DEPARTMENT OF TRANSPORT

DRAFT NOTICE FOR OFFICIAL JOURNAL OF THE EUROPEAN COMMUNITIES

UK—LONDON: CONSTRUCTION OF A RIVER CROSSING

Notice of invitation for consideration as a tenderer: UK London: Second Severn Bridge

The Department of Transport of the United Kingdom, 2 Marshall Street, London SW1P 3EB, is seeking tenderers interested in making proposals for the design, financing, construction and operation; and the design and construction only, of a second road bridge across the Severn Estuary between the counties of Avon in England and Gwent in Wales on the E30 route.

1.

1.1. The Government invites preliminary proposals from firms and consortia as prospective tenderers for the provision of a second bridge across the Severn Estuary at the English Stones site near Bristol in the county of Avon and Newport in the county of Gwent. The Government proposes to invite full tenders for this bridge in spring 1989 on the following basis:

- (i) to design, construct, finance and operate the new bridge together with the present Severn road bridge under a concession agreement with the Government (Option 1); and
- (ii) to design and construct the new bridge for stage payments by the Government (Option 2).

Costs would be recovered through tolls charged to bridge users, either by the concessionaire under Option 1 or the Government under Option 2.

1.2. The purpose of this invitation is to provide a basis for selecting a reasonable number of tenderers so as to reduce the possibility of wasted tendering effort in the industry. Full guidelines for the project will be issued to the selected tenderers at the time tenders are invited. They will make clear the essential and desirable requirements of proposals and indicate the way in which they will be assessed. Proposals submitted under Options 1 and 2 will be assessed together by the Government. If a proposal under Option 1 is selected, the Government will negotiate a concession agreement with the bidder. A booklet will be available (paragraph 2.4) containing general details of the site, the approach roads to be constructed by the Government, the existing bridge outline design requirements and specifications for the new bridge and recent traffic flows.

2.

2.1. Submissions to be considered for selection should contain details of the main participants in the group to be formed for the purposes of tendering. The Government will want to see, within each group, individuals and firms with the following qualities:

- (i) the necessary organisational and managerial capability to manage the design and construction of the new bridge;
- (ii) proven experience in designing projects of this nature;
- (iii) a sound track record in the construction techniques and construction management required for a project of this nature;
- (iv) the capability and the commitment to operate effectively both bridges throughout the concession; and
- (v) the financial strength and capability to develop an appropriate financing package and to provide or attract in due course the necessary financial commitment for the project throughout its life;

so that it can assure itself that any selected group would be able to bring the project to a successful conclusion on either of the bases mentioned in paragraph 1.1 above.

2.2. Six copies of bids for consideration as a tenderer, in English, should reach the address in paragraph 2.4 below by 16th January 1989.

2.3. In accordance with the declaration by the Representatives of the Governments of Member States, meeting in the Council of 26th

July 1971, selected tenderers will be required by the full guidelines to indicate the percentage of the total works which they intend to assign to independent sub-contractors.

2.4. A booklet on the Government's intentions for this crossing may be obtained from Tolloed Crossings Division, Department of Transport, Room S5/19, 2 Marsham Street, London SW1P 3EB, (telephone 01-276 5629). Any further enquiries should also be made to this address.

3.

3.1. The Government reserves the right not to follow up in any way this invitation; but it hopes to nominate those to be invited to tender by mid-February 1989.

3.2. In order to satisfy the requirements of the restrictive procedure of Council Directive 71/305/EEC, which would relate to the award of the Contract under 1.1(ii) above (Option 2):

- (i) each tenderer will be required to state in his tender how long, after the signature of the relevant contract, he would take to complete the works;
- (ii) the criteria for the award of the contract will be made known in the invitations to tender.

3.3. This notice has been sent for publication on or after 5 December in the Official Journal of the European Communities and in the London, Edinburgh and Belfast Gazettes in the United Kingdom.
