

THE
MIDDLE
CLASS

The middle class is a social class that has emerged in modern societies. It is characterized by its position between the upper and lower classes. The middle class is often associated with a certain level of education, income, and social status. It is a class that has grown in size and influence over time, and it plays a significant role in the economy and society. The middle class is often seen as a stabilizing force, and it is responsible for many of the social and economic changes that have shaped the modern world.
