#### DACORUM DISTRICT COUNCIL

##### *The Designation of Conservation Areas at Chenies and Latimer*

Notice is hereby given that with effect from 21st June 1979 the Dacorum District Council have

- (1) designated a Conservation Area at Chenies to include Mill Farm, other buildings in the group and the River Chess.

The area is defined on drawing No. 123.

- (2) designated a Conservation Area at Latimer centred on Home Farm and its outbuildings.

The area is defined on drawing No. 124.

These areas form extensions of the existing conservation areas designated by Chiltern District Council.

Copies of drawings No. 123 and No. 124 may be inspected at the office of the Director of Technical Services, Civic Centre, Hemel Hempstead.

The effect of the designation of a Conservation Area is to enable the local planning authority to exercise greater control over building and other operations and changes of use in relation to land and buildings in the area, with a view to preserving and enhancing its character and appearance.

Listed building control now applies to all buildings in conservation areas with the exception of categories of buildings specified by the Secretary of State. Anyone wishing to demolish a building within a conservation area must apply for listed building consent on the local planning authority.

Designation of a conservation area also gives control over the preservation of trees. Anyone having in mind to cut down, top, lop, uproot, wilfully damage or wilfully destroy any tree in a conservation area is to give the District Council 6 weeks' notice of intention. The purpose of this provision is to give the local planning authority a final opportunity to make a tree preservation Order where appropriate before the work proposed is carried out.
