TOWN AND COUNTRY PLANNING ACT 1947

STAFFORD BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACT 1971

Stone Conservation Area (Enlarged)

Notice is hereby given that Stafford Borough Council, under powers conferred on them by section 277 of the Town and Country Planning Act 1971, have designated the enlarged Stone Conservation Area.

The enlarged Conservation Area extends the original Conservation Area designated in 1967 to include the canal and its attractive setting. Stone is an attractive small market town on a once important coaching route from London to Chester with an interesting historic centre and strong connections with the canal. The new designation recognises the historic and architectural importance of the town centre and the numerous listed and other significant buildings it contains. The boundary of the designated area is shown as a continuous black line on the designation map.

The effect of the designation is that any person wishing to demolish, in whole or in part, most buildings or structures within the designated area will require Conservation Area Consent. In addition six weeks notice must be given to the Local Planning Authority of an intent to carry out works to trees, with certain exceptions.

Copies of the Stone Conservation Area document and map are available from the Borough Planning Department, Stafford and the Borough Council's Area Office, Station Road, Stone.

K. Platt, Borough Planning Officer, Stafford Borough Council

STROUD DISTRICT COUNCIL

TOWN AND COUNTRY PLANNING ACT 1971

Designation of new Conservation Area

Notice is hereby given that the Stroud District Council has designated a new Conservation Area.

Maps of the designated area have been deposited at the Offices of the Stroud District Council, High Street, Stroud and the Planning Department Offices at Kingshill House, Dursley and may be inspected at either of the said places during normal office hours.

The purpose of designation is to preserve and enhance the character and appearance of this area of Special Architectural or Historic Interest and to ensure that special regard is paid to the architectural and visual qualities of the designated area as a whole when proposals for development are under consideration. In accordance with sections 61A and 277A of the Town and Country Planning Act, 1971 respectively, subject to certain exceptions, notice has to be given to the Local Planning Authority in respect of proposals to cut down, lop, top or uproot any tree in the designated area and consent is required for the demolition of all non-listed buildings in the designated area.

A brief summary of the extent of the designated area is as follows:

The Stroud Industrial Heritage Conservation Area takes a linear format along the valleys formed by the River Frome and the Nailsworth Stream, extending to the east, west and south of Stroud. From its easterly extremity at Westfield Bridge the Conservation Area is confined closely to the line of the former Stroudwater Canal as far as Bonds Mill. At this point the Area is widened to meet, and for the most part follow, the route of the A419 road. Further west at Bridgend an area of land upon which modern housing development has taken place has been omitted

from the Conservation Area and includes Haven Avenue, Crescent Road, Meadow Road and Downton Road. The designated area continues to Dudbridge between the A419 road to the north and the Ryeford to Nailsworth Cycle Trail to the south. At Ryeford a short spur to the south connects the Conservation Area to the existing Stanley Mills Conservation Area. At Ebley the Conservation Area envelopes the existing Ebley Mills Conservation Area. From Dudbridge the designated area forks in an easterly direction towards Stroud and on to Chalford and in a southerly direction to Nailsworth. The easterly fork envelopes the existing Lodgemoor and Fromehall Conservation Area and abuts the south boundary of the existing Stroud Station Conservation Area. From there the boundary is generally defined by the A419 and the railway as far as Brimscombe where the south boundary follows the River Frome until the designated area abuts the existing St. Marys and Belvedere Conservation Area. Beyond that the newly designated area continues and abuts the south of the existing Chalford Vale Conservation Area to terminate at the District Council boundary a further half mile to the east. The southerly fork generally follows the A46 Bath Road and the route of the Ryeford to Nailsworth Cycle Trail, abutting the existing South Woodchester Conservation Area. A small westerly spur takes in part of Inchbrook, the newly designated area then abuts the existing Dunkirk Mills and Watledge Conservation Area. Beyond this a short link extends along the Avening Road to meet the existing Longfords Mill Conservation Area at Iron Mills.
