Designation provides control over demolition, and anyone wishing to demolish a building, or part of a building, must normally first apply for listed building consent to the local Planning Authority.

Further controls require anyone proposing to carry out work on trees within the Conservation Area, which are not already protected by a Tree Preservation Order, to give the local Planning Authority 6 weeks notice of their intention.

The designator also requires that the local Planning Authority shall publish an advertisement in a local newspaper and display a notice on or near the site in the case of every application for planning permission for development which the authority consider would affect the character or appearance of the Conservation Area or the setting of a listed building. The application will not be determined for twenty-one days after the notice is first displayed and advertised. In determining any such application for planning permission, the local Planning Authority shall take into account any representations relating to the applications which are received by them within the twenty-one day period.
