A copy of the proposals and accompanying plan may be inspected free of charge at the offices of the Rochdale Effluent Treatment Works of the Authority at Roch Mills, Roch Valley Way, Sudden, Rochdale at all reasonable hours during the period beginning on 19th March 1975, and ending on 17th April 1975.

NORTH-WEST WATER AUTHORITY

Notice of Intended Variation of Compensation Water—Longdendale Reservoirs

Notice is hereby given that the Authority intend to vary under the powers contained in section 42 (2), section 48 and section 52 of the Water Resources Act, 1963, the

authorisation under the provisions of the Manchester Corporation Waterworks Acts for the obstruction or impeding of the flow of the River Etherow, by means of impounding works known as the Longdendale Reservoirs.

The compensation water at present discharged from Longdendale Reservoirs in accordance with the provisions of section 5 of the Manchester Corporation Act, 1954 is a quantity of water equal in the whole to 70 million gallons per week discharged in a uniform flow during specified hours. The times of discharge can be varied by agreement between the occupiers of specified mills and works and the Authority. The water is at present discharged in a uniform flow at the rate of 10 million gallons per day. It is intended to modify this provision by varying the compensation flow arrangements for a trial period of five years, so that the quantity of water to be discharged from the Longdendale Reservoirs shall be such amounts not being less than 23 megalitres (5 million gallons) per day nor more than 45 megalitres (10 million gallons) per day in accordance with the following requirements:

1. When the flow at Melandra Gauging Station on the River Etherow, excluding the compensation flows from the Longdendale Reservoirs, is greater than 23 megalitres (5 million gallons) per day, the compensation releases shall be such as to maintain a total flow of not less than 68 megalitres (15 million gallons) in each day at the Melandra Gauging Station.
2. When the flow at the Melandra Gauging Station on the River Etherow, excluding the compensation flows from the Longdendale Reservoir is less than 23 megalitres (5 million gallons) per day the compensation releases shall be 45 megalitres (10 million gallons) in each day.

The effect of the variation in the compensation flow provisions would be that during dry periods, river flows would be the same as at present, but that during periods of higher natural river flows, it would be possible to reduce the quantities discharged and thereby increase the amount available for water supply in the Manchester area.

A copy of the proposed variation and supporting documents can be inspected at either the head office of the Manchester Water Supply Unit of the Authority at P.O. Box 107, Town Hall, Manchester M60 2JU or the Longdendale Headworks Offices, the Bottoms Office of that Unit at Tintwistle, Hadfield, Hyde, Cheshire, free of charge, at all reasonable hours, during the period 21st March 1975, to 18th April 1975.

Any persons who wish to make representations regarding the proposed variation should do so in writing to the Manager of the Mersey and Weaver River Unit of the North-West Water Authority at P.O. Box 12, Liverpool Road, Great Sankey, Warrington before the end of the said period.

After the expiration of the said period, the Authority will be entitled to pass a resolution authorising the variation unless the Secretary of State for the Environment either in consequence of any representations made with respect to the proposals or otherwise requires application for the variation to be made to him.

Manager, Mersey and Weaver River Unit.

Great Sankey, Warrington. (744)

Trees already included in Tree Preservation Orders are not subject to this procedure but are subject instead to the more stringent requirements of the Order concerned.

MISCELLANEOUS

EUROPEAN PROFILES LIMITED

The Petition for winding up the Company which was advertised on 13th March 1975 was based on a debt said to be owing by the Company to the Petitioner. In fact that debt had already been paid before presentation of the Petition. So the Petition should never have been presented and was entirely without foundation. The Petitioner accepts this and has agreed so far as it is concerned that the Petition will be dismissed with costs on 14th April 1975.

Notice is hereby given that the Estates of Frederick John Corsie, Hotelier, residing at the Rosely Hotel by Arbroath, were sequestrated on 13th March 1975 by the Sheriff of Tayside Central and Fife at Arbroath.
