NOTICE OF PROPOSAL TO APPLY FOR A LICENCE
TO ABSTRACT WATER

Notice is hereby given that proposals are being made by the Wessex Water Authority for the grant of a licence to abstract water from the River Avon at Monkton Combe, in the Parish of Limpley Stoke, in the District of West Wiltshire in the County of Wiltshire (National Grid Reference ST 7838 6181). The maximum quantities to be abstracted are 15 megalitres per day (about 3.3 million gallons per day) and 3,650 megalitres per year (about 803 million gallons per year). Water will be used partly for public supply and partly for water treatment research.

The proposals include restrictions on abstractions when the flow of the River Avon falls below 2 cumecs (170 megalitres per day or about 40 million gallons per day) and also restricts the quantity to be abstracted from this source and the existing Newton Meadows source at Bath (National Grid Reference ST 7150 6600) to that quantity already authorised to be abstracted from Newton Meadows. These restrictions are authorised in order to safeguard existing protected rights and lawful uses of the river.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at the following offices of the Authority at all reasonable hours during the period beginning on 23rd December 1977 and ending on 25th January 1978:

At the expiry of the said period the Authority will be entitled to pass a resolution by virtue of which a licence authorising the proposals shall be deemed to have been granted unless the Secretary of State for the Environment, either in consequence of any representations made with respect to the proposals or otherwise, requires the application for a licence to be made to him.
