NOTICE OF PROPOSAL FOR THE VARIATION OF A LICENCE TO ABSTRACT WATER

Notice is hereby given that the South West Water Authority have formulated proposals for the variation of a licence to abstract water as follows:

Licence No. 14/46/05/0069/01 and 09/20 authorises abstraction from (a) the Bala Brook Intake at National Grid Reference SX 671629 and (b) the Avon Reservoir at National Grid Reference SX 679651 in the Parishes of South Brent and Dean Prior in the area of the South Hams District Council. The abstraction from the Reservoir was subject to a discharge of 8,180 cubic metres (1.8 million gallons) of water per day to the River Avon: this was reduced to 5,910 cubic metres (1.3 million gallons) for a period from 13th June 1973 to 12th June 1978 and will revert to the higher figure on the 14th June 1978.

The proposed variation is that the minimum release shall be maintained at 5,910 cubic metres (1.3 million gallons) but in addition freshet releases shall be made as required by the Director of Fisheries and Recreation to the Authority up to the quantity stored in the Reservoir as a result of the reduction in compensation releases except when it can be shown that there is a danger of a serious deficiency in water supplies in the area served by the Reservoir.

A copy of the draft variation, and of any relevant plans may be inspected free of charge at the offices of the Authority at 3-5 Barnfield Road, Exeter and at King's Ash Road, Paignton at all reasonable hours during the period beginning on 8th May 1978 and ending on 5th June 1978.

After the expiry of the period set for the inspection of the documents and the submission of representations the Authority will be entitled to pass a resolution by virtue of which a variation of the said licence authorising the proposal shall be deemed to be granted unless the Secretary of State for the Environment, either in consequence of any representations made in respect of the proposal or otherwise, requires an application for the variation of the licence to be made to him.
