Notice is hereby given in pursuance of section 85 (3) of the Diseases of Animals Act 1950 that the Minister of Agriculture, Fisheries and Food has made the following Orders:

**STATUTORY INSTRUMENTS 1977 No. 1721**

**BADGERS (CONTROL AREAS) ORDER 1977**

(MADE 22ND OCTOBER 1977)

This Order which came into operation on the 22nd November 1977 provides that the Minister may take steps to secure the destruction of badgers in the areas set out in the Schedule. These areas, which are all in the south-west of England, are areas in respect of which the Minister is satisfied that destruction of badgers is necessary in order to eliminate, or substantially reduce the incidence of, tuberculosis in cattle.

The Order authorises two methods of destroying badgers which would otherwise be unlawful, that is poisoning by hydrocyanic acid gas and shooting with a .22 pistol. It provides that warning notices may be exhibited on or near any premises on which the destruction of badgers is to be, is being or has been carried out, and that the carcase of any badger destroyed under this order will be the property of the Minister.

In addition, this order provides that within the area set out in the Schedule it shall be an offence:

- (a) to capture, harbour or conceal a badger in order to prevent its destruction under the order.
- (b) to obstruct, or interfere in any way with, anything which has been, is being or is to be done or used in connection with such destruction, or
- (c) without the authority of the Minister, to remove or in any way dispose of the carcase of a badger so destroyed.

- (a) to add certain areas of England to the brucellosis eradication areas described in the 1977 Order. The areas concerned are—

- (1) a part of Oxfordshire to which the restrictions and controls imposed by the principal order will apply from 1st November 1977, and
- (2) the counties of Northamptonshire and Wiltshire (except for a small part of South-East Wiltshire which is already in an eradication area) and two fields in Oxfordshire to which those restrictions and controls will apply from 1st March 1978;
- (b) to permit the unlicensed movement, otherwise than on foot of bovine animals other than reactors into an attested area direct to a market licensed under the Order of 1977 for the purposes of unloading and sale for immediate slaughter.

**DISEASES OF ANIMALS ACT 1950**

Notice is hereby given in pursuance of section 85 (3) of the Diseases of Animals Act 1950 that the Minister of Agriculture, Fisheries and Food and the Secretary of State for Scotland, acting jointly, have made the following Order:

**Statutory Instruments 1977 No. 1838 The Enzootic Bovine Leukosis Order 1977 (Made 7th November 1977)**

This Order, which came into operation on the 1st December 1977 and is made under the Diseases of Animals

Act 1950, extends the provisions of that Act to all forms of bovine leukosis. The Order's provisions are primarily directed towards detecting and dealing with any case of enzootic bovine leukosis which may occur in this country, but since the enzootic form of the disease is only distinguishable from the sporadic variety by recourse to laboratory testing, the Order in effect makes any sign or symptom of bovine leukosis infection notifiable to the Ministry of Agriculture, Fisheries and Food. It achieves this by indicating the circumstances in which a bovine animal or carcase is to be regarded as suspected of being affected with enzootic bovine leukosis.

The Order provides that where there are grounds for suspecting that bovine leukosis infection exists or has recently existed on any premises, or where it is believed that any bovine animals on any premises has been exposed to infection with bovine leukosis virus, a veterinary inspector of the Ministry may by notice declare those premises to be an infected place. Where this is done, the Order lays down detailed rules to be observed with respect to bovine animals, carcasses and other things on the premises. Alternatively, a veterinary inspector may simply require specified bovine animals on the premises to be kept isolated from other animals, and the Order sets out the restrictions which will apply in any such case.

Where suspicion of disease exists on any premises, the Order also requires that a veterinary inspector shall carry out an inquiry for the purpose of establishing whether the suspicion is justified, and if so, whether the disease is in the form of enzootic bovine leukosis. In discharging this duty, a veterinary inspector may enter any part of the relevant premises, and may examine any bovine animal or carcase found there and take such samples as may be required for the purpose of diagnosis. The occupier of the premises and any other person involved with animals kept there is required to assist the veterinary inspector, and to give any relevant information he possesses. If the inspector concludes that enzootic bovine leukosis exists or has recently existed on the premises, and this conclusion is confirmed by the Ministry's Chief Veterinary Officer, the premises will be declared to be an infected place if this has not already been done. If enzootic bovine leukosis is not confirmed, any notice previously served will be withdrawn.

A veterinary inspector may prohibit or regulate the movement of bovine animals, carcasses and things where he considers that such movement may give rise to the risk of enzootic bovine leukosis being spread. The Order also contains special provisions relating to imported bovine animals by virtue of which the Minister may require their testing for enzootic bovine leukosis at any time within a period of 6 months after they have been landed in Great Britain, and where any such animals are found to be affected with the disease, he may require them to be sent for slaughter without payment of compensation.

Copies of the above-mentioned Order may be obtained from Her Majesty's Stationery Office, 49 High Holborn, London, WC1V 6HB price 35p.

*B. M. Mills.*

**DISEASES OF ANIMALS ACT 1950**

Notice is hereby given in pursuance of section 85 (3) of the Diseases of Animals Act 1950 that the Minister of Agriculture, Fisheries and Food has made the following Order:

**Statutory Instruments 1977 No. 1284 The Brucellosis (England and Wales) Order 1977 (Made 27th July 1977)**

Under section 5 of the Diseases of Animals Act 1950, the Minister of Agriculture, Fisheries and Food may make an Order declaring an area to be an eradication area for purposes connected with the control of any particular disease, if he is satisfied that a substantial majority of the cattle in that area are free from that disease, and, for similar purposes, he may declare an area to be an attested area if he is satisfied that that disease is for practical purposes non-existent therein. In relation to brucellosis, the provisions of section 5 of the 1950 Act have been extended by section 106 (3) of the Agriculture Act 1970, so as to give the Minister (in addition to the powers conferred on him by the earlier section) power to impose in respect of cattle in a brucellosis eradication or attested area such other prohibitions or requirements as he may consider necessary or desirable for the purpose of eradicating that disease.

This Order, which came into operation on the 1st August 1977, and supersedes various existing Orders:

- (a) consolidates existing eradication areas and revises the descriptions of areas in the light of local government boundary changes.
- (b) declares the first attested areas;
- (c) consolidates existing provisions which apply in eradication or attested areas. These include a prohibition against the movement of bovine animals into such areas (except under licence or on certain journeys), a power to prohibit the movement of such animals on to or off particular premises in such areas, a restriction on the vaccination of bovine animals in such areas against brucellosis, and ancillary prohibitions designed to prevent the introduction or spreading of brucellosis;
- (d) incorporates three changes to the consolidated general provisions referred to above. Firstly, it prohibits slaughterhouses in an attested area from admitting, or being used for the purpose of slaughtering, bovine animals from outside that area unless that slaughterhouse has been approved by a veterinary inspector for that purpose. Secondly, the movement of such animals into an attested area direct to a slaughter market is prohibited except under licence; and thirdly the movement into an attested area direct to a market licensed under this Order of bovine animals under the age of six months is now permitted without a licence;
- (e) enables the Minister to cause animals which are affected or suspected of being affected with brucellosis or which have been exposed to the infection of that disease to be slaughtered on payment of compensation, and, where such animals are kept at premises situated in an eradication or attested area, to require them to be detained and isolated until removed for slaughter.

Copies of the above-mentioned Order may be obtained from Her Majesty's Stationery Office, 49 High Holborn, London, WC1V 6HB price 50p.
