PRICES AND INCOMES ACT 1966

REFERENCE TO THE NATIONAL BOARD FOR PRICES AND INCOMES

Steel Prices

As stated by the Prime Minister in September 1967, the Government has decided to refer all major price increases in the nationalised industries to the National Board for Prices and Incomes.

The British Steel Corporation have consulted the Minister of Power about proposals for a new price structure, and new price levels, for iron and steel products produced by the nationalised steel industry. These changes would also have repercussions on the private sector of the industry, as both customer of, and competitor with, the nationalised sector, and it is understood that private sector companies may wish to make increases in their prices.

Accordingly, in pursuance of powers under section 2 of the Prices and Incomes Act 1966, the First Secretary of State and Secretary of State for Employment and Productivity, and the Minister of Power hereby refer the Corporation's proposals to the Board for examination against the background of the Government's policies for nationalised industries as set out in Cmnd. 3437, and taking into account the effect of those proposals on the U.K. steel industry as a whole. The Board is also requested to advise whether and to what extent it would be appropriate for the private sector companies simultaneously to align their prices with any new prices introduced by the Corporation.
