The Queen's Most Excellent Majesty in Council.

Sheriff appointed for

Warwick,

Court Dewes, Esq;

Warsaw, January 27. N. S. The Sieurs Szembek and Wielopoliski are deputed by the Diet of Cracow, to go into Saxony, in order to intreat King Augustus that he will withdraw the Saxon Troops out of the Palatinate of Cracovia. General Milkau with the Body under his Command, is gone into Winter Quarters in the Territory of Dantzick, and the City of Thorn has been oblig'd to contribute Twenty thousand Florins towards their Subsistence. The Palatin of Kiovia has writ to the Primate to acquaint him he is ready to make his Submission to King Augustus, provided he may be received into Favour, and to desire he will intercede with his Majesty in his behalf, which that Prelate has accordingly promis'd to do. We have receiv'd an account, that the Sieur Kalinowski, Castellan of Caminierz, with part of the Army of the Crown, had defeated the Cossacks under the Command of General Orlik, near Niemirow in Ukrain, that he had kill'd a great number of them, taken several Prisoners, and sent out Detachments in pursuit of the Remainder. The Garrison of Chocim being in want of Provisions, the Peasants of Podolia had carried in great Quantities by Night, notwithstanding the strict Orders that had been given to the contrary. They write from Turky, that the Ottoman Army which had been quarter'd on the Danube, was separated, and the Troops that compos'd it were returned home. The King of Sweden continued still at Demir Tocca, and was resolv'd in Spring to embark in some Port in Greece, in order to return into his own Dominions by Sea.

Venice, February 3. N. S. The Senate hath elected Signor Domenico Tiepolo, General of Palma. Cardinal Bouillon is arrived at Verona, where he is performing his Quarentine, together with Cardinal Piazza. Letters from Rome bring an account, that a particular Congregation had been held upon the Complaints made by the People of Milan, in relation to the Boats laden with Salt for that Dutchy, that were sunk at Ferrara. All the Officers of the Tribunal in Sicily, that had given Judgment against the Bishop of Catana were excommunicated, and the Sentence was posted up in the usual Places. The Bishop of Girgento had an Audience of the Pope, after which he presented several Ecclesiasticks to him that were driven out of Sicily. The Pope commended their Zeal for the Conservation of the Privileges of the Church of Rome, and assur'd them of his Protection. They write from Naples, that some Recruits were arrived for the German Regiments in that Kingdom, and several Officers were gone to make new Levies, in order to encrease the number of their Troops.

Vienna, February 3. N. S. It has been reported that the Contagious Distemper is again broke out in this City; upon which several new Orders have been made to prevent it from spreading. The Swed-

dish Minister at this Court, has presented a Memorial to the Emperor, setting forth, That the King, his Master, had commanded him to thank his Imperial Majesty for the Offer of his Mediation, but the most Christian King having first made the Offer, he could not refuse it; he was therefore resolv'd to let Things remain in the Condition they were in at present; but nevertheless he hop'd his Majesty, as Chief of the Empire, and One of the Guarantees of the Treaty of Westphalia, would cause his Dominions in Germany to be restor'd to him. We have been inform'd, that a Band of three or four hundred Men has been gather'd together on the Frontiers of Bohemia, towards Hungary and Moravia, where they commit great Disorders; upon which, a Body of regular Troops is sent to disperse them.

Which Matter having been fairly and solemnly try'd upon two several Tryals at Law, at Westminster-Hall, by Juries of Gentlemen of the County of Middlesex, of great Worth and Probity; one before the Rt. Lord Chief Justice of Her Majesty's Court of Queen's-Bench, on the 17th of February Instant. Upon both which Tryals it manifestly appear'd, and was accordingly found by the several Verdicts of the said Juries, That she the said Mary-Hill Morton was not the Wife of, or Married to him the said Peregrine, now Duke of Leeds; and Damages are thereby given him against her, for the Injury she hath so done him: His Grace doth hereby give publick Notice thereof; and that if any Person or Persons shall hereafter presume to say, that she the said Mary-Hill Morton is the Wife of him the said Duke of Leeds, or to call, write, or style her by the Name or Title of Dutchess of Leeds, or by any other Title belonging to his Grace's Noble Family, He will take what Course or Method he can or may by Law, to punish such Person or Persons (from time to time) for so doing.
