OXFORD CITY COUNCIL

The West Oxford Residents Parking Zone Proposed Alterations

Notice is hereby given that the Oxford City Council as agent for the Oxfordshire County Council, proposes to make an Order entitled The City of Oxford (West Oxford) (Parking Places and Controlled Parking Zone) Order 198

The effect of the Order will be to make the following alterations to the West Oxford residents parking scheme

- (a) To make the existing residents parking places available exclusively for residents for the full 24 hours of every day. The parking places will therefore not be available for those vehicles which do not display a residents parking permit in the evening or on Sunday as they are at present.

There are many competing demands for available roadside space in the West Oxford Residents Parking Zone especially in the evenings. The introduction of 24-hour operation of residents parking places is proposed in order to give residents a better opportunity to park within reasonable distance of their homes at all times.

- (b) To introduce a residents visitors permit scheme. All residents living within the West Oxford Residents Parking Zone area will be eligible to apply for visitor's permits whether or not they already have a residents parking permit. Each resident will be entitled to the equivalent of 50 days worth of visitors permits during any one calendar year. The permits will be valid for the full 24 hours of a particular day. No charge will be made for the visitor permits.

In order to limit the scope for commuter parking comparatively few long term general parking spaces are provided in the residents parking zone and this causes hardship to residents visitors who often find it difficult to park. The visitors permit scheme will benefit both residents and their visitors in offering scope for visitors to park within reasonable distance of the residents homes.

- (c) To remove the requirement for motorcycles parked in residents parking places to display a permit and to park parallel to the kerb.

The present requirement for motorcycles to park parallel to the kerb can in certain circumstances needlessly take up valuable road space. Sometimes permits displayed on motorcycles have been removed from those vehicles and as a result motorcycles have received fixed penalty notices. The removal of these two requirements should prevent such problems in the future.

- (d) To provide additional residents parking places in Arthur Street and Osney Lane to alter the position of residents parking places in East Street and to relax some waiting restrictions in the evenings and on Sun days in Arthur Street

Additional residents spaces in Arthur Street and Osney Lane are proposed in order to meet demand. Relaxation of some waiting restrictions in Arthur Street is proposed in order to meet evening and Sun day demand for parking space.

The alterations in East Street are proposed to relieve congestion at the southern end of the street by the Watermans Arms public house.

Full details of the proposals are in the draft Order which together with a statement of the Council's reasons for proposing to make the Order and a map showing the affected area may be examined at the address given below between the hours of 9 a.m. and 4 p.m. on Mondays to Fridays.

OXFORD CITY COUNCIL

South Oxford Residents Parking Zone Proposed Alterations

Notice is hereby given that Oxford City Council as agent for the Oxfordshire County Council proposes to make an Order entitled The City of Oxford (South Oxford) (Parking Places and Controlled Parking Zone) Order 1985.

The effect of the Order will be to make the following alterations to the South Oxford residents parking scheme.

- (a) To make the existing residents parking places available exclusively for residents for the full 24 hours of every day. The parking places will therefore not be available for those vehicles not displaying a residents parking permit in the evening or on Sunday as they are at present.

There are many competing demands for available roadside space in the South Oxford Residents Parking Zone, especially in the evenings. The introduction of 24 hour operation of residents parking places is proposed in order to give residents a better opportunity to park within a reasonable distance of their homes at all times.

- (b) To introduce a residents visitors permit scheme. All residents living within the South Oxford Residents Parking Zone area will be eligible to apply for visitors permits whether or not they already have a residents parking permit. Each resident will be entitled to the equivalent of 50 days worth of visitors permits during any one year. The permits will be valid for the full 24 hours of a particular day. No charge will be made for the visitors permits.

In order to limit the scope for commuter parking comparatively few long term general parking spaces are provided in the residents parking zone and this causes hardship to residents visitors who often find it difficult to park. The visitors permit scheme will benefit both residents and their visitors in offering scope for visitors to park within reasonable distance of the residents houses.

- (c) To remove the requirement for motor cycles parked in residents parking places to display a permit and to park parallel to the kerb.

The present requirement for motor cycles to park parallel to the kerb can in certain circumstances needlessly take up valuable road space. Sometimes permits displayed on motor cycles have been removed and as a result motor cycles have received fixed penalty notices. The removal of these two requirements should prevent such problems in the future.

- (d) To provide the equivalent of one additional residents parking place at the south end of Chilswell Road and at the east end of Western Road.

It is possible to provide these extra spaces as a result of development at adjoining premises.

- (e) To carry out minor adjustments to the positions of disabled persons and residents parking places at the north end of Marlborough Road in order to reflect changed requirements.

Full details of the proposals are in the draft Order which together with a statement of the Council's reasons for proposing to make the Order and a map showing the affected area may be examined at the address given below between the hours of 9 a.m. and 4 p.m. on Mondays to Fridays.
