A notice under these provisions must state the work proposed and must give sufficient particulars to identify the tree concerned.

Planning applications involving development which is considered to affect the character or appearance of the Conservation Area will be advertised by the local planning authority for public comment. Applications for the erection of buildings will not normally be accepted in outline form by the authority, who will seek to ensure that all alterations, redevelopment and any new development are of a high architectural standard and enhance the character of the designated area. In addition, statutory undertakers are asked to pay special attention to the character and appearance of the area in the provision and maintenance of their respective services.

STATUTES IN FORCE

Complete ★ Convenient ★ Up-to-date

Statutes in Force is the official revised edition of the statutes and sets out the text of the current statute law.

It is the only official statement of the complete legislation and incorporates all specific amendments subsequently brought about by both primary and secondary legislation.

The complete edition consists of 90 looseleaf binders, holding some 60,000 pages in all.

The Acts are arranged in over 100 subject groups, which can be purchased separately. Subjects include:

Bankruptcy and deeds of Arrangement	Income, Corporation and Capital Gains Taxes
Charities	Landlord and Tenant
Companies	Legal Aid
Contract	Partnerships and Business Names
Employment	Sale of Goods
Family Law	Stamp Duty
Friendly and Other Societies	Tort and Delict

Individual Acts showing all subsequent amendments to the original legislation can be supplied, and an *updating service* is also available to supply customers automatically with subsequent amendments to the legislation — for the whole set, for subject groups, or for individual Acts.
