The map may be inspected by prior appointment (Telephone No. 01-211 3394) between 0915 and 1645 hours Monday to Friday until 30th January 1987. Copies of material referred to in the text of this notice as being available from the Department of Energy

may be obtained from the Oil Division, Department of Energy, Room 1345, Thames House South, Millbank, London SW1P 4QJ (Telephone No. 01-211 4286/3557).

### CONSIDERATION AND CONDITIONS OF LICENCES

2 (a) Licences issued in respect of blocks listed in Schedule I under Mature and Intermediate Areas and other Frontier Areas will have an initial term of six years with a further term of thirty years in accordance with Schedule 5 to the Regulations;

(b) Licences issued in respect of blocks listed in Schedule I under Deep Water Frontier Areas will have an initial term of eight years with a further term of forty years and will otherwise be in accordance with Schedule 5 to the Regulations.

3. The consideration required in respect of production licences granted as a result of this invitation will be:

(a) in respect of all blocks listed in Schedule I at the time the offer of a licence is accepted an initial payment of £330 for each square kilometre comprised in the licensed area; and

(b) subsequent annual payments determined according to the following provisions:

(i) in respect of licences referred to in paragraph 2(a) above, on the sixth anniversary of the date of commencement of the licence term (and on exercise of the option to continue as to the remaining period of the licence) the sum of £400 for each square kilometre in the continuing part; on the seventh anniversary £800 and similarly rising by annual increments of £400 until an annual sum of £6,000 will be payable for each square kilometre comprised in the licensed area; or

(ii) in respect of licences referred to in paragraph 2(b) above, on the eighth anniversary of the date of commencement of the licence term (and on exercise of the option to continue as to the remaining period of the licence) the sum of £400 for each square kilometre in the continuing part; on the ninth anniversary £800 and similarly rising by annual increments of £400 until an annual sum of £6,000 will be payable for each square kilometre comprised in the licensed area;

(iii) the payments specified in sub-paragraph 3 (b) (i) and 3 (b) (ii) above shall be subject to variation in accordance with the following provisions:

(aa) The annual payments shall be increased or subsequently reduced in line with movements in the Index of the Price of Crude Oil acquired by Refineries (published in the Digest of UK Energy Statistics) if the Minister so determines. The Minister shall give notice of any such determination ("biennial determination") during the month preceding the eighth anniversary of the date of commencement of licences referred to in paragraph 2 (a) above, or the tenth anniversary of the date of commencement of licences referred to in paragraph 2 (b) above, or any subsequent two-yearly anniversary, and shall specify in the notice the increase or reduction in the amount payable. Movements in the Index shall be calculated by reference to a comparison between the arithmetic mean of the Index levels for the two latest calendar years for which figures are available at the time when the determination is made, and the arithmetic mean of the Index levels for 1984 and 1985. In the event that the Index of the Price of Crude Oil acquired by Refineries ceases to be published the Minister may substitute arrangements for redetermination of annual payments having substantially similar effect to those set out above based on such other comparable Index as he may determine.

(bb) The increase or reduction specified in a biennial determination shall be payable or take effect on the anniversary of the date of commencement of the licence next following the date of the relevant determination.

(cc) No biennial determination shall have effect so as to reduce the annual payments below the levels set in sub-paragraphs 3 (b) (i) or 3 (b) (ii) as the case may be.

(dd) The Minister shall not make a biennial determination increasing or reducing the amounts payable, where that increase or reduction would be 5 per cent. or less of the levels set following the previous biennial determination.

(c) A royalty (described in clauses 7-10 of Schedule 5 to the Regulations) at the rate of 12.5 per cent. payable in respect of petroleum won and saved from any field which is not a relevant new field for the purposes of the Petroleum Royalties (Relief) Act 1983.

4 Licensees will be required, on the day the licence is granted, to enter into an Agreement under seal with the Secretary of State and the Oil and Pipelines Agency (OPA) which will provide that OPA will, if the Secretary of State so wishes, have the option to take at market price up to 51% of the petroleum (other than natural gas) produced from the licensed area. The percentage will be calculated after taking into account any petroleum required to be delivered to the Secretary of State as royalty in kind. The Agreement (excluding the Schedules referred to therein) will be in the form of Schedule II to this Notice, and will provide that in specified circumstances the licensee if so requested by the Secretary of State will:

- (i) execute a Deed of Assignment assigning the licence from the Licensee to the Licensee and OPA jointly; and will
- (ii) enter into a further agreement containing provisions under which OPA will take the petroleum. The text of the Schedules to the Agreement giving the provisions relating to OPA's rights will be made available on request from the Department of Energy.

5 Licences may be granted subject to special conditions governing the notice required for, and the timing and circumstances of, operations carried out thereunder. It should also be noted that on certain blocks, designated by an asterisk in Schedule I, areas within which drilling may take place will be restricted.

6 In respect of all blocks listed in Schedule I:

- (a) applications should be made on a standard application form available from the Department of Energy. Applicants should note that the Secretary of State will entertain applications only for blocks specifically identified in the application and drawn from those listed in Schedule I;
- (b) applications should be delivered between 09.30 and 16.45 hours on Monday 16 February 1987 or between 09.30 and 12.00 hours on Tuesday 17 February 1987 to the Oil Division of the Department of Energy at Thames House South, Millbank, London SW1P 4QJ, together with a remittance in respect of the appropriate application fee calculated in accordance with Section 11 (2) of the Regulations;
- (c) no applications will be accepted after 12.00 hours on Tuesday 17 February 1987;
- (d) applicants should indicate any preference they attach to the blocks applied for and should indicate if blocks are applied for as alternatives;
- (e) applications should be accompanied by details of the work programme the applicant proposes to carry out if awarded a licence;
- (f) further guidance on the material with which applicants may support their applications is given in Guidance Notes available from the Department of Energy.

7 Applicants will be judge against the background of the continuing need for expeditious, thorough and efficient exploration to identify oil and gas resources of the UK Continental Shelf, including deep water and other frontier areas. Where applicants hold or have held licences their overall record particularly as regards recent or planned exploration on blocks held under Licences awarded in the First to Fourth Rounds will be taken into account.

8 Following examination of all applications the Secretary of State will select the applicants to whom he is prepared to award licences. If there are two or more applicants for a block who would be equally acceptable to the Secretary of State as licensees for that block he may suggest that the licence should be held jointly by some or all of such applicants.

9 The selected applicants will be offered licences on condition that within 14 working days of the date on which the Secretary of State makes the offer of an award;

- (a) they confirm acceptance of a work programme proposed by the Secretary of State following discussion with the applicants concerned;
- (b) they remit to the Secretary of State the appropriate payment referred to in paragraph 3(a) above;
- (c) they confirm in writing that they are prepared to enter into the Agreement described in paragraph 4 above; and
- (d) they confirm in writing that they accept any special conditions of the sort referred to in paragraph 5 above.

10 Unsuccessful applicants will be notified in writing.

In Deep Water Frontier Areas or Other Frontier Areas more than one block may be incorporated in a licence.
