WATER RESOURCES ACT

NATIONAL RIVERS AUTHORITY

Notice of proposal for a licence to abstract water

Notice is hereby given that the National Rivers Authority (Anglian Region) in pursuance of section 52 of the Act have formulated proposals in the form of a draft licence serial No. 6/33/38/46, to abstract water from underground (chalk) strata by means of a borehole at National Grid Reference TL 673 668, in the Parish of Chippenham, in the District of East Cambridgeshire, in the County of Cambridgeshire.

It is proposed to abstract 640,000 cubic metres per year, at rates not exceeding 3,400 cubic metres per day and 200 cubic metres per hour, for the purpose of maintaining and augmenting flows to springs and watercourses in Chippenham Fen and water levels in Chippenham Park Lakes and adjoining ponds, under the Lodes-Granta Groundwater Scheme, which might otherwise be affected by abstractions for public water supply or river support in the area.

The present proposal replaces the proposals made in July 1989 for Licence Serial No. 6/33/28/49, (incorporating Nos. 6/33/34/201, 6/33/36/146 and 6/33/38/46) for the Lodes-Granta Groundwater Scheme in respect of Licence No. 6/33/38/46 only.

A copy of the proposals and of any map, plan or other document prepared in connection with them may be inspected free of charge at all reasonable hours during the period beginning on 13th April 1990, and ending on 11th May 1990, at the offices of the Authority at Prickwillow Road, Ely, Cambridgeshire, and at the Post Office, Chippenham, Cambridgeshire.

Any person who wishes to make representation about this proposal should do so in writing to the Regional Manager (Environment and Fisheries), at Kingfisher House, Goldhay Way, Orton Goldhay, Peterborough, Cambridgeshire, before the end of the said period. Copies of all such representations received by the Authority will be forwarded to the Secretary of State for the Environment.

After expiry of the said period the Authority will be entitled to pass a resolution by virtue of which the Licence shall be deemed to be granted unless the Secretary of State for the Environment, either in consequence of any representation made with respect to the proposals, or otherwise, requires the application for the Licence to be made to him.

NORTH KENT GROUNDWATER

Explanatory Statement

Notice is hereby given that during the 1980's the former Southern Water Authority and The Mid Kent Water Company jointly investigated the use of the North Kent Aquifer over a five year period. As a result of detailed study of available resources in 1986, existing licensed sources were grouped within resource areas for improved operational efficiency and flexibility. It is now proposed to improve further the utilisation of the aquifers for public water supply by enabling new and increased abstraction from sources within two resource areas subject to appropriate restrictions.

The two public notices following this statement describe the applications being made and indicate where relevant documents are available for inspection. Anyone who having read those documents requires further information is invited to contact either Mr. M. Potter, Southern Water Services Limited, Southern House, Capstone Road, Chatham, Kent ME5 7QA, telephone number Medway 830655 or Mr. J. Thatcher, The Mid Kent Water Company, High Street, Snodland, Kent ME6 5AH, telephone number Snodland 240313.

WATER RESOURCES ACT 1963

Application for variation of licences to abstract water

Notice is hereby given that applications are being made to the National Rivers Authority by Southern Water Service Limited, Southern House, Capstone Road, Chatham, Kent, to vary existing licences to abstract water for public supply from the underground strata in north Kent.

The variations sought would authorise abstraction from new boreholes in the Faversham and Sittingbourne Resource Areas and increase the aggregated annual abstraction total in the Sittingbourne area only, in order to provide greater operational flexibility and more efficient utilisation of resources.

The following tables indicate details of the current and proposed licences expressed in megalitres per day and per annum (1 MI/d. = 220,000 gallons). The new sources for incorporation in the Sittingbourne Area licence are Trundle Wood, London Road, Lomas Road, Tonge and Danaway; and in the Faversham area licence are Kettle Hill, Hockley Hole and Beacon Hill.

(2) That the consent of the Council or other appropriate authority is required for the demolition of any buildings prescribed by the Secretary of State for the Environment.

SOUTH PEMBROKESHIRE DISTRICT COUNCIL

TOWN AND COUNTRY PLANNING ACT 1971 (SECTION 277)

Conservation Areas

Notice is hereby given that, the South Pembrokeshire District Council has resolved to designate the following parts of South Pembrokeshire District as Conservation Areas.

Carew That part of the village lying to the east of the western carriageway edge of the A4075 forms the Conservation Area. The designated area incorporates the whole of Picton Terrace (also known as High Street) including the Carew Inn, and additionally includes the properties known as Flemish House, (including the Flemish Chimney or Dutch Oven in its grounds), Roselea, Cleddau View, the Carew Methodist Church (also known as the Wesley Chapel) and Youth Club and Carew Bridge. Land adjacent and near to these properties also falls within the designated area.

Carew Cheriton The village in its entirety forms the Conservation Area. The designated area incorporates the whole of 'Cheriton Row', together with the properties known as Lynfield, Lake House, St. Mary's Church (sometimes referred to as St. John's Church) including the Chapel (schoolroom) in its grounds and the churchyard walls, the Vicarage, the Fortified Rectory (also known as the Old Rectory) and the various buildings in the grounds of the Fortified Rectory, including the Stables and Orchard Cottage land adjacent and near to these properties also falls within the designated area.

Plans illustrating the areas designated may be inspected during normal office hours at the Planning and Technical Services Department, District Offices, Llanion Park, Pembroke Dock. Conservation Area studies have additionally been prepared for both Carew and Carew Cheriton, and these will form a basis for consultation on the detail of how the Conservation Areas will be administered.

Attention is drawn to the fact that the designation of the Conservation Areas:

- (i) brings the demolition of all buildings in the Conservation Areas under local authority control.
- (ii) means that the local authority will pay special attention to the desirability of preserving or enhancing the character and appearance of the areas, with respect to any buildings or other land in those areas. This will, for instance, result in the use of strict development control policies in the designated areas.
- (iii) introduces local authority control over the cutting down, topping, lopping, uprooting, wilful damage of or wilful destruction of trees within the designated areas, irrespective of whether or not Tree Preservation Orders exist.
- (iv) allows stricter local authority control over the display of advertisements.

Various other controls will also apply.

WOODSPRING DISTRICT COUNCIL

TOWN AND COUNTRY PLANNING ACT 1971-1974

LOCAL GOVERNMENT, PLANNING AND LAND ACT 1980

NATIONAL HERITAGE ACT 1983

LOCAL GOVERNMENT ACT 1985

Notice of Designation of Conservation Areas

- (1) Backwell Farleigh Conservation Area
- (2) Congresbury Conservation Area

Notice is hereby given that the Woodspring District Council, by resolution dated 8th March 1990, pursuant to section 277 of the Town and Country Planning Act 1971, inserted by section I of the Town and Country (Amenities) Act 1974 and as amended by the Local Government, Planning and Land Act 1980 and the National Heritage Act 1983 and the Local Government Act 1985, have

designated the areas specified in the Schedule hereto within the District, in the County of Avon, as Conservation Areas, each being an Area of Special Architectural or Historic Interest, the character or appearance of which it is desirable to preserve or enhance. The Areas provide an additional Conservation Area in the Parish of Backwell, and a Conservation Area in the Parish of Congresbury.

The effect of the designation will be that planning applications for development, which would in the opinion of the District Planning Authority affect the character or appearance of the area, will be given due publicity and special attention will be paid in the exercise of any powers under planning and allied legislation to the desirability of preserving or enhancing the character or appearance of any buildings or other land in the area and to give the District Planning Authority powers of control in relation to certain development, the demolition of buildings with certain specified exemptions, and the display of advertisements in the Conservation Area. The provisions of the Town and Country Planning General Development Order 1988 as amended will also apply to the area, as will the provisions of the Town and Country Planning (Listed Buildings and Buildings in Conservation Areas) Regulations 1987. In addition, the control over the treatment of trees extended by section 8 of the Act of 1974 will apply in the Conservation Area. The effect of this provision in general terms is that any person wishing to cut down, top, lop, uproot or otherwise damage or destroy any trees not already covered by a Tree Preservation Order must give the District Planning Authority six weeks notice of his/her intention. Particulars of such notice are to be recorded by the Council in a register open to public inspection. The purpose of this provision is to give the District Planning Authority an opportunity to make a Tree Preservation Order where appropriate before the work proposed is carried out. It constitutes an offence to begin work without giving the required notice (or without the District Planning Authority's specific consent within the 6 week period).

Plans showing the boundaries of the Conservation Areas are available for public inspection during normal office hours at the Town Hall, Weston-super-Mare and the Information points at the Old School House, Sandford Road, Winscombe between 1.45 p.m. and 5 p.m. Monday to Thursday and 1.45 p.m. and 4.30 p.m. Friday, and Church House, Silver Street, Nailsea between 9.15 a.m. and 12.30 p.m. Monday to Friday.

Having designated the areas the Council will apply the policy statements relating to conservation contained in the Woodspring Rural Areas Local Plan.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

Hansard

The Official Verbatim Report of Parliamentary Proceedings

Hansard reflects opinion on all topics of the day and is of great interest to the business or professional man. In addition to a factual word-for-word transcription of speeches in debate, it contains the answers to all Parliamentary Questions, complete Division Lists, and following each session details of the composition of the House. Proceedings up to 10 p.m. each day are reported in the issue on sale at 8.30 the following morning at the Government Bookshop in Holborn. A Weekly Edition is also published, and bound volumes are issued periodically during the session. Standing Orders can be accepted, if a suitable deposit is sent, for debates on definite subjects.
