COMMONS REGISTRATION ACT

COVENTRY CITY COUNCIL

COMMONS REGISTRATION ACT, 1965

*Common Land and Town or Village Greens**Provisional Registrations and how to object to them Registrations*

Notice is hereby given that the second and last period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land

ended on 2nd January 1970, but the Council as registration authority for the registration area of which particulars are given below had until 31st July 1970 to complete the compilation of its registers.

The Register of Common Land and the Register of Town or Village Greens for this registration area of the Council, containing all registrations and notes of objections so far made are available for inspection free of charge at the Council's Office, at the Council House, Earl Street, Coventry, between the hours of 8.30 a.m. and 5 p.m. on working days.

Objections

The period for objecting to registrations made after 30th June 1968, began on 1st May 1970 and ends 31st July 1972. Every objection must be made in writing on the special form of objection

(CR Form 26) available free and post free from the Council at the address given in the preceding paragraph and must reach the Council as registration authority at that address not later than 31st July 1972.

Registrations are independent of each other, so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970, will become final and definitive on the latter date but if registrations of rights over that land or claims to ownership thereof are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Every objection which is not rejected is noted on the register as soon as possible after receipt and

particulars are sent by the registration authority to the person (if any) on whose application the registration was made and to certain other persons directly interested in the registration.

The noting of an objection on the register does not mean that it is officially admitted to be correct and it has no immediate effect on the registration. The effect is that unless the registration is cancelled or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

COMMONS REGISTRATION ACT 1965

Common Land and Town or Village Greens:

Provisional Registrations and how to object to them

Registrations

Notice is hereby given that the second and last period for applications for the registration under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land, and
- (c) persons claiming to be owners of such land

ended on 2nd January 1970.

The Council is the registration authority for the registration area of which particulars are given below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations made under the Act, and notes of all objections so far made, are available for inspection free of charge at the Council's offices at County Hall, Chichester, between the hours of 10 a.m. and 4 p.m. on working days. A table giving brief information about these registrations made after 30th June 1968 is given below. In addition, each local authority other than the Council has available for inspection copies of all registrations affecting land in its own area and copies of register entries of all objections so far made affecting such land.

Objections

The period for objecting to registrations made after 30th June 1968, began on 1st May 1970, and ends on 31st July 1972. The period for objecting to registrations made before 1st July 1968, is now running and will end on 30th September 1970. Every objection must be made in writing on the special form of objection (C.R. form 26) available free and post free from the Council at County Hall, Chichester, and must reach the Council as registration authority at the above address—

- (a) in the case of an objection to a registration made before 1st July 1968, not later than 30th September 1970, and
- (b) in the case of an objection to a registration made after 30th June 1968, not later than 31st July 1972.

Registrations are independent of each other, so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, will become final and definitive on the latter date, but if registration of rights over that land, or claims to ownership thereof, are made after 30th June 1968, objections to such registrations can be made in the second objection period.

Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.
