SCHEDULE OF ALTERATIONS TO LEE CONSERVANCY CATCHMENT BOARD CHARGING SCHEME

In paragraph 3: delete the last two lines from "be operative . . ." to ". . . that period" and substitute the following:

"be operative for less than the whole of that year. When this is the case, the relevant quantity shall be taken to be the maximum quantity authorised by the licence for abstraction in the period for which the licence is operative within the financial year, or, if no such quantity is authorised by the licence, a quantity bearing the same proportion to the annual maximum quantity authorised by the licence as the number of days on which abstraction is permitted in the period for which the licence is operative within the financial year bears to the number of days on which abstraction is permitted in a full licence year.

If after the end of the financial year or the earlier termination of the licence it is shown that by reason of circumstances arising in the course of the year the charge finally due in that year differs from the charge as initially calculated (whether because the maximum quantity authorised by the licence for abstraction in that year differed from the maximum annual quantity indicated by the licence at the beginning of the year, or because the licence terminated or continued in force otherwise than as so indicated, or because the licence was varied in some other respect) the requisite adjustment in the amount of the charge for that year shall be made either by taking the difference between the charge as initially calculated and the charge found to be finally due into account in the calculation of the charged for the next, or a subsequent financial year,

or in such other manner (including the payment of an appropriate sum) as may be suitable in the circumstances of the particular case".

In paragraph 7: delete all the words after "provided that" and substitute the following:

"(a) where charges due on the 1st day of April amount to £200 or more, payment may be made by four equal instalments in advance on that day, the 1st day of July, the 1st day of October and the 1st day of January next following;

(b) without prejudice to the provisions of (a) above the Board may in any case accept payment by instalments subject to such terms as they consider appropriate;

(c) in the case of supplementary charges payable under section 63 (2) (b) of the Act, payment shall be made on the date specified in the agreement made under the said section 63".

In Schedule A: reduced by 50 per cent. all the factors relating to spray irrigation to read as follows in the respective columns headed "Spray Irrigation" namely:
