LONDON BOROUGH OF HAMMERSMITH AND FULHAM

Notice is hereby given that on 4th April 1991, the Council of the London Borough of Hammersmith and Fulham made the above mentioned Order under section 6 of the Road Traffic Regulation Act 1984 as amended.

The Order comes into operation on 8th April 1991, and its effect will be to continue indefinitely the provisions of the Experimental Order (LBH&F No. 61), which has been in operation without objection since 23rd July 1990.

The general effect of that experiment was to amend the traffic order of 1989 which imposes a one-way operation for traffic (west to east) in Steventon Road W.12, between its junction with Old Oak Road and Sedgford Road, so that the requirement only applies to the south of two central dividing islands. Entry to and exit from the part of Steventon Road, lying to the north of these islands, at its junction with Old Oak Road is prohibited except for pedal cycles. This allows access by motor-vehicles to be obtained to the road from the eastern end for the purpose of access to premises only.

For a period of 6 weeks from the day on which the Order was made, a copy of the Order and a copy of the Council's statement of reasons for making the Order can be inspected during normal office hours in the Traffic Management and Road Safety Group, Development Planning Department, Town Hall, King Street, Hammersmith, London W6 9JU.

LONDON BOROUGH OF RICHMOND-UPON-THAMES

PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990

Designation/Extension of Conservation Areas

Notice is hereby given in pursuance of section 69 of the Planning
(Listed Buildings and Conservation Areas) Act 1990, that the
Council of the London Borough of Richmond-upon-Thames, as
Local Planning Authority has designated the following
Conservation Areas:

Normansfield, Teddington	— Conservation Area No. 59
Hampton Court Park	— Conservation Area No. 60
Bushy Park	— Conservation Area No. 61
Richmond Park	— Conservation Area No. 62
Kew Gardens	— Conservation Area No. 63
Arundel Terrace, Barnes	— Extension to Conservation Area No. 25 (Castelnau)
Radnor Gardens, Twickenham	— Extension to Conservation Area No. 9 (Twickenham Green).

The consequences of the designation are that:

- (a) The Council is required to pay special attention to the
desirability of preserving or enhancing the character or
appearance of conservation areas in the exercise of any powers
under the Planning (Listed Buildings and Conservation Areas)
Act 1990, Part 1 of the Historic Buildings and Ancient
Monuments Act 1953 or the Local Authorities (Historic
Buildings) Act 1962.

- (b) Any building within a conservation area *not being a building falling within any of the exempt categories* shall not be demolished without the consent of the Council.
- (c) Exempted buildings are listed buildings (which cannot be demolished without consent in any event) as defined by the 1990 Act, excepted buildings within the meaning of section 60 of the 1990 Act, and buildings in relation to which a direction under section 75 of the 1990 Act, is for the time being in force. The exemption of certain categories of buildings from control of demolition under section 75 of the 1990 Act, does not affect the provisions of other legislation controlling demolition of such buildings.

(An application for consent to the demolition of a building (other than as exempted building) in a conservation area shall be made to the Council as a separate application and not as part of an application for planning permission to redevelop the site of the building).

- (d) Pursuant to section 211 of the Town and Country Planning Act 1990, any person who cuts down, tops, lops, uproots, wilfully damages or wilfully destroys any tree in a conservation area or authorises such action, without the Council's specific consent will become liable to prosecution and the owner will become liable to replant a tree of appropriate size and species, unless at least 6 weeks notices of such action has been given to the Council.

There are certain exemptions to these provisions which, inter alia, exempt trees which are dying or dead or have become dangerous, fruit trees cultivated for fruit production and trees which do not exceed approximately three inches in diameter.

A map showing the extent of the Conservation Areas is available for inspection at the Technical Services Department—Planning Division, Civic Centre, 44 York Street, Twickenham, where further information on this matter may be obtained and to which applications should be addressed.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of any individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

There's a free leaflet on *Statutes in Force* available from:
