Anyone wishing to demolish a building within a Conservation Area must first apply for Listed Building Consent to the City Council. Such an application may be made separately or as part of an application for planning permission. Generally an application for the demolition of any part of a building would be regarded as demolition of the building for the purposes of section 277A of the Act.

Listed Building Control applies to all buildings in the Conservation Areas with the exception of those categories of buildings specified by the Secretary of State in paragraph 15 of Circular 147/74.

In general the Secretary of State is of the view that consent to demolish should only be given where there are acceptable and detailed plans for redevelopment.

Applicants for advertisements within the Conservation Areas are advised to consult the City Planning Officer in advance as the City Council would not want advertising displays to detract from the appearance of the area.

Under the Town and Country Amenities Act 1974 all trees in Conservation Areas are subject to the same conditions as trees covered by Tree Preservation Orders and the permission of the City Council would be required to lop or fell any such trees.
