ended on the 2nd January, 1970.

The Council is the Registration Authority for the registration area of which particulars are given at Annexe A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations made under the Act and notes of all objections so far made, are available for inspection free of charge at the Council's Office at County Hall, Kingston upon Thames (Room B.26) between the hours of 9 a.m. and 5 p.m. on working days. A table giving brief information about registrations made after the 30th June 1968 is at Annexe B below. In addition, each local authority other than the Council has available for inspection copies of registrations affecting land in its own area and copies of register entries of all objections so far made affecting such land.

Objections

The period for objecting to registrations made after 30th June 1968 began on the 1st May 1970, and ends on the 31st July 1972. The period for objecting to registrations made before 1st July 1968 ended on 30th September 1970. Every objection must be made in writing on the special form of objection (CR. Form No. 26) available free and post free from the Council at County Hall, Kingston upon Thames, and must reach the Council as Registration Authority at the above address not later than the 31st July 1972.

Registrations are independent of each other, so that, for example, a registration of land as common land made before 1st July 1968, and not objected to before 1st October 1970, became final and definitive on the latter date, but if registrations of right over that land, or claims to ownership thereof, are made after the 30th June 1968, objections to such registrations can be made in the second objection period.

Every objection which is not rejected is noted on the Register as soon as possible after receipt and particulars are sent by the Registration Authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objection are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for a decision.

W. W. Ruff, Clerk of the Surrey County Council.

County Hall,
Kingston upon Thames.

Dated 1st October 1970.
