WEDNESDAY, 19TH NOVEMBER 1975

POST OFFICE

SCHEME T7/1975

NOTE: The Scheme which follows this Note has been made under section 28 of the Post Office Act 1969 and will come into operation on the 1st December 1975 when it will replace:

(*a*) the Post Office Telex Scheme 1971 (Post Office Scheme T2/1971);
(*b*) the Post Office Telex Amendment (No. 1) Scheme 1972 (Post Office Scheme T4/1972);
(*c*) the Post Office Telex Amendment (No. 2A) Scheme 1973 (Post Office Scheme T2A/1973);
(*d*) the Post Office Telex Amendment (No. 3) Scheme 1974 (Post Office Scheme T2/1974);
(*e*) the Post Office Telex Amendment (No. 4) Scheme 1975 (Post Office Scheme T3/1975); and
(*f*) the Post Office Telex Amendment (No. 5) Scheme 1975 (Post Office Scheme T5/1975).

The new Scheme consolidates the provisions of the above-mentioned schemes and in addition deals comprehensively with the charges, terms and conditions relating to telex service. It will enable telex service to be provided for subscribers under the Scheme without an agreement but does not preclude the provision of service wholly or partly under agreement in special cases.

(This Note is not part of the Scheme)

THE POST OFFICE TELEX SCHEME 1975

Made - - - - 10*th October* 1975
Coming into operation - 1*st December* 1975

ARRANGEMENT OF PARAGRAPHS

PART I

1. Commencement, citation and extent.
2. Revocation and transitional provisions.
3. Interpretation.

PART II

PROVISION OF TELEX SERVICE, EQUIPMENT AND APPARATUS

4. Application of Part II.
5. Provision of telex service.
6. Method of application and contents of application form.
7. Special terms and conditions.
8. Termination of service by notice.
9. Premature cesser of service.
10. Cancellation of application for service.

PART III

RENTALS

11. Application of Part III.
12. Rental for installations.
13. Variation of rental fixed by the Post Office.

PART IV

NON-PERIODIC CHARGES

14. Application of Part IV.
15. Connection charge.
16. Special construction.
17. Removals and changes of apparatus.
18. Charges for outside normal hours repair work.

PART V

CALL CHARGES

19. Inland call charges.
20. Charges for calls to the Republic of Ireland.
21. Charges for calls to the Channel Islands.
22. Charges for international and other calls.
23. Call offices.
24. Reduction of call charges at certain times.
25. Limit of user.

PART VI

SERVICES AND FACILITIES

26. General.
27. Temporary disconnection at subscriber's request.
28. Charges for services relating to international calls.
29. Advice of duration and charge.
30. Messages for further transmission by the public telegraph system.
31. Messages for further transmission by telex.
32. Additional particulars of calls.

PART VII

GENERAL CONDITIONS OF SERVICE TO SUBSCRIBERS

33. Application of Part VII.
34. General powers of the Post Office.
35. Power to require security.
36. Charges payable by subscribers.
37. Value Added Tax.
38. Default by subscribers.
39. Subscriber's responsibility for installation.
40. Permission to enter property.
41. Attachments etc.
42. Paper and ink ribbons.
43. Subscriber not to assign service or agreement.
44. Supply of electricity.
45. Telex directories.

PART VIII

GENERAL

46. Calculation of rentals.
47. Measurement of length of lines.
48. Remission of charges.
49. Service of notices etc.
50. Misuse of the telex system.
51. Consent or approval of the Post Office.
52. Construction.

SCHEDULE 1. Rentals and connection charges.

SCHEDULE 2. Miscellaneous charges.

SCHEDULE 3. Inland call charges.

SCHEDULE 4. Charges for calls from a sending station within the United Kingdom or the Isle of Man to a receiving station in the Republic of Ireland.

SCHEDULE 5. Charges for calls from a sending station in the United Kingdom or the Isle of Man to a receiving station in the Channel Islands.

SCHEDULE 6. Miscellaneous call charges.

The Post Office, by virtue of the powers conferred upon it by section 28 of the Post Office Act 1969, and of all other powers enabling it in this behalf, hereby makes the following Scheme:

PART I

Commencement, Citation and Extent

1.—(1) This Scheme shall come into operation on the 1st December 1975 and may be cited as the Post Office Telex Scheme 1975.

(2) This Scheme shall apply and extend to the United Kingdom and the Isle of Man.

Revocation and transitional provisions

2.—(1) The following schemes are hereby revoked:

The Post Office Telex Scheme 1971 (Post Office Scheme T2/1971);
The Post Office Telex Amendment (No. 1) Scheme 1972 (Post Office Scheme T4/1972);
The Post Office Telex Amendment (No. 2A) Scheme 1973 (Post Office Scheme T2A/1973);
The Post Office Telex Amendment (No. 3) Scheme 1974 (Post Office Scheme T2/1974);
The Post Office Telex Amendment (No. 4) Scheme 1975 (Post Office Scheme T3/1975); and
The Post Office Telex Amendment (No. 5) Scheme 1975 (Post Office Scheme T5/1975).

(2) Any charges for calls, services and facilities which have been fixed by the Post Office under the schemes hereby revoked and which are in force immediately before this Scheme comes into operation shall continue in force as if they had been fixed under this Scheme.

(3) In the case of any subscriber who, at the date on which this Scheme comes into operation, is either being provided with telex service under an agreement or has entered into an agreement with the Post Office for telex service to be provided the following provisions shall apply.

(4) If, in such a case as is referred to in sub-paragraph (3):

(*a*) the subscriber's agreement determines after the said day by virtue of notice given under the agreement by the Post Office before, on or after that date (not being a notice given under paragraph 38);

(*b*) with the said notice determining the agreement the Post Office sent a written statement that the Post Office was prepared to provide service after the determination of the agreement under and in accordance with the provisions of this Scheme (or any scheme replacing it) by means of the installation specified in the agreement; and

(*c*) after the determination of the agreement, the said installation remains available for use in the former subscriber's premises, and is in fact used,

then the provisions of this Scheme shall apply after the determination of the agreement in relation to the installation and all service provided thereby, and to the person who was the subscriber under the agreement, as if telex service by means of the installation had been first provided under this Scheme immediately after such determination in pursuance of an application in that behalf made by that person;

Provided that:

(i) no charge shall be payable under paragraphs 15 and 16 in relation to the installation by virtue of this sub-paragraph;

(ii) the Post Office shall not determine in relation to the installation any period as the minimum period of service for the purpose of paragraph 9, but if the agreement contained a provision that the subscriber should not determine it before the expiration of a specified initial period (or should not so determine it except after service by the Post Office of a notice increasing the rental payable thereunder) and the agreement determined during that period, paragraph 9 of this Scheme shall have effect in relation to the installation as if the minimum period of service for the purposes of that paragraph were a period beginning immediately after the agreement determined and ending at the time when such specified initial period would have expired had the agreement remained in force beyond that initial period.

(5) Sub-paragraph (4) shall have effect subject and without prejudice to any written application for the provision of telex service (including an application for any addition to, or change of, the installation) made by the subscriber before the determination of the agreement or after such determination but before the installation is first used thereafter.

Interpretation

3.—(1) In this Scheme, except so far as the contrary is provided or the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them:

" agreement " means an agreement between the Post Office and any person for or relating to the provision of telex service;

" the British Islands " means the United Kingdom, the Channel Islands, and the Isle of Man;

" call " means the establishment of means of communication for the purpose of telex service;

" call office " means a teleprinter or other sending and receiving apparatus (not being part of an installation) which is made available by the Post Office to the public for the purpose of telex service;

" change of apparatus " means the substitution for any equipment or apparatus provided for a subscriber of any other equipment or apparatus;

" external removal " means any removal of equipment or apparatus provided for a subscriber from one position to another, other than an internal removal;

" inland call " means a call made from a sending station within the United Kingdom or the Isle of Man to a receiving station within the United Kingdom or the Isle of Man;

" installation " means a telex line and the teleprinter or other sending and receiving apparatus and the equipment associated therewith which are provided by the Post Office for a subscriber for the purpose of telex service;

" internal removal " means the removal of any equipment or apparatus provided for a subscriber from one position to another position within the same building, being positions between which there is some means of access wholly within the building, and for the purpose of this definition where there is between separate buildings a tunnel or covered bridge which in the opinion of the Post Office is large enough for use by pedestrian traffic such buildings and such tunnel or bridge shall all be treated as being one building;

" message " includes any form of information or signals;

" minimum period of service " has the meaning assigned to it by paragraph 9;

" receiving station ", in relation to a call, means the teleprinter or other receiving apparatus and the equipment associated therewith to which the call is made;

" rental " means any charge in respect of an installation which is fixed by or under this Scheme or by an agreement as the case may be and is payable periodically;

" sending station ", in relation to a call, means the teleprinter or other sending apparatus and the equipment associated therewith whereby the call is originated;

" subscriber " means a person on whose application the Post Office provides telex service by means of an installation under this Scheme or under an agreement, and includes where the context so requires an applicant for telex service which is to be provided by means of an installation under this Scheme, and also includes the personal representatives of a deceased subscriber;

" subscriber's premises " means any premises in or on which any part of an installation is situated, being premises in the possession or occupation or under the control of the person who is the subscriber in respect of the installation or of a person for whose use the installation is provided;

" telegraphic line " means a telegraphic line as defined in the Telegraph Act 1878;

" telex area ", in relation to a sending station or a receiving station, means such area as the Post Office may determine, being an area within which that station is situate;

" telex centre ", in relation to a sending station or a receiving station, means such point within the telex area of that station as the Post Office may determine for the purpose of the provisions of this Scheme as to call charges;

" telex exchange " means switching equipment and apparatus operated by the Post Office and forming part of the public telex exchange system provided by the Post Office;

" telex line " means a circuit provided as part of an installation for the purpose of connecting that installation with a telex exchange;

" telex service " means a service whereby messages (other than spoken messages) may be sent directly between the sender and the recipient through the public telex exchange system under the control of the Post Office.

(2) In this Scheme, except so far as the contrary is provided or the context otherwise requires, references to anything being or having been done by or under this Scheme or any of the paragraphs thereof shall be construed as including references to that thing being or having been done by or under any previous Telex Regulations or Schemes or by or under the corresponding regulation or paragraph therein.

(3) The Interpretation Act 1889 applies for the interpretation of this Scheme as it applies for the interpretation of an Act of Parliament and as if this Scheme and the schemes hereby revoked were Acts of Parliament.

(4) Any reference in this Scheme to, or to any provision of, any enactment or scheme shall be construed, unless the context otherwise requires, as a reference to such enactment or scheme or such provision thereof, as amended, re-enacted or replaced, whether before or after the commencement of this Scheme, by any other subsequent enactment or scheme.

(5) Any reference in any regulations or scheme to the provisions of any scheme revoked by this Scheme shall be construed, unless the context otherwise requires, as a reference to the corresponding provisions of this Scheme.

PART II

PROVISION OF TELEX SERVICE, EQUIPMENT AND APPARATUS

Application of Part II

4. This part of this Scheme applies to the provision by the Post Office of telex service, not being telex service provided under an agreement.

Provision of telex service

5. Telex service shall be provided by means of an installation consisting of such equipment and apparatus as the Post Office from time to time considers appropriate, regard being had to the subscriber's requirements and the interests of the public telex system as a whole.

Method of application and contents of application form

6.—(1) Application for telex service to be provided, or for the installation provided to be altered or removed, or for equipment or apparatus to be added thereto or taken therefrom, shall if the Post Office so requires be made on a form furnished by it and signed by the subscriber.

(2) The Post Office may include in an application form furnished by it under sub-paragraph (1):

(*a*) a statement of the component parts of the installation which is to be provided by it, or of the component parts which are to be added to or taken from the installation already provided by it in pursuance of the application;

(*b*) a statement of the current rate or amount of any rental or other charges which are to be paid in respect of the component parts of the installation and are fixed by this Scheme; and

(*c*) statements of such other matters as the Post Office thinks expedient.

(3) The Post Office shall notify the subscriber, either in the relative application form or by other notice in writing, of the rate or amount of any rental or other charges which are to be paid in respect of the component parts of the installation and are fixed by the Post Office under this Scheme.

Special terms and conditions

7. Where the circumstances are such that the Post Office considers that any special terms or conditions should apply for the prevention of injury to persons or for the protection of an installation or of any other equipment or apparatus of the Post Office, or in order to restrict the use of the installation or any part thereof to the purposes for which it was designed, the Post Office may from time to time determine such terms or conditions and notify the subscriber of those terms or conditions either in the relative application form (when such a form is furnished by the Post Office under paragraph 6 for signature by the subscriber) or by other notice in writing, and such terms or conditions shall apply in relation to the telex service provided under the Scheme by means of the installation.

Termination of service by notice

8.—(1) Subject to the provisions of this Scheme, at any time after an installation has been connected for use:

(*a*) the Post Office may, after giving to the subscriber at least one month's previous notice in writing of its intention so to do, cease to provide telex service by means of the installation; or

(*b*) the subscriber may, by giving at least 7 days' previous notice in writing, require the Post Office to cease to provide telex service by means of the installation.

(2) If the Post Office gives a notice under sub-paragraph (1), the liability of the subscriber to pay rental in respect of the installation shall cease on the expiration of the notice, without prejudice to any liability of his which has previously accrued. If the subscriber gives a notice under sub-paragraph (1), his liability to pay rental in respect of the installation shall cease on the expiration of 7 days from the date on which the Post Office receives the notice, or on expiration of the notice, whichever is the later, without prejudice to any liability of the subscriber which has previously accrued or which may arise under paragraph 9.

(3) This paragraph shall not relieve the subscriber from liability to pay rental in respect of the installation for any period during which the Post Office, after giving or receiving a notice under sub-paragraph (1), continues at the request of the subscriber to provide telex service by means of the installation.

(4) The Post Office shall repay to the subscriber or allow him in account the appropriate proportion of any rental paid in advance in respect of a period ending after the date on which his liability to pay rental ceases by virtue of this paragraph.

(5) In this paragraph the word "installation" means in a case where the circumstances so require equipment or apparatus forming part of an installation.

(6) This paragraph shall have effect subject to paragraph 46.

(7) If it appears to the Post Office that the subscriber has ceased to be in possession, occupation or control of the premises where an installation is situated and has failed to give notice to the Post Office requiring it to cease to provide telex service by means of the installation, the Post Office may regard the installation as if it were an installation in respect of which the subscriber had given notice under sub-paragraph (1)(*b*) and shall have the same rights in relation to the subscriber and to the installation as if the said notice had been given.

Premature cesser of service

9.—(1) The Post Office may for the purpose of this paragraph determine in respect of any installation a period (in this Scheme referred to as "the minimum period of service"), beginning with the day on which the installation was connected for use, and shall notify the subscriber thereof either in the relative application form furnished by the Post Office under paragraph 6 or by other notice in writing.

(2) Where, after an installation has been connected for use, it ceases to be provided before the expiration of the minimum period of service as a result of a notice given by the subscriber in accordance with paragraph 8 or paragraph 17(3), or otherwise at the instance of the subscriber, he shall pay on such cesser, towards recompensing the Post Office for loss of revenue by way of charges in respect of the provision of the installation, such sum (if any) as may be assessed by the Post Office in accordance with the following provisions of this paragraph:

Provided that such sum shall not be payable where the installation ceases to be provided as a result of a notice given by the subscriber to the Post Office in consequence of an increase in the rate of rental payable in respect of the installation by virtue of paragraph 12, being a notice given before or within fourteen days after the date on which the increase takes effect or is due to take effect.

(3) Such sum shall not exceed the amount of rental which would have been payable for the installation in respect of the period from the date when the installation ceases to be provided to the end of the minimum period of service, if the installation had been provided for the whole of the first mentioned period and if the rates of rental applicable to the installation at the time when it ceased to be provided had remained unchanged to the end of that period; and in assessing the said sum the Post Office shall make such allowance (if any) as it may consider reasonable for any use which it is able to make of the work done in installing the equipment and apparatus comprised in the installation, and of the equipment and apparatus, for the purpose of providing at the same premises telex service for any person other than the subscriber.

(4) Nothing in this paragraph shall prevent the Post Office from ceasing to provide telex service by means of the installation under paragraph 8 or under paragraph 34, or from temporarily disconnecting the installation or terminating such service under paragraph 38 or paragraph 50 before the expiration of the minimum period of service.

(5) In the foregoing sub-paragraphs of this paragraph the word " installation " means in a case where the circumstances so require equipment or apparatus forming part of an installation.

(6) Where at the request of the subscriber equipment or apparatus is added to an installation, the Post Office may at its discretion either determine a minimum period of service in respect of only the added equipment or apparatus (including any additional or substituted switching equipment which the Post Office considers it necessary or desirable to provide in consequence), or determine a fresh minimum period of service in respect of the whole installation including the added equipment or apparatus and any such switching equipment.

Cancellation of application for service

10. Where work done by the Post Office for the purpose of installing equipment or apparatus for the benefit of a subscriber is rendered abortive for that purpose before the connection of the equipment or apparatus for use by the cancellation of the application or in consequence of anything done, omitted, permitted, or suffered by the subscriber, he shall pay such charge as the Post Office may fix. This charge shall not exceed the total amount which would have been payable by way of connection charges and rental for the minimum period of service in respect of the equipment or apparatus if it had been connected for use and provided for the whole of that period and if the rates of rental specified in the application form in respect of it, or otherwise notified to the subscriber before the work was begun, had been applicable to the installation during the whole of that period. In assessing the said charge the Post Office shall make such allowance (if any) as it may consider reasonable for any use which it is able to make of the said work.

PART III
RENTALS

Application of Part III

11. This part of this Scheme applies to installations provided by the Post Office otherwise than under an agreement.

Rental for installations

12.—(1) The subscriber shall pay in respect of an installation rental at the rate applicable under the following provisions of this paragraph.

(2) The rate of rental in respect of an installation shall be the total of the rental rates which, in respect of each component part thereof, are either specified in Schedule 1 or are fixed by the Post Office as hereinafter provided.

(3) Provided that where:

(*a*) no rate is specified in the Schedule in respect of the installation or a particular component part of the installation, or

(*b*) the Post Office considers that, in order to meet the subscriber's requirements, it is necessary for the installation or any component part thereof to consist of non-standard equipment or apparatus or to be constructed by non-standard or exceptionally expensive methods of construction, or

(*c*) the subscriber requires the installation or any component part thereof to be provided for a period of less than one year,

the Post Office may fix the rate of rental in respect of that installation or that component part as the case may be.

Variation of rental fixed by the Post Office

13. The Post Office may from time to time increase or reduce any rate of rental which was fixed under paragraph 12(3) by notice in writing to the subscriber, and such increase or reduction shall take effect on the date specified in the notice, being a date which in the case of an increase of a rate of rental shall be not less than two months after the date of service of the notice.

PART IV

NON-PERIODIC CHARGES

Application of Part IV

14. This part of this Scheme applies in respect of telex service provided by the Post Office under this Scheme or under an agreement:

Provided that where any provision in this part of this Scheme is inconsistent with an agreement the agreement shall prevail.

Connection charge

15.—(1) In the case of each item of equipment or apparatus in respect of which the rate of rental payable in accordance with paragraph 12(2) is a rate specified in Schedule 1, the subscriber shall pay for the installation, connection for use or provision of that item such connection charge as the Post Office may fix not exceeding the maximum specified in Schedule 1 in relation to that item.

(2) In the case of any other item of equipment or apparatus the subscriber shall pay such connection charge as the Post Office may fix.

Special construction

16.—(1) Where at the request of the subscriber any equipment or apparatus or any part thereof provided by the Post Office is of a more expensive type, or of a greater length, or installed in a more expensive manner, than the Post Office having regard to its normal methods of construction considers appropriate, or where at such request the installation or connection for use of any equipment or apparatus is effected wholly or partly outside such hours as the Post Office may from time to time determine to be normal working hours, the subscriber shall pay such charge as the Post Office may fix.

(2) Where the Post Office considers that any equipment or apparatus to be provided by it within the curtilage of the premises at which telex service is or is to be provided will be subject to abnormal risks of damage or depreciation by reason of the presence within that curtilage of electric lines or plant or any inflammable, explosive, dangerous or deleterious substances or things, or by reason of the carrying on of any operations within that curtilage, and accordingly provides equipment or apparatus fitted with special protection against those risks, or of a more expensive type, or of a greater length, or installed in a more expensive manner, than would otherwise have been the case, the subscriber shall if the Post Office so requires pay such charge as the Post Office may fix.

(3) Any charge payable under this paragraph shall be payable in addition to any rental or other charge or sum payable under this Scheme in respect of the equipment or apparatus.

Removals and changes of apparatus

17.—(1) Subject to the following sub-paragraphs, the subscriber shall pay:

(*a*) for the internal removal of any item of equipment or apparatus specified in Part 1 of Schedule 2 such charge as the Post Office shall fix not exceeding the sum specified in relation to that item in Part 1 of Schedule 2;

(*b*) for any other internal removal, and for any external removal, such charge as the Post Office may fix.

(2) Subject as aforesaid, where on the application of the subscriber the Post Office effects a change of apparatus the subscriber shall pay such charge as the Post Office may fix, not exceeding the sum specified in Part 1 of Schedule 2 in respect of each item of equipment or apparatus substituted.

(3) (*a*) In any case in which a subscriber whose telex service is provided under this Scheme applies for any internal or external removal or change of apparatus, the Post Office may if it thinks fit require that the removal or change of apparatus be effected under sub-paragraph (3)(*b*) or sub-paragraph (3)(*c*), instead of under sub-paragraph (1) or sub-paragraph (2); and in that event no charge shall be payable under sub-paragraph (1) or sub-paragraph (2).

(*b*) Where the Post Office requires that the removal or change of apparatus be effected under this sub-paragraph, (3)(*b*), the subscriber shall give notice to the Post Office under paragraph 8 requiring it to cease to provide telex service by means of the whole of the installation concerned, and shall apply under paragraph 6 for telex service to be provided by means of a fresh installation or fresh installations.

(*c*) Where the Post Office requires that the removal or change of apparatus be effected under this sub-paragraph, (3)(*c*), the subscriber shall give notice to the Post Office under paragraph 8 requiring it to cease to

provide telex service by means of the equipment or apparatus which the subscriber wishes to be removed from one position to another or to be substituted by other equipment or apparatus, and shall apply under paragraph 6 for telex service to be provided by means of equipment or apparatus in that other position, or by means of equipment or apparatus substituted for that which was comprised in the said notice, as the case may be.

(*d*) A notice given by the subscriber under sub-paragraph (3)(*b*) or sub-paragraph (3)(*c*) may be expressed to expire on that date on which telex service shall first be provided by means of the fresh or altered installation as the case may be.

(4) In any case in which the Post Office is of the opinion that the cost which it will incur in effecting any removal in respect of which a sum is specified or referred to in Part 1 of Schedule 2 or any change of apparatus, will be exceptionally large, it may give notice to the subscriber accordingly; and if the subscriber then confirms his application and the removal or change of apparatus is effected, the subscriber shall pay such charge as the Post Office may fix instead of a charge fixed under sub-paragraph (1) or a charge prescribed by or fixed under sub-paragraph (2).

(5) Where any charges are payable in respect of an internal or external removal or a change of apparatus under sub-paragraphs (1), (2) or (4) no connection charges shall be payable under paragraph 15 in respect of the removal or the change of apparatus.

(6) If the subscriber cancels an application for an internal or external removal or a change of apparatus before the removal or change has been fully effected and the equipment or apparatus connected for use, the subscriber shall pay such charge as the Post Office may fix.

Charges for outside normal hours repair work

18. If the subscriber requests the Post Office to carry out work to remedy a fault in an installation or any part thereof outside such hours as the Post Office may from time to time determine to be normal working hours, and the Post Office accedes to such request, the subscriber shall pay in respect of any work done outside such hours as aforesaid in remedying or attempting to remedy the fault such charge as the Post Office may fix.

PART V

CALL CHARGES

Inland call charges

19. Subject to the provisions of this Scheme the charges for inland calls shall be as follows:

(*a*) where the inland call is obtained without the assistance of a telex exchange operator, the charge shall be at the rate specified in Table A of Schedule 3 which is appropriate having regard to the description and duration of the call, one charge unit being charged for each period of time (or part of such period) in respect of any one call;

(*b*) where the inland call is obtained with the assistance of a telex exchange operator, the charge shall be at the rate specified in Table B of Schedule 3 which is appropriate having regard to the description and duration of the call.

Charges for calls to the Republic of Ireland

20. Subject to the provisions of this Scheme the charges for calls made from a sending station within the United Kingdom or the Isle of Man to a receiving station in the Republic of Ireland shall be as follows:

(*a*) where the call is obtained without the assistance of a telex exchange operator the charge shall be at the rate specified in Table A of Schedule 4 which is appropriate having regard to the description and duration of the call, one charge unit being charged for each period of time (or part of such period) in respect of any one call;

(*b*) where the call is obtained with the assistance of a telex exchange operator, the charge shall be at the rate specified in Table B of Schedule 4 which is appropriate having regard to the description and duration of the call.

Charges for calls to the Channel Islands

21. Subject to the provisions of this Scheme, the charges for calls made from a sending station within the United Kingdom or the Isle of Man to a receiving station in the Channel Islands shall be as follows:

(*a*) where the call is obtained without the assistance of a telex exchange operator, the charge shall be at the rate specified in Table A of Schedule 5 which is appropriate having regard to the description and duration of the call, one charge unit being charged for each period of time (or part of such period) in respect of any one call;

(*b*) where the call is obtained with the assistance of a telex exchange operator, the charge shall be at the rate specified in Table B of Schedule 5 which is appropriate having regard to the description and duration of the call.

Charges for international and other calls

22. Subject to the provisions of this Scheme the charges for calls which:

(*a*) are made from a sending station within the United Kingdom or the Isle of Man to a receiving station not being situated in the United Kingdom, the Isle of Man, the Channel Islands, the Republic of Ireland, or to a ship or aircraft; or

(*b*) are made from a ship or aircraft registered in any part of the United Kingdom or the Isle of Man or from a sending station for wireless telegraphy on board a ship or aircraft licensed or required to be licensed in that behalf under Section 1 of the Wireless Telegraphy Act 1949, and are transmitted over the first part of the connection to a station for wireless telegraphy maintained and operated by the Post Office on land within the United Kingdom or the Isle of Man;

shall be such as the Post Office may fix.

Call offices

23.—(1) In addition to the charges provided for by paragraphs 19, 20, 21 or 22, there shall be charged for every call which is made from a call office:

(*a*) the sum specified in item 1(*a*) of Schedule 6, and

(*b*) where the call is made with the assistance of a person provided by the Post Office to operate the teleprinter or other sending apparatus, the further sum specified in item 1(*b*) of Schedule 6.

(2) All charges in respect of calls made from a call office and in respect of services rendered at the request of a caller from a call office shall if the Post Office so requires be prepaid by the caller, and otherwise shall be payable by the caller to the Post Office on demand.

Reduction of call charges at certain times

24. Any charges for calls of any description may be reduced at such times or during such periods as the Post Office may from time to time direct.

Limit of user

25. Calls for a period exceeding three minutes may be allowed at the discretion of the Post Office, but no person shall be entitled as of right to continue a call for a period exceeding three minutes.

PART VI

SERVICES AND FACILITIES

General

26.—(1) The services and facilities referred to in this part of this Scheme whether the subscriber's installation is provided under this Scheme or under an agreement may be provided by the Post Office at such times, during such periods, in such circumstances, and by means of such equipment as the Post Office may from time to time consider expedient. The charges, terms and conditions determined by or under this part of this Scheme shall apply to such services and facilities in so far as they are so provided.

(2) The subscriber shall pay the charges specified in Part 2 of Schedule 2 in respect of the services and facilities therein described.

Temporary disconnection at subscriber's request

27.—(1) Telex service provided by means of an installation may be temporarily disconnected at the request of the subscriber or a person using the installation. The subscriber shall pay the charge specified in item 4 of Part 2 of Schedule 2 in respect of each line on each occasion on which such line is so disconnected.

(2) The rental is respect of the installation shall continue to be payable in respect of any period during which the telex service is so disconnected.

(3) Telex service which has been so disconnected may be reconnected without payment of a re-connection charge.

Charges for services relating to international and other calls

28. The charges applicable to any services and facilities provided in relation to calls to which paragraph 22 applies shall be such as the Post Office may fix.

Advice of duration and charge

29.—(1) The Post Office may supply particulars of the duration of or the charge for a call which cannot be obtained otherwise than with the assistance of a telex exchange operator, or of both such duration and charge, on the request of the person who is the subscriber in respect of the sending station or of any other person using that station.

(2) The subscriber shall pay for this service such charge as the Post Office may fix.

Messages for further transmission by the public telegraph system

30.—(1) A telex message may be sent from a sending station within the United Kingdom or the Isle of Man to the appropriate receiving station under the control of the Post Office or of a licensee of the Post Office for further transmission to the addressee as a written telegram.

(2) There shall be paid for this service:

(*a*) the charge payable under this Scheme for the call to the receiving station referred to in sub-paragraph (1) if that station is under the control of a licensee of the Post Office (but not otherwise), and

(*b*) all charges in respect of the telegram which are payable under the schemes applicable thereto.

(3) This facility shall be subject to the provisions of this Scheme and the schemes for the time being in force relating to written telegrams.

Messages for further transmission by telex

31.—(1) A telex message may be sent from a sending station within the United Kingdom or the Isle of Man to the appropriate receiving and sending station under the control of the Post Office for further transmission as a telex message to not less than four other receiving stations within the British Islands.

(2) There shall be paid for this service:

(*a*) the charges which would have been payable under this Scheme for the calls to the other receiving stations if the calls had been made directly thereto from the first mentioned sending station with the assistance of a telex exchange operator, and

(*b*) the sum specified in item 2 of Schedule 6;

but no charge shall be payable for the call to the receiving and sending station under the control of the Post Office.

Additional particulars of calls

32.—(1) Where the Post Office provides or has provided in or with a telex account rendered to a subscriber a statement of the charges for individual calls made with the assistance of the operator from the subscriber's installation the following conditions shall apply.

(2) The Post Office may, at the request of the subscriber, supply in such manner as it considers appropriate, either at the time the account is rendered or subsequently, additional particulars in relation to all or any of the calls or of such matters as it thinks fit.

(3) The subscriber shall pay (except where the Post Office determines that no charge shall be payable) in respect of the supply of additional particulars such charge as the Post Office may fix either generally or in relation to the particular case, provided that the charge shall not exceed the maximum charge specified in item 3 of Schedule 6.

PART VII

GENERAL CONDITIONS OF SERVICE TO SUBSCRIBERS

Application of Part VII

33. This part of this Scheme applies in respect of telex service provided by means of an installation, whether under this Scheme or under an agreement:

Provided that where any provision in this part of this Scheme is inconsistent with an agreement the agreement shall prevail.

General powers of the Post Office

34. Without prejudice to any other power or right of the Post Office it may at its discretion:

(*a*) refuse, or cease, in consequence of any difficulty in obtaining or maintaining on terms acceptable to the Post Office any wayleave for an appropriate telegraphic line, to provide under this Scheme or under an agreement any telex service which would involve or involves the use of that telegraphic line;

(*b*) disconnect an installation from one telex exchange and connect it with any other telex exchange;

(*c*) make any alteration in an installation;

(*d*) alter the telex number or the answer-back code allocated by the Post Office to an installation;

(*e*) use any part or parts of an installation provided for a subscriber under this Scheme or under an agreement for any purpose (including the provision of service to other persons) involving the carrying of electric currents over such part or parts of the installation at frequencies different from those used for the purpose of that subscriber's telex service.

Power to require security

35. The Post Office may, from time to time, either before or after providing an installation under this Scheme or before or after making an agreement, require the payment of a deposit of such amount as it thinks necessary by way of security for the payment of the rental or other charges payable or to become payable by the subscriber, and the subscriber shall pay such deposit within such time as the Post Office may direct. The Post Office may retain such deposit so long as the installation continues to be provided for the subscriber.

Charges payable by subscribers

36.—(1) Subject to the provisions of this Scheme, all charges in respect of calls made from an installation, and in respect of services and facilities rendered at the request or with the authority of persons using an installation, and all other charges and sums payable by a subscriber under this Scheme or under an agreement, shall be payable on demand by the person who is the subscriber in respect of the installation.

(2) Any rental payable under this Scheme or under an agreement in respect of an installation or of each component part thereof shall commence on the date when the installation or component part is first connected for use.

(3) Any rental payable under this Scheme or under an agreement shall be payable at such intervals and on such dates (whether in advance or in arrear, or partly in advance and partly in arrear) as the Post Office may from time to time decide either in relation to the installation for which the rental is payable or generally, and shall be payable by the person who is the subscriber in respect of that installation.

(4) All charges in respect of calls made from a teleprinter in a ship or aircraft registered in any part of the United Kingdom or the Isle of Man, and in respect of services rendered at the request of a caller from such a teleprinter, shall be payable by the caller on demand to the person licensed under the Wireless Telegraphy Act 1949 to use the station for wireless telegraphy in the ship or aircraft and the latter person shall account for such charges to the Post Office in accordance with the licence and any other relevant arrangements between him and the Post Office.

(5) The duration of a call for the purpose of this Scheme shall be calculated from the time when the establishment of means of communication begins to the time when it ends, without regard to the length of the time during which messages are being sent.

(6) The charges for calls of any class, or any combination of classes, may be aggregated (in the case of calls obtained without the assistance of a telex exchange operator by adding together the charge units recorded by the Post Office in relation to calls from the installation) in respect of any period for which an account for calls is rendered to a subscriber and the aggregate amount or amounts may be included and charged as a single item or items in the account. A fraction of a new penny in the total sum payable in respect of all items included in an account shall be disregarded.

(7) This paragraph shall have effect subject to paragraph 46.

Value Added Tax

37.—(1) This paragraph applies to every charge in the case of which an amount is specified in or fixed under the provisions of this Scheme and to every charge which under or by virtue of this Scheme falls to be calculated by reference to a rate or rates so specified or fixed, being (in either case) a charge for a supply on which value added tax is chargeable.

(2) In the case of every charge to which this paragraph applies there shall be added to the amount so specified or fixed or (as the case may be) so calculated (hereinafter called " the tax exclusive amount ") such sum as will increase the tax exclusive amount to the tax inclusive amount mentioned in sub-paragraph (3).

(3) The tax inclusive amount of every charge to which this paragraph applies is such amount as after the deduction therefrom of value added tax chargeable on the supply to which it relates, is equal to the tax exclusive amount, which, but for this paragraph would be charged and payable under this Scheme.

Default by subscribers

38.—(1) If a subscriber:

(i) fails to pay when due any rental or other sum (including any sum required by way of deposit) payable by him under this Scheme or under an agreement or under the Scheme for the time being in force relating to Telephone service or under an agreement made by the Post Office with the subscriber for or relating to the provision of telephone service; or

(ii) has a receiving order in bankruptcy made against him or in Scotland is sequestrated, or in Northern Ireland is adjudicated bankrupt or becomes insolvent or makes any composition or arrangement with or assignment for the benefit of his creditors or suffers execution, distress, any form of diligence or seizure to be levied or affected on or against his premises assets or effects or being a company goes into liquidation whether voluntary or compulsory or has a receiver of any assets appointed; or

(iii) fails to observe or perform any of the provisions of this Scheme or of an agreement, or any obligation on his part arising thereunder,

the Post Office may (without prejudice to any other right or remedy):

(*a*) without notice, temporarily disconnect any installation or any part of an installation (whether provided for a subscriber under this Scheme or under an agreement);

(*b*) summarily cease to provide telex service after giving notice of its intention to terminate service provided under the Scheme and/or where service is wholly or partly provided under agreement by giving notice to determine summarily the agreement or agreements under which service is provided.

(2) The rental of the installation shall continue to be payable in respect of any period during which telex service is temporarily disconnected under the provisions of this paragraph.

(3) On the termination under the provisions of this paragraph of telex service by means of an installation provided under this Scheme, the subscriber shall pay, in addition to any other sums payable under this Scheme up to the date of such termination, a sum equal to one month's rental, or to the rental which would have been payable for the installation in respect of the period from that date to the end of the minimum period of service at the rates in force at the date of such termination, whichever is the greater, credit being allowed to the subscriber for the appropriate proportion of any rental paid in advance in respect of a period ending after that date.

(4) On the determination of any agreement under the provisions of this paragraph, the subscriber shall pay, in addition to any other sums payable under such agreement up to the date of its determination, a sum equal to one month's rental or to the rental for the period from the date of determination to the end of the initial term of the agreement at the rates in force at the date of determination, whichever is the greater, credit being allowed to the subscriber as aforesaid.

(5) Where an installation or part of an installation has been temporarily disconnected under a provision of this Scheme other than paragraph 27 and the installation is reconnected, the subscriber shall pay a reconnection charge as specified in item 5 of Part 2 of Schedule 2 and no connection charge shall be payable under paragraph 15 if the installation or part of the installation reconnected consists of the same equipment and apparatus as before the disconnection occurred.

Subscriber's responsibility for installation

39.—(1) Every installation provided under this Scheme or under an agreement is and shall at all times remain the property of the Post Office, and the subscriber shall be responsible for the safety of all such parts thereof as are in or on the subscriber's premises, fair wear and tear only excepted.

(2) The subscriber shall pay such charge as the Post Office may fix in respect of the replacement of any such parts of the installation as aforesaid which at any time are lost, stolen or destroyed, and the replacement or repair of any such parts which are damaged otherwise than by way of fair wear and tear.

(3) The Post Office may remove the installation within such time as it thinks fit after the cesser or termination of provision of telex service by means thereof or the determination of the relative agreement by any means, and the subscriber's obligations under sub-paragraphs (1) and (2) shall continue until the installation has either been so removed or been provided for another subscriber at the same premises.

Permission to enter property

40.—(1) Every subscriber shall permit officers of the Post Office (or, when required by the Post Office so to do, procure permission for them from any other person whose permission is requisite) to enter at all reasonable times upon the subscriber's premises for the purpose of constructing, inspecting, maintaining, altering, or removing the installation or any part thereof and to have access at all reasonable times to all such parts of the installation as may be in or on the subscriber's premises.

(2) Every officer of the Post Office who desires to enter upon the subscriber's premises as aforesaid shall produce, if required so to do, some duly authenticated document showing his identity and authority.

Attachments, etc.

41.—(1) A subscriber shall not:

(*a*) attach any thing to an installation, or place any thing in electrical connection therewith; or

(*b*) place or use any thing in such a manner or position in relation to an installation that it transmits or enables to be transmitted any message to or from the installation; or

(*c*) permit or suffer any other person except an officer of the Post Office so to do,

unless it is provided by the Post Office for that purpose, or unless the Post Office has given to the subscriber consent in writing for such attachment, placing or use (as the case may be).

(2) A subscriber shall not, without the written consent of the Post Office:

(*a*) alter or remove an installation or any part thereof, or obliterate or deface any marks thereon;

(*b*) place or use in any manner or position in relation to an installation any thing that may have a harmful effect on the installation or on the use of the installation for the purposes for which it was provided or on the quality of the telex service; or

(*c*) permit or suffer any other person except an officer of the Post Office so to do.

(3) The subscriber shall, on being required by the Post Office so to do, forthwith cease to use and remove any thing which has been attached, connected, placed or used as mentioned in sub-paragraphs (1) and (2) whether by the subscriber or by another person and whether or not consent has been given as aforesaid, and any thing which has been placed in such manner or position in relation to an installation that in the opinion of the Post Office its use has had or may have a harmful effect on the installation or on the use of the installation for the purposes for which it was provided or on the quality of the telex service.

Paper and ink ribbons

42.—(1) The paper and ink ribbons used in any teleprinter or associated apparatus comprised in an installation shall conform, in quality, kind and size, to such standards as the Post Office shall from time to time determine, and the subscriber shall at all times keep the teleprinter and associated apparatus adequately supplied with such paper and ink ribbons in good condition and properly adjusted.

(2) The subscriber shall pay to the Post Office in respect of the repair of any damage caused to the teleprinter or associated apparatus by the use of paper or ink ribbons which do not conform to the aforesaid standards, such charge as the Post Office may determine.

Subscriber not to assign service or agreement

43.—(1) A subscriber shall not, except with the written consent of the Post Office assign, dispose of or part with telex service provided under this Scheme, or assign or dispose of his agreement, or assign, dispose of or part with any benefit or advantage under his agreement.

(2) A subscriber may use his installation for the purpose of sending and receiving messages on behalf of other persons and may allow other persons to use his installation for the purpose of sending and receiving messages on their own behalf. The subscriber shall observe the following conditions as to such use, unless the Post Office otherwise consents in writing, and also any other conditions which the Post Office may, from time to time, notify to him in writing:

(*a*) in the case of messages which both originate and are to be delivered in the United Kingdom or the Isle of Man the Post Office may require that the message be delivered by post as a postal packet but if the Post Office does not so require, the subscriber may deliver the message by other means directly to the person for whom it is intended or allow the message to be collected by that person;

(*b*) in the case of messages other than those specified at (*a*), the conditions are:

(i) the subscriber shall not send onwards any message on behalf of another person unless it is received as a telex call made directly to the subscriber's installation by the person who originates the message;

(ii) the subscriber shall not send onwards any message on behalf of another person except as a telex call made from the subscriber's installation directly to the person for whom the message is ultimately intended by the originator of the message;

(iii) any amount charged by a subscriber in respect of the receipt and delivery of a message which both originates and is for delivery outside the United Kingdom or the Isle of Man shall not be such that it enables the originator of the message to send it more cheaply than if he had sent it by means of a telex call made by him directly to the person for whom the message was ultimately intended.

(3) A subscriber who fails to comply with sub-paragraph (1) shall (without prejudice to any other right or remedy of the Post Office) continue to be liable for all rental, charges and sums due and to become due in respect of the installation, and in respect of calls made therefrom and services and facilities rendered at the request or with the authority of persons using the installation.

Supply of electricity

44.—(1) If and when required so to do by the Post Office, a subscriber shall provide at his own expense in all respects a continuous supply (at a pressure not exceeding 250 volts subject to any percentage variation allowed by the Electricity Supply Regulations 1937, or any regulations amending or superseding the same) of the electricity required by the Post Office for the installing, operation and maintenance of the installation or any part thereof. Such electricity shall be supplied at such point or points and by means of such wires fitted with such sockets or other means of connection and provided with such connection to earth and with such fusible cut-outs and other protective devices as the Post Office may from time to time require.

(2) The subscriber shall pay such charge as the Post Office may fix for the work of making such alterations to the installation as the Post Office may from time to time consider necessary to conform to any change made otherwise than by the Post Office in the method of supplying the electricity to the installation or in the kind of electric current used, or to prevent injurious affection to the installation by electric lines or plant erected on the subscriber's premises.

Telex directories

45.—(1) Entries in any telex directory published by or on behalf of the Post Office may be made in such terms, form, manner and order as the Post Office thinks fit.

(2) (*a*) A subscriber may apply to the Post Office in writing for one or more extra entries to be made in any such directory, and if the Post Office accedes to the application, the subscriber shall pay for each extra entry a periodic charge as specified in items 1 and 2 of Part 3 of Schedule 2.

(*b*) A subscriber may apply to the Post Office in writing for one or more extra words to be inserted in an entry, and if the Post Office accedes to the application, the subscriber shall pay for each extra word inserted in a main entry and each extra word inserted in an extra entry a periodic charge as specified in item 3 of Part 3 of Schedule 2.

(3) The period in respect of which the said charges shall be payable shall begin on the first day of the month in which the first issue of the directory containing the entry is published, and shall end as follows:

(*a*) if the subscriber gives to the Post Office notice in writing requesting it to cease to make the entry or insertion (as the case may be) in future issues of the directory, the said period shall end on the first day of the month in which is published the next subsequent issue of the telex directory, whether effect is given to the notice of withdrawal in that issue or not;

(*b*) in any other case, the said period shall end on the date when the subscriber's liability to pay rental in respect of the telex installation ceases.

(4) The said charges shall be payable at such intervals (not being longer than a year) and on such dates (whether in advance or in arrear, or partly in advance and partly in arrear) as the Post Office may from time to time decide either in relation to a particular entry or insertion or generally.

(5) In this paragraph:

" main entry " means a single alphabetical entry and single answer-back entry relating to the installation provided for a subscriber at one address;

" extra entry " means an entry additional to a main entry and relating to the installation to which that main entry relates;

" extra word " means any word which the Post Office permits to be included in an alphabetical entry on condition that the extra charge specified in item 3 of Part 3 of Schedule 2 is payable therefor.

PART VIII

GENERAL

Calculation of rentals

46. The Post Office may if it thinks fit determine that all or any of the following rules shall apply for the purpose of calculating the rental payable in respect of any period at a quarterly rate under this Scheme, or under an agreement, for an installation or each component part of such an installation:

(*a*) Each quarter shall be deemed to begin on the first day of such month as the Post Office may determine.

(*b*) Each day in an incomplete quarter shall be regarded as one part of the total number of days in the complete quarter beginning on the day on which the quarter is deemed to begin in accordance with (*a*) above and rental calculated accordingly as a proportion of the quarterly rate.

(*c*) A fraction of a new penny in the total amount of rental payable for any period in respect of an installation shall be disregarded.

Measurement of length of lines

47. For the purpose of this Scheme, the chargeable length of any telex line, extension or any part thereof, shall be the distance measured between such points and in such manner as the Post Office may consider appropriate.

Remission of charges

48. The Post Office may remit in whole or in part any rental, charge or sum payable or paid by virtue of this Scheme.

Service of notices, etc.

49. Any notice, account, statement, direction or other document which may be given, rendered or made by the Post Office under or for any purpose of this Scheme or an agreement shall be deemed to have been duly given, rendered or made and served if left at or sent by registered post or by the recorded delivery service to the address at or in connection with which the relevant telex service is required or provided, or the address stated in the relative application form or agreement as the subscriber's address, or an address notified to the Post Office by the subscriber as an address to which accounts may be sent, or the subscriber's usual or last known place of abode or business in the British Islands.

Misuse of the telex system

50.—(1) A person shall not use any installation or call office:

(*a*) for sending any message or communication which is offensive or abusive or of an indecent, obscene or menacing character to an officer of the Post Office or to any other person, or

(*b*) for the persistent making of calls without reasonable cause or for the making of calls for the purpose of causing annoyance, inconvenience, or needless anxiety to an officer of the Post Office or any other person, or

(*c*) for the making of any call otherwise than by the method appropriate to the installation or call office from which the call is made, according to the Post Office's published instructions to subscribers and to users of call offices.

(2) The Post Office may interrupt and terminate any call and may refuse to give telex service to, any person who contravenes sub-paragraph (1), and shall not in any case be bound to return any sums paid in respect of the call and may in accordance with paragraph 38(1)(*a*) without notice temporarily disconnect any installation or part of an installation (whether provided under this Scheme or under an agreement) which is used as aforesaid and may refuse to re-connect the installation unless and until such assurance is received as the Post Office may deem sufficient that there will be no further contravention of the provisions of sub-paragraph (1):

Provided that no action taken under the above-mentioned paragraphs shall prejudice any other right or remedy of the Post Office.

(3) The rental of the installation shall continue to be payable in respect of any period during which it is disconnected.

Consent or approval of the Post Office

51. Any consent or approval of the Post Office referred to in this Scheme shall be revocable and may be given subject to such terms and conditions as the Post Office may think fit.

Construction

52. Nothing contained in or done under Part II of this Scheme, or done under or pursuant to any term or condition contained in or determined under this Scheme, and no request for a call, service or facility for which the charge, terms or conditions are fixed or determined by or under this Scheme, shall constitute or lead to the formation of a contract between the Post Office and any other person; and nothing contained in or done under Part III of this Scheme or paragraph 17 shall be construed as implying that the Post Office is under any obligation to provide equipment or apparatus for the purpose of providing telex service, or to effect an internal or external removal or a change of apparatus.

SCHEDULE 1

Paragraph 12 (Rentals).
Paragraph 15 (Connection charges).

RENTALS AND CONNECTION CHARGES

PART 1

Telex line

	Quarterly rental £	*Maximum connection charge* £
Telex line	35·00	15·00

PART 2

Telex lines terminated on the apparatus specified

	Quarterly rentals £	*Maximum connection charges* £
1. Teleprinter 15 table model without tape punching and automatic transmission facilities	97·50	25·00
2. Teleprinter 15 table model with tape punching and automatic transmission facilities	117·50	25·00
3. Teleprinter 15 console model without tape punching and automatic transmission facilities	105·00	25·00
4. Teleprinter 15 console model with tape punching and automatic transmission facilities	125·00	25·00
5. Teleprinter 7E page	95·00	25·00
6. Teleprinter 7E with tape punching facilities	97·50	25·00
7. Printing reperforator No. 1	100·00	25·00

SCHEDULE 1 (*cont.*)

PART 3

Apparatus additional to apparatus mentioned in Part 2

	Quarterly rentals £	*Maximum connection charges* £
1. Automatic error detection unit	44·50	25·00
2. Automatic transmitter No. 2F	17·50	15·00
3. Broadcast Units:		
First 5 line unit	75·00	200·00
Each additional 5 line unit:		
(i) installed at the same time as the first unit ...	37·50	100·00
(ii) installed after the first unit	37·50	150·00
4. Card Callmaker	5·00	10·00
5. Character detection unit	48·50	25·00
6. Subscriber's unit printout	15·00	10·00
7. Dual Purpose Platen (Teleprinter 15)	5·00	NIL
8. Equipment allowing the association of approved privately owned transmitting and receiving apparatus with a telex installation:		
Unit Telex 7	7·00	10·00
Unit Telex 8:		
without regenerative repeater	10·00	10·00
with regenerative repeater	18·00	15·00
9. Equipment enabling the sharing of an automatic transmitter between a number of circuits, giving:		
(*a*) Manual restoration of teleprinter to respective line at the end of transmission; any combination of telex and telegraph circuits:		
(i) up to 2 circuits	NIL	NIL
(ii) 3 to 6 circuits	6·00	10·00
(*b*) Automatic restoration of teleprinter to respective line at the end of transmission;		
(i) 2 telex lines	NIL	NIL
(ii) telex line and telegraph line	4·30	5·00
(iii) telex line and 2 telegraph lines	6·00	10·00
10. Extension alarm bells or lamps:		
(i) low power, non-locking	1·00	NIL
(ii) low power, locking	1·50	NIL
(iii) high power, locking or non-locking	2·20	NIL
11. " Here is " key on Teleprinter 7...	0·75	NIL
12. Keyboard Perforator No. 44	27·50	10·00
13. Keyboard Perforator No. 45	54·25	15·00
14. Non-standard alphabet modification	4·50	NIL
15. Ormig rewinder	3·00	NIL
16. Page winder	3·50	NIL
17. Printing reperforator No. 1	65·00	15·00
18. Printing reperforator No. 2	95·00	15·00
19. Printing reperforator No. 5A	65·00	15·00
20. Private meter for Teleprinter 7	15·00	10·00
21. Sprocket feed attachment for Teleprinter 7	3·75	5·00
22. Switching unit to connect a monitor machine to any one of four telex installations	4·00	NIL
23. Tapewinder	7·50	NIL
24. Teleprinter 7 page	60·00	15·00
25. Teleprinter 7 with tape punching facilities	62·50	15·00
26. Teleprinter 15 table model without tape punching and automatic transmission facilities	62·50	15·00
27. Teleprinter 15 table model with tape punching and automatic transmission facilities	82·50	15·00

SCHEDULE 1 (*cont.*)

PART 3 (*cont.*)

	Quarterly rentals £	*Maximum connection charges* £
28. Teleprinter 15 console model without tape punching and automatic transmission facilities	70·00	15·00
29. Teleprinter 15 console model with tape punching and automatic transmission facilities	90·00	15·00
30. Time Injection Unit	30·00	NIL
31. Three channel voice frequency equipment for line protection:		
1 line	70·00	5·00
2 lines	73·75	5·00
3 lines	80·00	5·00

PART 4

Standby apparatus

	Quarterly rentals £	*Maximum connection charges* £
1. Automatic transmitter No. 2F	12·50	NIL
2. Dual Purpose Platen (Teleprinter 15)	3·50	NIL
3. Keyboard perforator No. 44	18·75	NIL
4. Keyboard perforator No. 45	35·00	NIL
5. Printing reperforator No. 1	45·00	NIL
6. Printing reperforator No. 2	55·00	NIL
7. Printing reperforator No. 5A	43·00	NIL
8. Sprocket feed attachment for Teleprinter 7	2·50	NIL
9. Teleprinter 7	40·00	NIL
10. Teleprinter 7 with tape punching facilities	45·00	NIL
11. Teleprinter 15 table model without tape punching and automatic transmission facilities	45·00	NIL
12. Teleprinter 15 table model with tape punching and automatic transmission facilities	62·50	NIL
13. Teleprinter 15 console model without tape punching and automatic transmission facilities	52·50	NIL
14. Teleprinter 15 console model with tape punching and automatic transmission facilities	70·00	NIL

PART 5

External wiring for additional apparatus (not being apparatus in the same building as the main installation, nor in connected buildings which are regarded by the Post Office as one building)

	Quarterly rentals £	*Maximum connection charges* £
Chargeable length:		
Up to 0·2 kilometres	4·75	15·00
Over 0·2 kilometres up to 0·4 kilometres	6·75	15·00
Over 0·4 kilometres up to 0·6 kilometres	8·75	15·00
Over 0·6 kilometres up to 0·8 kilometres	9·75	15·00
Over 0·8 kilometres up to 1·2 kilometres	11·25	25·00
Over 1·2 kilometres up to 1·6 kilometres	12·75	25·00

SCHEDULE 2

MISCELLANEOUS CHARGES

PART 1

Paragraph 17 *Internal removals and changes of apparatus*	*Maximum charges* £
1. Automatic error detection unit	25·00
2. Automatic transmitter	15·00
3. Character detection unit	25·00
4. Keyboard perforator No. 44	10·00

SCHEDULE 2 (*cont.*)

PART 1 (*cont.*)

	Maximum charges £
5. Keyboard perforator No. 45	15·00
6. Printing reperforator	15·00
7. Teleprinter	15·00
8. Teleprinter and telex line	15·00

PART 2

(The paragraph referring to the individual charge is shown in the left hand column)

Services and facilities

		Maximum charges £
Paragraph 26.	1. Change of answerback at subscriber's request	3·00
