#### NOTICE

TREASURY MINUTE dated 8th December 1982.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 c. 13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 8th December 1982 and until the coming into operation of a further determination:

- I. The rate of interest applicable to any such fixed rate loan will be that in force on the banking day preceding the date the principal is credited to the account of the authority's banker;
- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by

instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

- III. The rates of such interest shall be:

#### NOISE INSULATION REGULATIONS 1975

The A20 Townwall Street Extension, Dover, was opened to traffic on 8th October 1982. Offers of insulation (double windows, and perhaps doors, special ventilation and in some cases venetian blinds) or grant have been made to the occupiers (and/or landlords) of all dwellings which are believed to qualify under the Noise Insulation Regulations 1975. A map and list showing these dwellings may be seen at Dover District Council Offices, New Bridge House, Dover, Kent.

The Regulations gave a right of appeal to the occupier or person entitled to occupy any dwelling or other residential property (such as an old people's home or hostel for long-stay residents), and to his immediate landlord or licensor (if any) where the dwelling or property is within 300 metres of the scheme and no offer of insulation or grant has been made in respect of it. Any such person who claims that use of the improved length of road causes or is expected to cause at the property in question noise of not less than the level specified in the Regulations may apply in writing to the Director (Transport), South Eastern Region, "Edgeborough", 74 Epsom Road, Guildford, Surrey GU1 2BL, setting out the facts on which he relies and requesting that an offer of insulation or grant be made in accordance with the provisions of the Regulations. The right of appeal must be exercised not later than 12th June 1983. An informative booklet "Insulation Against Traffic Noise" is available free of charge from the same address.

The Council is required to pay special attention to the desirability of preserving or enhancing the character or appearance of conservation areas in the exercise of any powers under the Town and Country Planning Act 1971, Part I of the Historic Buildings and Ancient Monuments Act 1953 or the Local Authorities (Historic Buildings) Act 1962.

Any building within a conservation area not being a building falling within any of the exempt categories shall not be demolished without the consent of the Council.

Exempted buildings are listed buildings as defined by the 1971 Act, excepted buildings within the meaning of section 58 (2) of the 1971 Act, and buildings in relation to which a direction under section 277 (a) (4) of the 1971 Act is for the time being enforced. An application for consent to the demolition of such a building shall be made to the Council either as a separate application or as part of an application for planning permission to redevelop the site of the building but consent to demolition shall not be taken to have been given as part of planning permission for redevelopment of the site unless the appropriate authority on granting the planning permission states that it includes consent to demolish the building.

Pursuant to section 61 (a) of the Town and Country Planning Act 1971, any person wishing to cut down, top, lop, uproot, wilfully damage or wilfully destroy any tree in a conservation area, which is not already included in a Tree Preservation Order, must give the Council 6 weeks' notice of his intention. Where such work is begun without due notice or without the Council's specific consent within the 6 weeks period the person concerned will become liable to the penalties applicable to similar contraventions under the Tree Preservation Order and the owner will become liable to replant with a tree of appropriate size and species.

There are certain exemptions to these provisions which, *inter alia*, exempt trees which are dying or dead or have become dangerous. Fruit trees cultivated for fruit production and trees which do not exceed approximately three inches in diameter.

Maps showing the extent of the conservation areas and the boundary variations are available for inspection at the Technical Services Department, Planning Division, Regal House, London Road, Twickenham, where further information on this matter may be obtained and to which applications should be addressed.

### WESTMINSTER CITY COUNCIL

TOWN AND COUNTRY PLANNING ACT 1971  
*Amendment to Conservation Area*

Notice is hereby given that the Westminster City Council as local planning authority, has amended the Charlotte Street (West) Conservation Area under section 277 of the Town and Country Planning Act 1971.

The object of the designation of a conservation area is to preserve the character or appearance of areas of special architectural or historic interest, as distinct from individual buildings, to control development in such areas and to stimulate and encourage measures to improve the environment.

Section 277A of the above Act brings demolition of buildings in conservation areas under control by applying with modifications the listed building control provisions of the Act to all buildings in such areas. Anyone wishing to demolish a building in a conservation area must first apply for listed building consent to the Local Planning Authority. Such an application may be made separately or as part of an application for planning permission for the redevelopment of the site, but consent to demolish shall not be taken to have been given as part of planning permission for redevelopment unless specifically stated. In assessing whether or not consent should be granted, planning authorities will take account of the importance of the building to the character or appearance of any part of the conservation area.

Section 61A of the Act extends the control over trees in conservation areas by requiring that any person wishing to cut down, top, lop, uproot, wilfully damage or wilfully destroy any tree in a conservation area subject to certain exemptions shall give the Local Planning Authority 6 weeks' notice of his intention of so doing.

The amendments to the conservation area are described in the Schedule hereto.

A plan showing the areas is available for public inspection at the offices of the City Planning Officer, Room 10.08, Westminster City Hall, Victoria Street, London S.W.1, during normal office hours.
