NOTICE OF PUBLIC PATH ORDER

COUNTRYSIDE ACT 1968

HIGHWAYS ACT 1980

The North Yorkshire County Council Footpaths Nos. 18 and 19 Thoraby Diversion Order 1982

Notice is hereby given that the above-named Order, made on 12th October 1982, is about to be submitted to the Secretary of State for the Environment for confirmation, or to be confirmed, as an unopposed Order by the North Yorkshire County Council.

The effect of the Order, if confirmed without modification, will be to divert the public rights of way known as footpaths 18 and 19 in the Parish of Thoraby. The section of footpath to be diverted commences at a point in O.S. field No. 357 at the existing hand gate in the southern wall which is situated 88 metres from the south-west corner of the field at Grid Reference SD 9689 8613. It runs in a generally north-westerly direction to another hand gate in the west wall of that field situated 5 metres from the north-west corner of the field and then proceeds generally westward along the south bank of Gayle Ing Beck for approximately 40 metres turning north over a footbridge across the beck. It then runs generally northward through a small sheep fold to a stile in the southern wall of a small wooded croft in O.S. field No. 361 which is situated 4 metres from the south-west corner of the croft. It continues in the same direction to a gate dividing the croft from the garden at Gayle Ing House which is situated 11 metres from the north-east corner of the croft. From this point the path runs in a generally north-east direction circling anti-clockwise round the east end of the house to a hand gate in the northern wall of the garden in O.S. field No. 360 situated 8 metres from the north-west corner of the garden at Grid Reference SD 9683 8631. At this point the path divides, one path travelling in a slightly west of north direction following the west wall of O.S. field No. 352, the other path travelling east along the southern wall of that field. The diversion ends approximately 14 metres along each of the two branches after the diversion.

The section of footpath to be created commences at a point in O.S. field No. 357 at the existing hand gate in the southern wall at Grid Reference SD 9689 8613 at which point a signpost will be erected. It runs in a generally north-north-east direction to the gap in the southern wall of O.S. field No. 358 at which point a stile will be constructed. It continues in the same direction to a point on Gayle Ing Beck 33 metres east of the boundary wall with O.S. field No. 359 where a footbridge will be constructed, continuing again in the same direction to a point immediately east of the existing hand gate in the north wall of O.S. field No. 358 which is situated immediately east of Holme Barn at Grid Reference SD 9699 8634, at which point a stile and a signpost will be constructed. At this point the path divides, one path travels in a north-easterly direction to join the existing footpath No. 18, the other path runs in a westerly direction to join existing footpath No. 18. A small section of footpath will also be created near Grid Reference SD 9683 8631 so as to link the western end of footpath 18 with the southern end of footpath 19 along a diagonal line some 20 metres long across the south-west corner of O.S. field No. 352.
