## TOWN AND COUNTRY PLANNING ACTS

### CHERWELL DISTRICT COUNCIL

#### TOWN AND COUNTRY PLANNING ACT 1971

##### *Town and Country Planning (Listed Buildings and Buildings in Conservation Areas) Regulations 1987*

Notice is hereby given that Cherwell District Council has, pursuant to section 277 of the Town and Country Planning Act 1971, designated the area described in the Schedule below as the North Newington Conservation Area. Plans of the said area may be inspected at the Cherwell District Council Offices, Bodicote House, Bodicote, Banbury, Oxon, during normal office hours.

The effects of designation are:

- (a) All planning applications for development which would affect the character of the area must be advertised and site notices must be posted so that the maximum opportunity for comment is given to the public before a decision is reached.
- (b) Cherwell District Council, as the local planning authority, will exercise particular care to ensure that change, when it occurs, will preserve or enhance the appearance and character of the area.
- (c) No building in a conservation area may be demolished or partially demolished without conservation-area consent having first been obtained from the local planning authority. (For alteration, demolition or extension of listed buildings in a conservation area, listed-building consent must be applied for, and this takes precedence over conservation-area consent.) Exceptions to this rule are those laid down in paragraph 97 of Department of the Environment Circular 8/87. These exceptions mainly affect small buildings within the curtilage of a dwellinghouse; gates, walls, fences or other enclosures below a certain height; temporary building; certain agricultural and industrial buildings; and buildings required to be demolished under the provisions of the Town and Country Planning Act 1971, the Housing Act 1985 or the Pastoral Measure 1983. Planning permission is required for some alterations to dwellings due to their location within conservation areas. This control is exercised over all dormer windows and external cladding.
- (d) It is an offence to cut down, top, lop, uproot or wilfully damage or destroy any tree (not already the subject of a tree preservation order) in a conservation area without giving 6 weeks' notice to the District Council. This provision does not relate to trees covered by a felling licence, to dead trees, to trees which do not exceed 77 mm. (3 inches approx.) in diameter, or to certain other trees, details of which can be obtained from the address above.
- (e) Cherwell District Council, as the local planning authority, will require planning applications in this Conservation Area to be accompanied by sufficient details to enable the impact of the proposed development on the character of the Conservation Area to be assessed. This may include details of scale, massing, design and materials of buildings and their relationship to existing buildings.

A. M. Brace, Chief Executive and Secretary

A plan showing the extent of the Conservation Area is available for inspection during normal office hours at the Planning Department, Civic Offices, London Road, Basingstoke.

The effect of the said designation is that:

- (a) all planning applications for development that would affect the character of the area must be advertised and site notices posted so that the maximum opportunity for comment is given to the public before a decision is reached;
- (b) the prior approval of the District Planning Authority may be required for the demolition of buildings within the Conservation Area (applications for approval must be made separately, not as part of an application for planning permission for the development of a site within the Conservation Area);

Notice is hereby given that the Borough Council of Basingstoke and Deane (hereinafter called "the Council") as the District Planning Authority for the area, has determined for the purpose of section 277 of the Town and Country Amenities Act 1971, as amended by section 1 of the Town and Country Amenities Act 1974 that the area described in the Schedule hereto is an area of special architectural or historic interest the character of appearance of which it is desirable to preserve or enhance and has designated it as a Conservation Area for that purpose.
