**TREASURY**

**RATES OF INTEREST ON LOANS BY THE PUBLIC WORKS LOAN COMMISSIONERS TO LOCAL AUTHORITIES**

**NOTICE**

TREASURY MINUTE dated 18th June 1986.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 c. 13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 18th June 1986 and until the coming into operation of a further determination:

- I. The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);
- III. The rates of such interest shall be:

PWLB Quota Rates	Per cent. per annum

Over 25 years ... ..	9½	9½	9½

PWLB Non-quota "B" Rate loans will bear interest at 1 per cent. above the corresponding Non-quota "A" rates.

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. Authorities may borrow further sums at quota rates at the discretion of the Public Works Loan Commissioners. Other borrowing beyond the quota entitlement will be at the appropriate rate in the non-quota set of rates.

My Lords concur.

The proposed variation will enable additional water for public supply to be provided to the area presently supplied by

boreholes at Baldersby St. James (NGR : SE 363 768) by permitting part of the quantity presently licensed for river augmentation at Studforth to be available for public supply. It is intended to abandon the boreholes at Baldersby St. James as a potable water supply source because of the high nitrate levels which necessitate the delivery of bottled water to infants below the age of 6 months.

The present maximum quantities authorised for abstraction for river augmentation purposes are 2,250 tonnes per cubic metre (495 million gallons) in any 5 year period, 800 tonnes per cubic metre (176 million gallons) per annum and 5 tonnes per cubic metre (1.1 million gallons) per day.

The proposed variation involved will not alter the total maximum quantity of water authorised for abstraction but will authorise its use either for river augmentation or public water supply purposes subject to a maximum quantity for public water supply of 450 tonnes per cubic metre (100 million gallons) per annum or 2.0 tonnes per cubic metre (0.44 million gallons) per day.

An explanatory statement of the proposal and relevant plan or map may be inspected free of charge at the following offices of the Authority:

21 Park Square South, Leeds LS1 2QG; Claro House, Harlow Moor Road, Harrogate, North Yorkshire HG2 0BA; Monkgate, York YO3 7RH,

at all reasonable hours during the period beginning on 23rd June 1986 and ending on 23rd July 1986.

Any person who wishes to make representations about the proposals should do so in writing to the Water Resources Manager, Yorkshire Water, Rivers Division, 21 Park Square South, Leeds LS1 2QG, before the end of that period.

After the expiry of that period the Authority will be entitled to pass a resolution by virtue of which a variation of the licence authorising the proposals shall be deemed to be granted, unless the Secretary of State for the Environment, either in consequence of any representations made with respect to the proposals or otherwise, requires an application for the variation to be made to him.

J. D. Bell, Secretary and Solicitor
