THIRD SCHEDULE

<i>Type</i>	<i>Charges</i>
(1) Excess Charge	<i>Amount Payable</i> £20.00 (This charge will be reduced to £10.00 if payment is received in accordance with the time limit specified in article 32 hereto)
(2) Wheel Clamping	£25.00

STATEMENT OF REASONS

- In view of the anticipated level of inflation the majority of charges have been increased this time and have been set at a minimum of 7% and then rounded up.
- Increases of less than 10p are impractical and therefore the lower rates of charge do show an increase greater than the anticipated minimum.
- Charges for longer stays in short-term car parks have been increased at a higher rate to improve the effectiveness of the charge as a penalty to assist shopping parking.
- With the exception of Fairfield it is suggested that the flat rate evening charge should be abandoned in favour of an hourly charge, operating through the 24 hour period. The use of a standard evening fee changes the basis of charging from an hourly (or length of stay) fee to a period fee. Customers whose parking happens to span the point of change (the present system changes at 6 p.m.) are charged both the minimum hourly fee and the evening fee. This does lead to a number of strong complaints of sharp practice which unfortunately cannot be satisfied unless the basis of charging is consistent. The majority of car parks affected by this particular problem are short-term and it would appear reasonable to abandon the flat rate charge in these cases. However, the use of Fairfield is predominantly for long-term with a large number of Fairfield Halls patrons staying for a number of hours after 6 p.m. The effect on these customers would therefore be notably less and in view of the advantages that the standard evening fee would permit pre-payment (after 6 p.m.), it is suggested that the evening charge be maintained in this instance.
- Purley Multi-Storey and Pay-and-Display car park tariffs have remained unchanged for the last two years.
- Jubilee Bridge short-term Pay-and-Display tariffs have been brought into line with other central Croydon short-term car parks.
- The penalty tariff for—24 hour periods in short-term car parks has been increased to discourage long-term parkers.
- Spice's Yard is being converted to a Pay-and-Display control.
- Dale Road is similarly being converted to Pay-and-Display. This car park is principally a commuters car park which was attended on a part-time basis. In view of the change in control the opportunity has been taken to introduce an hourly charge structure to deal with the local parking.
