TOWN AND COUNTRY PLANNING ACT 1971

Conservation Areas

Notice is hereby given in pursuance of Section 277 of the Town and Country Planning Act 1971 as amended that City of Bradford Metropolitan Council, as Local Planning Authority, after Consultation with the West Yorkshire Metropolitan County Council have determined that the areas described in the schedule to this Notice are areas of special architectural or historic interest the character or appearance of which it is desirable to preserve or enhance and have accordingly designated the said areas as conservation areas.

The effects of designating an area as a conservation area are as follows:

- (1) Where any application for planning permission for development of land in or adjacent to the conservation area is made to the Council and the development would, in the opinion of the Council affect the character or appearance of the conservation area, the application will be subject to the special procedure in Section 28 of the Act.
- (2) Any building within a conservation area, other than an excepted building in Section 58 (2) of the Act, and buildings excepted by the Secretary of State, must not be demolished without the consent of the Local Planning Authority.
- (3) Advertisements in a conservation area may also be controlled by the Local Planning Authority to avoid detracting from the appearance of the area.

This includes felling, topping, lopping, uprooting and wilful damage to trees. Trees of a certain size or species belonging to specified persons or bodies may be excluded by the Secretary of State.

Plans and details regarding these conservation areas may be inspected during normal office hours at the Office of the Chief Solicitor, Provincial House, Bradford, and at the Area Offices of Bingley, Ilkley and Keighley.—Dated 5th September 1977.

SCHEDULE

The Conservation Area of Town End Road and Green End Road Clayton, Bradford, including the area of Chrisharben Park, exhibits 18th and 19th century buildings of vernacular architectural interest.

The Conservation Area of Little London situate on the western side of Apperley Lane, Rawdon completes the designation of the existing conservation area which lies within the area of Leeds City Council. The area is primarily of architectural interest containing several groups, and individual buildings of value.

The Conservation Area of Lower Wyke situate at Lower Wyke Lane, and Lower Wyke Green, Bradford is a former Moravian Community and is of both architectural and historic interest in that there are good examples of the buildings used by a religious settlement, including meeting houses and dormitories.

The Conservation Area of Whetley Grove situate at Whetley Grove and Jarratt Street, Bradford is a charming backwater within the Gillingham General Improvement Area, which contains good domestic architecture preserved substantially in its original appearance.

The Conservation Area of Wrose, situate at Snowden Road and Towngate, Wrose, Bradford is an area of historical and architectural interest based on the original settlement, with buildings of the 17th and 18th centuries. The area is in need of protection from unsympathetic alterations.

The Conservation Area of Braithwaite, situate to the

south of Braithwaite Road at its junction with Braithwaite Avenue, Keighley is an area of historic interest on the line of an ancient highway. The area contains several buildings of architectural merit and is also attractive townscape.

The Conservation Area of Brunthwaite near Silsden is a rural settlement comprising several farm groups. Recent archaeological exploration has revealed mediaeval potteries of the 12th and 13th centuries adjoining the proposed conservation area. It includes good vernacular architecture and is in need of protection from unsympathetic alteration.

The Conservation Area of East Morton, including the areas along Green End Road, part of Otley Road and part of Little Lane, East Morton, Keighley, completes the existing Conservation Area designated by the old West Riding County Council. It includes an original highway and other buildings of special interest including barns and vernacular housing.

The Conservation Area of Ryecroft, situate at Well House Farm, Ivy House Farm and Ryecroft Farm near Bingley is a hamlet of both architectural and historical interest. Its architecture is good vernacular building of the period and most of the buildings have been "listed" recently.

The Conservation Area of Wilsden is situate in the areas on both sides of the whole length of Main Street, Wilsden. With its early mills the village is of industrial and archaeological interest, yet it also includes the agricultural settlement of Wilsden Hill. Designation as a Conservation Area will help to act as a framework for local planning overall in the village, and for any highway proposals affecting Main Street.

The Conservation Area on both sides of the length of Main Street and around Otley Road, Burley in Wharfedale is a linear settlement of special architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance in that it is an area of overall 19th century appearance although including buildings from the 17th century to the Edwardian period.
