

(b) in the case of all cattle, except steers over 6 months of age and cattle intended for immediate slaughter in Great Britain:

(i) all the cattle originate from premises that have been declared officially free from brucellosis and tuberculosis according to the methods in force in Guernsey;

(ii) since consignment from their premises of origin the cattle have been kept separate from cattle other than steers that do not meet conditions (i) above.

Notes

1. Any person wishing to land animals in Great Britain under the terms of this licence must make arrangements in advance, with the occupier of the reception centre to which the animals are intended to be taken after landing, for accommodation of the animals.

2. The carrier of imported animals must, in accordance with Article 4(7) of the Importation of Animals Order 1977, notify the person in charge of the approved reception centre to which those animals are licensed to be moved of the proposed time of landing of those animals, and of their number and description.

3. After arrival at the reception centre and before release from the reception centre is authorised by a veterinary inspector, all animals

not being consigned direct to a slaughterhouse, must be treated to the satisfaction of an officer of the Ministry, with an approved product (for which there is a valid product licence granted under the Medicines Act 1968 permitting its sale and supply for systemic use to kill warble fly) in accordance with the manufacturer's instructions. Treatment shall be at the expense of the owner or person in charge of the animals.

The only exceptions to this requirement shall be for:

(a) Calves under the age of 12 weeks;

(b) Between 1st December and 14th March;

* (i) cows producing milk for human consumption;

* (ii) dairy cows within 28 days prior to calving;

In the case of animals at (b)(i) and (ii) above, treatment must be undertaken on the farm between 15th and 31st March. Three days notice of treatment must be given to the local Divisional Veterinary Officer so that he may arrange for the treatment to be supervised. Instruction to this effect will be issued with the movement licence at the reception centre.

*(No approved products are available to treat these categories of cattle between 1st December and 14th March.)
