COMMONS REGISTRATION ACT

FLINTSHIRE COUNTY COUNCIL

COMMONS REGISTRATION ACT 1965

Common Land and Town or Village Greens:

Provisional Registrations and how to object to them

Registrations

The second and last period for applications for the registrations under the above Act of—

- (a) land which is common land or a town or village green;
- (b) rights of common over such land; and
- (c) persons claiming to be owners of such land

ended on 2nd January 1970.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations made under the Act and notes of all objections so far made are available for inspection free of charge at the Council's Office at Shire Hall, Mold, between the hours of 10 a.m. and 4 p.m. on working days. A table giving brief information about registrations made after 30th June 1968 is at Annex B below. In addition each local authority other than the Council, and each Parish Council, has available for inspection copies of all registrations affecting land in its own area and copies of register entries of all objections so far made affecting such land.

Objections

The period for objecting to registrations made after 30th June 1968 began on 1st May 1970 and ends on 31st July 1972. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available free and post free from the Council at Shire Hall, Mold, and must reach the Council as registration authority at the above address not later than 31st July 1972. Registrations are independent of each other so that, for example a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will have become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the objection period now current. Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the Registration Authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition, copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that, unless the registration is cancelled, or the objector withdraws his objection, the matter will be referred to a Commons Commissioner for decision.

Dated 5th October 1970.

T. M. Haydn Rees, Clerk of the County Council.

PEMBROKESHIRE COUNTY COUNCIL

COMMONS REGISTRATION ACT, 1965

Common Land and Town or Village Greens

Provisional Registrations and How to Object to them

Registrations
The second and last period for applications for the registration under the above Act of:

- (a) Land which is common land or a town or village green;
(b) Rights of common over such land; and
(c) Persons claiming to be owners of such land ended on 2nd January 1970.

The Council is the registration authority for the registration area of which particulars are given at Annex A below. The Register of Common Land and the Register of Town or Village Greens for this registration area, containing all registrations made under the Act, and notes of all objections so far made, are available for inspection free of charge at the Council's office at the County Offices, Haverfordwest, between the hours of 9 a.m. and 6 p.m. on Mondays and 9 a.m. and 5.30 p.m., Tuesday to Friday. A table giving brief information about registrations made after 30th June 1968 is at Annex B below. In addition, each local authority other than the Council has available for inspection copies of all registrations affecting land in its own area and copies of register entries of all objections so far made affecting such land.

Objections

The period for objecting to registrations made after 30th June 1968 began on 1st May 1970 and ends on 31st July 1972. Every objection must be made in writing on the special form of objection (C.R. Form No. 26) available free and post free from the Council at the County Offices, Haverfordwest, and must reach the Council as registration authority at the above address.

Registrations are independent of each other, so that, for example, a registration of land as common land made before 1st July 1968 and not objected to before 1st October 1970 will become final and definitive on the latter date, but if registrations of rights over that land, or claims to ownership thereof, are made after 30th June 1968 objections to such registrations can be made in the second objection period.

Every objection which is not rejected is noted on the register as soon as possible after receipt, and particulars are sent by the registration authority to the person (if any) on whose application the registration was made, and to certain other persons directly interested in the registration. In addition copies of register entries of objections are sent to local authorities holding copies of the registrations to which they relate.

The noting of an objection on the register does not mean that it is officially admitted to be correct, and it has no immediate effect on the registration. The effect is that unless the registration is cancelled, or the objector withdraws his objection the matter will be referred to a Commons Commissioner for decision.

Dated 31st October 1970.

H. Louis Underwood, Clerk of the County Council.

In broad terms the boundary of the Conservation Area includes the whole of the village with the southern boundary following the property boundaries of the premises on the south side of Manor Close. The boundary continues in an easterly direction to include only the gardens of Teversal Manor, which are still maintained, the outbuildings of Manor Farm, the farmhouse itself and the woodland area adjoining to the east.

The boundary then crosses Buttery Lane and follows the northern highway boundary of that road until turning south, around the bend and then almost immediately, due west along the northern property boundaries of the old orchard and Teversal Farm to the Pleasley Road. The boundary then follows the eastern highway boundary northwards so as to incorporate the converted old School House.

The western boundary then follows the property boundary of The Elms, the Grange Farm outbuildings, the Grange, the new bungalow and Hillcroft Farm (excluding any outbuildings) before crossing the "man" road and rejoining the southern boundary of the Conservation Area as previously outlined.
