations were made during the first period in the Register of Common Land.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at the Municipal Buildings, Hartlepool, and must reach the Council as registration authority at the above address, not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October

1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

The first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given below. The Register of Common Land for this registration area, containing all registrations so far made, is available for inspection free of charge at the Council's office at the Town Hall, Huddersfield, between the hours of 9 a.m. and 5.30 p.m. on working days.

No registrations were made during the first period in the Register of Town or Village Greens.

The second registration period began on 1st July, 1968 and will end on 2nd January, 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July, 1968 begins on 1st October, 1968 and ends on 30th September, 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at the Town Hall, Huddersfield, and must reach the Council as registration authority at the above address not earlier than 1st October, 1968 nor later than 30th September, 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July, 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commission for decision.

MONMOUTHSHIRE COUNTY COUNCIL

COMMON LAND AND TOWN OR VILLAGE GREENS:

*Provisional Registrations and how to object to them***Registrations**

The first period for applications for the registration under the above Act of:

- (a) Land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex "A" below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the office of the Clerk of the Council, County Hall, Newport, Mon., between the hours of 10 a.m. and 12 noon and 2 p.m. to 4 p.m. on Mondays to Fridays except on bank holidays. A table giving brief information about these registrations is at Annex "B" and Annex "C" below. In addition, each local authority has available for inspection copies of registrations affecting land in its own area.

The Second Registration period began on 1st July 1968, and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The Period for Objecting to Registrations made before 1st July 1968, begins on 1st October 1968, and ends on 30th September, 1970. Every objection must be made in writing on the special form of objection (C. R. Form No. 26) available from 15th August onwards free and post free from the Clerk of the Council, County Hall, Newport, Mon., and must reach the Council as Registration Authority at the above address, not earlier than 1st October 1968, nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain

For any late Notices see Contents list on last page

other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to Registrations made after 30th June 1968, may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registration of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Dated this 20th day of September 1968.

K. H. Walker, Clerk of the County Council.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Form No. 26) available from 15th August onwards free and post free from the Council at my office, County Buildings, Martin Street, Stafford, and must reach the Council as registration authority at the above address not earlier than 1st October 1968, nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968, may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Dated 26th September 1968.

T. H. Evans, Clerk of the County Council.

EAST SUFFOLK COUNTY COUNCIL
COMMON LAND AND TOWN OR VILLAGE GREENS
Provisional Registrations and how to object to them

Registrations

The first period for applications for the registration under the above Act of:—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made are available for inspection free of charge at the Council's office at County Hall, Ipswich, between the hours of 9 a.m. to 12.30 p.m. and 2 p.m. to 5 p.m. on working days. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C. R. Form No. 26) available from 15th August onwards free and post free from the Council at County Hall, Ipswich, and must reach the Council as registration authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the later date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

WEST SUFFOLK COUNTY COUNCIL

COMMON LAND AND TOWN OR VILLAGE GREENS

Provisional Registrations and how to object to them *Registrations*

The first period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land

ended on 30th June 1968.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations so far made, are available for inspection free of charge at the Council's office at The Shire Hall, Bury St. Edmunds, between the hours of 9 a.m. and 5 p.m. on working days. A table giving brief information about these registrations is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area.

The second registration period began on 1st July 1968 and will end on 2nd January 1970. During this second period, applications may be made for the registration of land as common land or as a town or village green, of rights of common over such land, and of claims to ownership thereof, but a fee of £5 will normally be payable.

Objections

The period for objecting to registrations made before 1st July 1968 begins on 1st October 1968 and ends on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available from 15th August onwards free and post free from the Council at The Shire Hall, Bury St. Edmunds, and must reach the Council as registration authority at the above address not earlier than 1st October 1968 nor later than 30th September 1970. After the latter date there will be no further opportunity for objecting to registrations made before 1st July 1968; those which are not effectively objected to will become final and definitive. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Objections to registrations made after 30th June 1968 may not be made yet; information about this will be published shortly before 1st May 1970, the earliest date for lodging objections. Registrations are independent of each other so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter

date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Dated 4th September 1968.

Alan F. Skinner, Clerk of the Registration Authority.
