- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

*The Trunk Road (A361) (Barnstaple, Devon) (Prohibition of Waiting) Order 1984*

The Secretary of State for Transport hereby gives notice that he proposes to make an Order under sections 1 (1), (2) and (3) and 84D of the Road Traffic Regulation Act 1967, as amended by Part IX of the Transport Act 1968 and Schedule 6 to the Road Traffic Act 1974 on the Taunton-Fraddon Trunk Road (A361) at Barnstaple in the District of North Devon in the County of Devon. The proposed Order is required to secure the free and unobstructed flow of traffic on a busy but relatively narrow length of trunk road on its approaches to a recently installed set of traffic lights. This installation controls the cross roads where the trunk road intersects with South Street and the newly completed Newport Link Road. The provisions of the proposed Order will complement waiting restrictions imposed by Devon County Council on the adjacent lengths of those County Roads.

The effect of the proposed Order will be to prohibit vehicles from waiting at any time in that length of the trunk road which extends from a point in Newport Road 85 metres north-west of its junction with South Street south-eastwards to a point in Landkey Road 84 metres south-east of that junction.

The proposed Order would also revoke the Trunk Road (Barnstaple, Devon) (Restriction of Waiting, Loading and Unloading) Order 1978 in so far as it affects the length of trunk road described above. However, it is proposed to retain the existing exemption on the loading and unloading of vehicles which provides that these operations may be carried out at any time other than between 0815 and 1030

hours and 1630 and 1800 hours (the morning and evening peak periods) on Mondays to Saturdays inclusive.

Other exemptions to the proposed Order will enable vehicles to wait for so long as may be necessary for a person to board or alight from the vehicle or to enable the vehicle to be used in connection with any building operation or demolition, the removal of any obstruction to traffic, the maintenance of the road or the services therein, or for the collection or delivery of postal packets, or police, fire brigade or ambulance purposes. Disabled persons' badge holders will be able to wait for up to 2 hours with no return within 1 hour (except when the restrictions on loading and unloading apply).

A copy of the draft Order together with a copy of the Order to be partially revoked (the 1978 Order), a plan illustrating the proposal and a statement explaining more fully the Secretary of State's reasons for proposing to make the Order may be inspected during normal office hours at the Northern Area Offices of the Devon County Council at the Civic Centre, Barnstaple, Devon.

Any person who wishes to object to the draft Order must send to the Director (Transport), Department of Transport at the address below a written statement of the grounds of objection, quoting ref. DSW/505141/5/T/013, by 29th June 1984.

The proposed traffic restrictions which were the subject of a notice published in this newspaper on 3rd August 1982 have been superseded by the proposal described in this notice.

CSW237/1/26/01 and stating the grounds of objection. In the preparation of an objection and the statement of grounds of objection it should be borne in mind that the substance of any objection or representation may be communicated to other people who may be affected by it.

## WATER ACTS

## NORTH WEST WATER AUTHORITY

## DROUGHT ACT 1976

*Temporary Use of Pumps to Abstract Water (Including Compensation Water) From Ennerdale*

Notice is hereby given that the North West Water Authority has applied to the Secretary of State for the Environment for an Order under section 1 of the Drought Act 1976 to authorise the temporary (i.e. until 30th September 1984) use of pumps to abstract the compensation water and also water required for supply from Ennerdale Water.

The reason for this application is that the Authority's present Licence Serial No. 27/74C/3/S/8 only authorises the abstraction from Ennerdale Water of water required for supply and for compensation water by gravity. In order therefore to maintain abstraction of water from the lake for water supply and compensation water purpose, if the lake level continues to fall, the Authority will have to resort to pumping.

At the present time the Authority is not seeking to reduce the compensation water flow of 32 M1/d.

Any objections to the proposed Order must be made in writing to the Secretary of State for the Environment, Room B545, Romney House, 43 Marsham Street, London S.W.1, within 7 days of publication of this notice, and it is requested that a copy of any such objection be sent at the same time to the undersigned.

*W. H. Crackle*, Secretary and Solicitor, North West Water Authority, Dawson House, Great Sankey, Warrington WA5 3LW.

## WELSH WATER AUTHORITY

## DROUGHT ACT 1976

## WHEREAS:

(1) Under the provisions of the Welsh Water Authority (Monmouth Pumping Station) Order 1980 (S.I. 1980 No. 526) the Welsh Water Authority was authorised to construct an intake and pumping station on the left bank of the River Wye at Monmouth at National Grid Ref. SO51681315 for the purposes of abstracting water to be conveyed to Court Farm Treatment Works, Newport by means of a pipeline which has been laid under statutory powers.

(2) The said intake and pumping station are not yet operational and the abstraction licence under the Water Resources Act 1963 is not yet in force.

(3) Under the provisions of Licence Serial No. 19/55/18/201 issued by the Wye River Authority on 15th June 1967, as varied on 5th February 1973, the Welsh Water Authority is authorised to abstract 750,000 gallons of water per day from the River Wye at Monmouth at National Grid Ref. SO514129 for water undertaking purposes in the Monmouth area.

Notice is hereby given that because of an exceptional shortage of rain a serious deficiency of supplies of water exists in the areas of the Usk and Taff Divisions of the Authority, and that the Authority pursuant to powers contained in section 1 of the Drought Act 1976, is about to apply to the Secretary of State for Wales, for an Order under section 1 of the said Act of 1976 the general effect of which will be that for a period not exceeding 6 months the Authority may for the augmentation of supplies in the aforesaid Divisions:

1. Abstract water from the River Wye at a rate of up to ten million gallons per day at a point on the left bank at Monmouth at National Grid Ref. SO516131 approximately midway between the abstraction points specified at (1) and (3) above such abstraction to be in addition to and not in substitution for the said abstraction specified at (3).
2. Construct an intake and install and maintain pumps on land or in the river at the said National Grid Ref. point SO51681315 and lay such temporary overland pipes and any associated works as will enable water to be pumped through the existing pipeline referred to at (1) above to the said Court Farm Treatment Works.

A copy of maps or plans showing the location of the said proposed abstraction point and the location of Court Farm Treatment Works and the route of the existing pipe-

B 3

line may be inspected by any person free of charge on weekdays at all reasonable hours within a period of seven days from the date of publication/service of this Notice at the offices of the Southern Area of the Wye Division of the Authority at Hadnock Road, Monmouth, and the offices of the Authority's Divisional Headquarters of the Wye Division, St. Nicholas House, St. Nicholas Street, Hereford.

Any objection to this application may be made in writing to the Secretary of State, Welsh Office, Cathays Park, Cardiff CF1 3NQ, within the said period of 7 days, quoting ref. WEP/WS9106/1, and should state the grounds of the objection. It is requested that a copy of the objection may at the same time be forwarded to the undersigned.

Should it appear to the Secretary of State that the Order is required to be made urgently if it is to enable the Authority effectively to meet the deficiency of supplies of water referred to above he may direct that the holding of a public local inquiry or hearing by a person appointed by him should be dispensed with.
