The First Secretary and Secretary of State for Employment and Productivity hereby gives notice that on 1st April 1970 she made the Abrasive Wheels Regulations 1970 under powers contained in the Factories Act 1961. These Regulations impose requirements in relation to abrasive wheels used in factories and in other premises and places to which the Factories Act 1961 applies. As respects abrasive wheels, the Regulations are in substitution for section 14 (1) of the Factories Act 1961, for Regulation 67 (2) of the Shipbuilding and Ship-repairing Regulations 1960 and for Regulation 42 of the Construction (General Provisions) Regulations 1961 (all of which require that dangerous parts of machinery shall be securely fenced).

The Regulations provide for the maximum permissible speeds of abrasive wheels to be specified and for the control of such speeds; for the proper mounting of abrasive wheels; for the training and appointment of persons permitted to mount abrasive wheels; for the provision and maintenance of guards and protection flanges for abrasive wheels; for the controls to be provided for machines in which abrasive wheels are used; for the securing and adjustment of rests for workpieces at abrasive wheels; for the affixing of cautionary notices as to the dangers from the use of abrasive wheels and the precautions to be observed; and for the condition of floors where there are machines on which abrasive wheels are mounted.

The Regulations also prohibit the sale or letting on hire for use in a factory of certain abrasive wheels which are not marked with their maximum permissible speeds and of certain machines on which abrasive wheels are or are intended to be mounted to which the notice as to working speeds is not affixed as required by the Regulations.

**COMMONS REGISTRATION ACT  
1965**

**NEWCASTLE UPON TYNE COUNTY  
BOROUGH COUNCIL**

COMMONS REGISTRATION ACT 1965

*Common Land and Town or Village Greens  
Provisional Registrations and how to Object to Them  
Registrations*

The second and last period for application for the registration under the above Act of:

- (a) land which is common land or a town or village green;
- (b) rights of common over such land; and
- (c) persons claiming to be owners of such land

ended on 2nd January 1970.

The Council is the registration authority for the registration area of which particulars are given (at Annex A) below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations made under the Act, and notes of all objections so far made are available for inspection free of charge at the Council's office at the City Legal Adviser's Department, Civic Centre, Barras Bridge, Newcastle upon Tyne, NE99 2BM, between the hours of 8.15 a.m. to 6.15 p.m. on Monday and 8.15 a.m.—4.30 p.m.

on Tuesday to Friday. A table giving brief information about registrations made after 30th June 1968 is at Annex B below.

#### Objections

The period for objecting to registrations made after 30th June 1968 begins on 1st May 1970 and ends on 31st July 1972. The period for objecting to registrations made before 1st July 1968 is now running and will end on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available free and post free from the Council at the City Legal Adviser's Department, Civic Centre, Barras Bridge, Newcastle upon Tyne, NE99 2BM and must reach the Council as registration authority at the above address:

(a) in the case of an objection to a registration made before 1st July 1968, not later than 30th September 1970; and

(b) in the case of an objection to a registration made after 30th June 1968, not earlier than 1st May 1970 nor later than 31st July 1972.

Registrations are independent of each other, so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Cyril R. Ward, City Legal Adviser.

Dated 1st April 1970.
