## THE QUEEN'S AWARD FOR EXPORT ACHIEVEMENT 1987

### THE QUEEN'S AWARD FOR EXPORT ACHIEVEMENT 1987

HER MAJESTY THE QUEEN has been graciously pleased to confer Her Award for Export Achievement in 1987 upon the following industrial units:

Abekas Video Systems Ltd.  
The Process Systems Division of Air Products Ltd.  
Ajax Magnethermic (UK) Ltd.

The Scunthorpe Rod Mill Division of Allied Steel and Wire Ltd.

Ambassador Press Ltd.

Amersham International PLC.

Anson Ltd.  
Apollo Fire Detectors Ltd.  
Ayala-Abbott and Butters Ltd.

Babydiner Ltd.  
BEC Mobility Ltd.

'Bermuda' by Espeshal Ltd.  
Birchwood Boat International Ltd.  
Bridport-Gundry PLC.

The Hatfield Unit of The Civil Aircraft Division of British Aerospace PLC.  
The Prestwick Unit of The Civil Aircraft Division of British Aerospace PLC.  
Buro Happold.  
Cambridge University Press.  
Camtec Ltd. T/A Wild Country.  
Central Independent Television PLC.  
Chadwyck-Healey Ltd.  
Claridge Mills Ltd.  
J Comfort and Co. Ltd.  
Conoco Ltd.

Reading, Berkshire  
Walton-on-Thames, Surrey

Oxted, Surrey

Scunthorpe, South Humberside

St. Albans, Hertfordshire

Little Chalfont, Buckinghamshire

Gateshead, Tyne and Wear  
Havant, Hampshire  
Needham Market, Suffolk

Dunfermline, Scotland  
Brierley, West Midlands

London W.1  
Ashfield, Nottinghamshire  
Bridport, Dorset

Hatfield, Hertfordshire

Prestwick, Ayrshire

Bath, Somerset  
Cambridge  
Eyam, Sheffield  
Birmingham  
Cambridge  
Selkirk, Scotland  
London, S.E.1  
London, S.E.1

### *Nature of goods or services exported*

Digital television equipment.  
Process plant engineering and supply.

Electric induction melting and heating equipment.  
Steel wire rods in coil.

Printing and mailing of magazines and brochures.

Radioactive chemicals for research, diagnostic and industrial purposes.

Oil flowline equipment.  
Fire detectors.

Fixtures and fittings for interiors of buildings.

Nursery products.  
Electric wheelchairs and scooters for the disabled.

Ladies knitted polyester clothing.  
Motorised luxury cruisers.

Netting, industrial sewing threads and surgical sutures.

BAe 146 civil aircraft and spares.

BAe Jetstream 31 civil aircraft and spares.

Consulting engineers.  
Academic books and journals.

Mountaineering equipment.

Television programmes.

Academic research publications.

Woven fabrics, shawls, scarves and rugs.

Men's ties, scarves and dressing gowns.

Petroleum products.

Cunard Line Ltd.  
 Dean Warburg Ltd.  
 Dearden Davies Associates Ltd.  
 Domino Amjet Ltd.  
 Dowlish Developments Ltd.  
 Druck Ltd.  
 The Engineering Department of Dussek Campbell Ltd.  
 Ellison Circlips Ltd.  
 Envelopes International Ltd.  
 Eurocast Bar Ltd.  
 Femcare Ltd.  
 Ferrymasters Ltd.  
 The Airborne Display Division of GEC Avionics Ltd.  
 GEC Turbine Generators Ltd.  
 GR-Stein Refractories Ltd.  
 Gandalf Digital Communications Ltd.  
 Gracefern Ltd. T/A The Oakwood Design.  
 H + S Aviation Ltd.  
 J M Heaford Ltd.  
 Heat Trace Ltd.  
 Henri-Lloyd Ltd.  
 Hewlett-Packard Ltd.  
 Historic House Hotels Ltd.  
 Hozelock-ASL Ltd.  
 Domnick Hunter Filters Ltd.  
 The Healthcare Division of Huntleigh Technology PLC.  
 IAD (UK) Ltd.  
 IBM (United Kingdom) Holdings Ltd.  
 The Catalysts and Technology Licensing Business Group of The Chemicals and Polymers Group of ICI PLC.  
 IMI Radiators Ltd.  
 L K Tool Co. Ltd.  
 Link Analytical Ltd.  
 Lydiastar Ltd.  
 Mabey and Johnson Ltd.  
 Peter MacArthur & Co. Ltd.  
 Manesty Machines Ltd.  
 Marchem Ltd.  
 Marconi Instruments Ltd.  
 Masterfil Ltd.  
 Mediscus Products Ltd.  
 Metabrisive Ltd.  
 Mitchell Cotts Mining Equipment Ltd.  
 The Monotype International Division of Monotype Corporation PLC.  
 David Nagli Ltd. T/A Artistic Treasure of Richmond.  
 Neotronics Technology Ltd.  
 Norbrook Laboratories Ltd.  
 Norris Biomedical (1980) Ltd.  
 Ometron Ltd.  
 Osprey Electronics Ltd.  
 Oxford Instruments Ltd.  
 Oxford Lasers Ltd.  
 Page Aerospace Ltd.  
 Pall Europe Ltd.  
 Paxman Diesels Ltd.  
 W Pearce & Co. (Northampton) Ltd.  
 Penn Fabrication Ltd.  
 Perkin-Elmer Ltd.  
 Pilkington Communication Systems Ltd.  
 Pink Soda (UK) Ltd.  
 Polymer Laboratories Ltd.  
 R S R Ltd.  
 The Grass Machinery Division of Ransomes Sims and Jefferies PLC.  
 Randall-Woolcott Services Ltd.

# *Nature of goods or services exported*

Passenger shipping.  
 General merchant.  
 Audio equipment.  
 Ink jet printing systems.  
 Charged particle control apparatus.  
 Electronic pressure measuring devices.  
 Cable-filling equipment and material.  
 Circlips.  
 Envelopes of tyvek spunbonded olefin.  
 Continuously cast iron bar.  
 Surgical implants and applicators.  
 Door-to-door transport and distribution.  
 Electronic display systems for aircraft.  
 Steam turbines and associated generators.  
 Refractory goods.  
 Telecommunications equipment.  
 Finishing machines for plastic cards.  
 Aircraft overhaul; repair and sale of engine parts.  
 Machines for printing and engraving industries.  
 Electric surface heating equipment for pipe lines.  
 Waterproof clothing.  
 Electronic test and measuring instruments.  
 Hotel and restaurant services.  
 Plastic garden equipment.  
 High efficiency filters.  
 Electro-medical equipment.  
 Consultant design and tooling engineers.  
 Information handling equipment.  
 Heterogeneous catalysts.  
 Radiators.  
 Co-ordinate measuring machines.  
 X-ray material analysers.  
 Telecommunications services.  
 Bailey Bridges.  
 Woollen and worsted piece goods.  
 Tablet-producing machinery.  
 Organic chemicals.  
 Electronic measuring instruments.  
 Volumetric filling machines.  
 Medical beds.  
 Steel abrasives.  
 Slurry pumps and mining equipment.  
 Photocomposition equipment.  
 China, glass and giftware.  
 Gas analysis and detection equipment.  
 Veterinary pharmaceuticals.  
 Enzymes and related clinical diagnostic test kits.  
 Scientific instruments.  
 Underwater close circuit television equipment.  
 Cryogenetic scientific and industrial instruments.  
 Lasers.  
 Electronic and electro-mechanical systems for aircraft.  
 Filters.  
 Marine, naval, traction and industrial diesel engines.  
 Leather.  
 Case and cabinet fittings.  
 Scientific instruments.  
 Telecommunications equipment.  
 Fashion accessories, including belts, bags, hats, tights, knitwear.  
 Scientific instruments and reference polymers.  
 Medical diagnostics.  
 Grass cutting machinery.  
 Technical translation and information research.

The Really Useful Group PLC.	London W.1	<i>Nature of goods or services exported</i>
Renishaw Metrology Ltd.	Wotton under Edge, Gloucestershire	Theatre producers, licensors, music publishers, record producers.
J A Robertson & Sons (Dumfries) Ltd.	Dumfries, Scotland	Measuring and inspection instruments.
Roche Products Ltd.	Welwyn Garden City, Hertfordshire	Knitted outerwear.
Romil Chemicals Ltd.	Loughborough, Leicestershire	Vitamins, pharmaceuticals and fine chemicals.
Derek Rose Pyjamas Ltd.	Congleton, Cheshire	High purity laboratory solvents.
Ross Breeders Ltd.	Newbridge, Midlothian, Scotland	Men's pyjamas and outerwear.
Royal Mint	Pontyclun, Mid Glamorgan, South Wales	Poultry breeding stock.
S A C International PLC.	Bristol, Avon	Coins, medals and seals.
Self-Changing Gears Ltd.	Coventry, West Midlands	Design and engineering services.
The Silver Crane Company.	Suckley, Worcestershire	Transmission systems.
Solid State Logic Holdings Ltd.	Begbroke, Oxfordshire	Decorated tinware and ceramic giftware.
The Bridgend Plant of Sony (UK) Ltd.	Bridgend, Mid Glamorgan	Recording consoles.
Soundtracs PLC.	Surbiton, Surrey	Colour television sets and cathode ray tubes.
Spong Manufacturing Ltd.	Leatherhead, Surrey	Audio-mixing consoles.
Stannah Lifts (Domestic Products) Ltd.	Andover, Hampshire	Plastic housewear.
Strayfield International Ltd.	Reading, Berkshire	Electrically-powered stairlifts and home lifts.
Sunseeker International (Boats) Ltd.	Poole, Dorset	Radio frequency drying equipment.
TI Stainless Tubes Ltd.	Walsall, West Midlands	Luxury powerboats.
John Tams Ltd.	Longton, Stoke-on-Trent	Stainless steel tubes.
Thermomax Ltd.	Bangor, Co. Down, Northern Ireland	Earthenware mugs and tableware.
Thistle Hotels Ltd.	London W.1	Solar collectors.
Total Audio Concepts Ltd.	Basford, Nottinghamshire	Hotel services.
Turbosound Ltd.	London N.1	Audio-mixing consoles.
Turners Turkeys Ltd.	Spalding, Lincolnshire	Loudspeaker enclosures.
V G Instruments PLC.	Crawley, Sussex	Rearing and processing of turkeys.
V S W Scientific Instruments Ltd.	Old Trafford, Manchester	Scientific instruments.
The Vapormatic Company (Exeter) Ltd.	Exeter, Devon	Scientific instruments.
Varn Products Co. Ltd.	Irlam, Manchester	Agricultural tractor parts and accessories.
Viking (PTI) Ltd.	Stockport, Cheshire	Chemicals and solvents for the printing industry.
Vista Optics Ltd.	Loughborough, Leicestershire	Plastics machinery.
D W Windsor Ltd.	Hoddesden, Hertfordshire	Contact lens materials.
Zed Instruments Ltd.	Hersham, Surrey	Lanterns and lamp posts.
		Laser engraving machinery and mining automation equipment.

## THE QUEEN'S AWARD FOR TECHNOLOGICAL ACHIEVEMENT 1987

HER MAJESTY THE QUEEN has been graciously pleased to confer Her Award for Technological Achievement in 1987 upon the following industrial units:

A B Automotive Products Ltd.	Cardiff, South Wales	<i>Nature of product or development</i>
Amersham International PLC.	Little Chalfont, Buckinghamshire	Development of a microprocessor switching system used in the Jaguar XJ40 cars.
Baker Perkins Bakery Ltd.	Peterborough, Cambridgeshire	Development of the Amertech II device for hospital preparation of radioactive isotopes for organ scanning.
BICC Data Networks Ltd.	Hemel Hempstead, Hertfordshire	Development of horizontal fixed bowl automatic dough mixing systems for bread dough production.
Bonas Machine Co. Ltd.	Sunderland, Tyne and Wear	Development of the ISOLAN range of equipment for connecting computers into local area networks.
The Engineering Directorate of The British Broadcasting Corporation.	London W.1	Development of an electronic jacquard to control looms for high speed weaving of garment labels.
British Ceramic Research Ltd.	Stoke-on-Trent, Staffordshire	Use of the BBC's medium and long wave broadcasting channels for remote switching of electricity consumers' time-switches (jointly with The Working Party on Energy Management and the Radio Teleswitching Project Group of the Electricity Council.)
Cambrian Plastics Ltd.	Bridgend, Mid Glamorgan	Development of the "Total Colour Transfer System" for high quality automatic decoration of tableware.
The Detector Research Division of The Royal Signals and Radar Establishment of The Ministry of Defence.	Great Malvern, Worcestershire	Development of the "Campas" Fibre-placement Process for manufacture of glass-reinforced plastic storage tanks for liquid fertilisers.
		Development of the "pyroelectric vidicon" infra-red sensitive TV camera tube used in Fire Service thermal imaging cameras (jointly with The Electronics Division of EEV.)

		<i>Nature of product or development</i>
The Detector Research Division of The Royal Signals and Radar Establishment of The Ministry of Defence.	Great Malvern, Worcestershire	Development of gallium arsenide photocathodes to amplify very low levels of light to provide night vision for aircraft pilots, gunsights and security surveillance (jointly with The Light Conversion Devices Division of EEV.)
The Flight Systems (Farnborough) Department of The Royal Aircraft Establishment of The Ministry of Defence.	Farnborough, Hampshire	Development of night vision systems for high speed ground attack aircraft (jointly with The Airborne Display and Electro-Optical Surveillance Divisions of GEC Avionics Limited.)
Dynapert Precima Ltd.	Colchester, Essex	Development of the MPS 500 micro-placement system for automatic locating and epoxy-bonding of electronic components.
The Working Party on Energy Management and The Radio Teleswitching Project Group of The Electricity Council.	London S.W.1	Use of the BBC's medium and long wave broadcasting channels for remote switching of electricity consumers' time-switches (jointly with The Engineering Directorate of The British Broadcasting Corporation.)
The Electronics Division of EEV.	Chelmsford, Essex	Development of the Thermal Imaging Camera Type P4428, applying the pyroelectric vidicon for Fire Service use (jointly with The Detector Research Division of The Royal Signals and Radar Establishment of The Ministry of Defence.)
The Light Conversion Devices Division of EEV.	Chelmsford, Essex	Development of image intensifiers using gallium arsenide photocathodes to amplify very low levels of light to provide night vision for aircraft pilots, gunsights, and security surveillance (jointly with The Detector Research Division of The Royal Signals and Radar Establishment of The Ministry of Defence.)
Exploration Consultants Ltd.	Henley-on-Thames, Oxfordshire	Development of the ECLIPSE computer software for accurate simulation of oil and gas reservoirs to assist in development and production decisions.
The Printed Circuit Group of The Bracknell Division of Ferranti Computer Systems Ltd.	Bracknell, Berkshire	Development of METLAM metal cored laminated printed circuit boards for electronic assemblies.
The Airborne Display Division Rochester and Electro-Optical Surveillance Division Basildon, of GEC Avionics Ltd.	Rochester, Kent and Basildon, Essex	Development of night vision systems for high speed ground attack aircraft (jointly with The Flight Systems (Farnborough) Department of The Royal Aircraft Establishment of The Ministry of Defence.)
The Engineering Division (Large Steam Turbines) of GEC Turbine Generators Ltd.	Rugby, Warwickshire	Development of new families of high efficiency steam turbines for power generation.
ICI Advanced Materials Group of Imperial Chemical Industries PLC.	Welwyn Garden City, Hertfordshire	Development of the "Victrex" PEEK high temperature plastics.
Jaguar Cars Ltd.	Coventry, West Midlands	Design and development of The Jaguar XJ40 models.
The Landis Lund Division of Litton UK Ltd.	Keighley, West Yorkshire	Development of a computer controlled machine for grinding camshaft lobes for motor vehicle engines.
Nimbus Records Ltd.	Monmouth, Gwent	Development of an advanced system for making compact discs.
The Plant Breeding Institute.	Trumpington, Cambridgeshire	The breeding of high yielding winter wheats for milling and bread making.
Racal Marine Radar Ltd.	New Malden, Surrey	Development of a Digital Scan Converter for colour TV-type display of marine radar.
Racal Recorders Ltd.	Southampton, Hampshire	Development of the "Storehorse" self-calibrating tape recorder for data recording.
The Engineering and Manufacturing Team for The Wide Chord Fan Blades of Rolls-Royce PLC, Derby and Barnoldswick.	London S.W.1	Development of the wide chord fan blades for the RB211-535E4 engines used on the Boeing 757 airliner.
The Optical Devices Division of STC Defence Systems.	Paignton, Devon	Development of advanced laser devices for fibre optic telecommunications.
Singer Link-Miles Ltd.	Lancing, West Sussex	Development of aircraft simulators using multiple linked microprocessors.
The Cryogenics Group of Sulzer Bros. (UK) Ltd.	Aldershot, Hampshire	Development of the "LINIT" range of small liquid nitrogen generators for clinical, agricultural and laboratory use in developing countries.

		<i>Nature of product or development</i>
Tech-Nel Data Products Ltd.	Banbury, Oxfordshire	Development of the NMX "Network Management Engine" for fault detection, restoral and diagnosis of computer networks.
VG Analytical Ltd.	Manchester	Development of laminated magnets for fast scanning mass spectrometers for clinical and environmental biochemical analysis.
The Wellcome Diagnostics Division of The Wellcome Foundation Ltd.	Dartford, Kent	Development of the "Wellcozyme" kit for the testing of blood for antibodies to the AIDS virus.
Wendstone Chemicals PLC.	Billingham, Cleveland	Development of a new, environmentally safe process for producing fluoro-aromatic chemicals used as intermediate in the production of new plastics, pharmaceuticals and agricultural chemicals.
