Preferred Route for the A423 Southam By-Pass

The Department of Transport today announced its preferred route for the By-pass at Southam in Warwickshire. This follows consideration of comments received in response to the consultation with the public in June/July 1986.

The preferred route runs from a point on the A423 approximately 300 metres south of its junction with Old Road skirting the east of the town to rejoin the A423 approximately 100 metres north of its junction with the A426. Junctions will be provided to the A4122/A423 south of the town, the A425 Daventry Road and the A423 and A426 Rugby Road to the north of the town. Welsh Road East will be closed where it crosses the By-pass and will be diverted to join the A425 at the latter's junction with the By-pass.

Adjustments have been made to the design of the route to meet the concerns expressed about the close proximity of the proposed alignment to houses in Stowe Drive and Sycamore Housing Estate and the position of the link to A4122 Old Road which would sever 3 dwellings from others in Banbury Road. The link has been moved further south to pass outside the last house; it will therefore also be taken away from the cul-de-sac at the southern end of Stowe Drive. The line of the By-pass itself will be sufficiently far away from adjacent houses to allow the construction of a noise mound and the provision of landscaping to mitigate its effects.

Questions were also raised about the possibility of improvements to Old Road beyond its junction with the link road but this is a matter for the local highway authority (Warwickshire County Council).

The Department will now proceed with detailed design work and, in due course, the preparation and publication of the draft statutory Orders. There will then be a further opportunity for the public to comment and if necessary lodge objections to the proposed works. If there are objections it may be necessary to hold a local public inquiry.

G. F. Robertson, A Principal in the Department of Transport, West Midlands Regional Office.
