NOTICE

TREASURY MINUTE dated 23rd November 1983.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 c. 13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 23rd November 1983 and until the coming into operation of a further determination:

I. The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 am two banking days before credit day;

II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

III. The rates of such interest shall be:

EXPLANATORY NOTE

Housing Benefits Amendment Regulations 1984*—Further Proposals*
Supplementary Benefit (Requirements) Regulations 1984

Note for the Social Security Advisory Committee from the Department of Health and Social Security

These proposals amend the Housing Benefits Regulations 1982 and the Supplementary Benefit (Requirements) Regulations 1983 from 1st April 1984. This note summarises the effect of the changes. The proposed housing benefit regulations are drafted as additions to the draft Housing Benefits Amendment Regulations 1984, already with the Committee for consultation. The draft regulation numbers refer to that set, and the latest proposals are sidelined for ease of reference.

1. *Non-dependant deductions*

(Housing Benefit Regulation 13; Supplementary Benefit (Requirements) Regulation 2)

In future, deductions will be made from weekly benefit in respect of non-dependants in the household at the following rates (current rates in brackets):—

Category	*Rent rebates/allowance Supplementary benefit mortgage interest*	*Rate rebates*
16–17: on supplementary benefit/YTS	Nil (nil)	Nil (nil)
16–17: others	2·20 (nil)	0·90 (nil)
18–20: on supplementary benefit/YTS*	Nil (2·20/3·95)	Nil (0·90/1·60)
18–20: others	6·15 (3·95)	2·05 (1·60)
21–pension age: on supplementary benefit	2·20 (2·20)	0·90 (0·90)
21–pension age: others	6·15 (4·70)	2·05 (1·85)
Pensioners/modified rate for long-term sick and unemployed	2·20 (2·20)	0·90 (0·90)

*The abolition of deductions for those on supplementary benefit is a consequence of the withdrawal of the non-householder's housing contribution from this age group (see 5 below). The provision for those on youth training schemes improves on the original amendment proposals sent to the Committee (amendments to regulations 18(6A) and 28A of the Housing Benefits Regulations) under which they would only have qualified for the modified rates of deductions.

2. *Tapers*

(Housing Benefit Regulation 14)

People *not* on supplementary benefit receive a 60 per cent. rebate or allowance if their income equals the needs allowance. If their income is above the needs allowance level, currently their rent rebate allowance is reduced by 21p and/or their rate rebate is reduced by 7p for every pound by which their income exceeds the needs allowance. These rates of withdrawal are known as tapers. It is proposed to increase the rent taper to 31p and the rates taper to 9p.

3. *Minimum Payments*

(Housing Benefit Regulation 20)

At present, rent rebates/allowances of less than 20p a week and rate rebates of less than 10p a week are not payable. These provisions will be retained for people on supplementary benefit; but new minimum payments of £1 (rent rebates/allowances) and 50p (rate rebates) will be introduced for other recipients.

4. *High Rent Thresholds*

(Housing Benefit Regulation 29)

Local authorities can give extra help to people in high rent areas, if local average rents are above a certain level, or threshold. The thresholds are 120 per cent. of national average local authority rents, for local authority tenants, and 115 per cent. of national average private rents, for private sector tenants. It is proposed to raise both thresholds to 130 per cent. Authorities have to apply to the Secretary of State for authorisation to operate the high rent provisions and these authorisations normally run for 12 months from November. A transitional provision will allow those authorities which still meet the new provision to continue their existing authorisation until November 1984; other authorisations will lapse on 31st March 1984.

5. *Non-householder Contribution*

(Supplementary Benefit (Requirements) Regulation 3)

A standard amount of £3·10 a week is added to the requirements of non-householders aged 18 or more, as a contribution to their household's housing costs. Under this provision, the contribution will no longer be provided to 18–20 year olds. It will also be withdrawn, on their 18th birthday, from those non-householders aged 16 or 17 who continue to receive the contribution under transitional provisions. (Where the householder is in receipt of housing benefit or supplementary benefit there will be a corresponding increase in the householder's benefit).
