

work is not completed within two years, a further notice is needed. If the work is begun without due notice or without the Council's specific consent within the 6 weeks' period, the person concerned becomes liable to a penalty and the tree owner becomes liable to replant. The purpose of this provision is to give the Council an opportunity to make a tree preservation order where appropriate before the work proposed is carried out. It is also an offence to wilfully destroy any tree in a conservation area.
