My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 23rd May 1990 and until the coming into operation of a further determination:

THE MID KENT WATER COMPANY

The Mid Kent Water Company (Drought) Order 1990

The Mid Kent Water Company (Drought) (No. 2) Order 1990

Notice is hereby given that on 4th May 1990 the Secretary of State for the Environment made the above named Order which came into force on 5th May 1990.

The Orders authorise the Mid Kent Water Company to modify licence conditions relating to the abstraction of water from the Chalk Strata at Boughton, Howfield, Thanington, Golmersham, Chilham and Hoplands Farm Pumping Stations and from the Lower Greensand strata at Borough Green (including Nepicar Lane) and Charing Pumping Stations. The modifications provide for temporary increases in the existing authorised maximum day abstraction quantities which also necessitate a temporary increase in the authorised annual quantity in certain cases. The modifications also involve the temporary suspension of the compensation water provision for the Chilham and Godmersham licences and the temporary suspension at the restricted abstraction conditions for the Howfield and Thanington licences with respect to the 104.6 Mld. (23 m.g.d.) flow condition in the River Great Stour as measured at the Horton Gauging Station. In addition, the Company has constructed two new sources into the Lower Greensand Strata at Park Barn, Ryarsh (Ryarsh No. 3) and at Harple Lane, Detling and also another new source penetrating the Chalk Strata at Stockbury, which are at present unlicensed but available for assisting in meeting projected demands this summer. The Secretary of State has authorised abstraction on a temporary basis from these sources this year pending determination of licence applications by the National Rivers Authority.

Details of the existing licence conditions and temporary modifications are indicated in the table below:
