#### EXETER CITY COUNCIL

##### *Exeter City Council Extension of the Inner City Conservation Area*

Notice is hereby given that on 7th October 1985, the Exeter City Council determined in accordance with section 277 of the Town and Country Planning Act 1971 (as amended), that the Inner City Conservation Area of Exeter should be extended. The description of the extended area is as follows:

"The area containing the former Exeter Power Station bounded by the North Eastern and North Western edges of the carriageway serving the front car park to the shopping development presently being carried out by Chivers Developments, parts of the frontage and the Northern flank wall of Store No. 4 in this development, the dwarf brick wall to be constructed separating the car park proposed on the North East side of the Power Station from the proposed servicing/operational parking area behind the proposed stores and the section of hedge connecting it to the Haven Road frontage."

A Plan showing the area may be inspected in Room 2.4 at the Civic Centre, Dix's Field, Exeter, during normal office hours.

Anyone wishing to demolish a building within a Conservation Area must first apply for Listed Building Consent to the City Council. Such an application may be made separately or as part of an application for planning permission. Generally an application for the demolition of any part of a building would be regarded as demolition of the building for the purposes of section 277A of the Act.

Listed Building Control applies to all buildings in the Conservation Areas with the exception of those categories of buildings specified by the Secretary of State in paragraph 15 of Circular 147/74.

In general the Secretary of State is of the view that consent to demolish should only be given where there are acceptable and detailed plans for redevelopment.

Applicants for advertisements within the Conservation Area are advised to consult the Director of Planning and Property in advance as the City Council would not want advertising displays to detract from the appearance of the area.

Under the Town and Country Amenities Act 1974 all trees in Conservation Areas are subject to the same conditions as trees covered by Tree Preservation Orders and the permission of the City Council would be required to lop or fell any such trees.
