OXFORD CITY COUNCIL

Oxford Central Area—Proposed Alterations to Traffic Regulations

Notice is hereby given that the Oxford City Council, as agent for the Oxfordshire County Council, proposes to make an Order entitled "The City of Oxford (Central Area) (Traffic Control) Order 1991". The effect of the Order will be as follows:

To make permanent the present experimental turning movement restrictions at the Woodstock Road/Bevington Road/St. Bernard's Road junction. At present no vehicle is permitted to turn into Bevington Road at the Woodstock Road end. Vehicles are however permitted to leave Bevington Road at the Woodstock Road end by turning either right or left. The turning movement restrictions are to be modified to permit a left turn into Bevington Road from Woodstock Road for pedal cycles only and to permit left turns only out of Bevington Road into Woodstock Road for all vehicles.

To vary traffic regulations in Cornmarket Street and Queen Street to permit entry by the O.C.V.A. "ring-a-ride" service for people with disabilities to those two streets at all times for the purpose of picking-up or setting-down people with disabilities at premises in those streets.

To permit cycles to proceed direct from Beadmont Street and St. Giles' to Magdalen Street West. This movement is restricted at the moment to local service buses, police vehicles and emergency service vehicle.

To permit cycles to proceed direct from Hythe Bridge Street to George Street. This movement is restricted at the moment to local service buses and emergency vehicles.

To formalise by Order the disabled persons' parking place on the north side at the west end of Keble Road.

The Order mentioned in paragraph 1 above will also revoke the existing Order which gives legal backing to all of the other traffic regulations in Central Oxford but will repeat their provisions. This is being done to minimise the number of traffic Orders in existence in the area in the interests of effective enforcement.

Full details of the proposals are in the draft Order which, together with a statement of the Council's reasons for proposing to make the Order and maps showing the proposals, may be examined at my office at the address given below the hours of 9 a.m. and 4 p.m. on Mondays to Fridays.

If you wish to object to the proposed Order you should send the grounds for your objection in writing to me at St. Aldate's Chambers, St. Aldate's, Oxford, by 28th June 1991. Any support for the proposals should also be sent to me by the same date.

OXFORD CITY COUNCIL

Howard Street and Magdalen Road—Traffic Calming

Notice is hereby given that the Oxford City Council, as agent for the Oxfordshire County Council, proposes to make an Order entitled "The City of Oxford (Various Streets East Oxford) (Traffic Regulation) (No. 2) Order 1991."

Experimental traffic calming measures have been in place in Howard Street and Magdalen Road, since March 1990. The Council has reviewed the experiment and has decided that traffic calming in the two roads should continue. It is proposing to introduce an amended form of traffic calming which nevertheless by and large provides for waiting prohibitions in broadly the same locations although slightly more parking on-street will be possible. Whilst most of that parking will be uncontrolled as to time limit there will be short lengths of parking with a two hour limit in Magdalen Road, Essex Street and Hurst Street.

The waiting prohibitions associated with the experiment in Catherine Street, Cricket Road, Essex Street, Golden Road, Hertford Street, Hurst Street, Ridgefield Road, St. Mary's Road, Sidney Street, Silver Road and Stanley Road, will be amended, generally by reducing the extent of the prohibition.

The physical form of the revised traffic calming measures involve a raising of the road to pavement level at various points (principally at road junctions), tree planting in the road and protective bollards. The chicane effect in the roads will be achieved by alternate areas of permitted parking and by physical measures at road junctions. The existing road narrowings by means of planters will be removed entirely in the side roads and virtually completely in Howard Street and Magdalen Road.

The Order mentioned in paragraph 1 above will also revoke the existing Order which given legal backing to a miscellany of traffic regulations in East Oxford but will repeat their provisions. This is being done to minimise the number of traffic Orders in existence in the area in the intersts of effective enforcement.

Full details of the proposals are in the draft Order which, together with a statement of the Council's reasons for proposing to make the Order and a map showing the proposals, may be examined at my office at the address given below between the hours of 9 a.m. and 4 p.m. on Mondays to Fridays.

If you wish to object to the proposed Order you should send the grounds for your objection in writing to me at St. Aldate's Chambers, St. Aldate's, Oxford, by 28th June 1991. Any support for the proposals should also be sent to me by the same date.

OXFORD CITY COUNCIL

East Oxford Traffic and Parking - Proposed Amendments

Notice is hereby given that, the Oxford City Council, as agent for the Oxfordshire County Council, proposes to make an Order entitled "The City of Oxford (East Oxford) (Traffic Management and Parking) Order 1991".

The effects of the Order are as follows:

(1) To make permanent the present experimental turning movement restrictions at the Jeune Street/St. Clement's Street and Rectory Road/Cowley Road junctions. The Council will later review the effects of these restrictions in the context of a comprehensive review of traffic calming needs in this part of East Oxford.

(2) To exclude from the East Oxford Residents Parking Zone Nos. 58-60 Iffley Road and St. Stephen's House, Marston Street. No resident of these premises will be entitled to a residents parking permit.

(3) To introduce parking places with a time limit of two hours in various lengths of Nye Bevan Close and Cosin Close. The East Oxford Residents' Parking Zone will also be extended to cover these two roads but residents of them will not be entitled to residents' or residents' visitors' parking permits.

(4) To carry out alterations to waiting and parking conrols in East Avenue, in part as a consequence of the presence of the new road junction into the Cowley Road hospital development and in part in order to arrange parking in such a way as to reduce traffic speeds in the road. The result will be that a greater number of parking places will be provided for residents.

(5) To carry out alterations to waiting and parking controls in Hurst Street between James Street and Bullingdon Road, as a consequence of development in that length of road.

Full details of the proposals are in the draft Order which, together with a statement of the Council's reasons for proposing to make the Order and maps showing the proposals, may be examined at my office at the address given below between the hours of 9 a.m. and 4 p.m. on Mondays to Fridays.

LONDON BOROUGH OF EALING

Planning (Listed Buildings and Conservation Areas) Act 1990
Designation of Conservation Areas

Notice is hereby given that the Council, acting pursuant to section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990, have designated the area described below as an extension to the St. Mark' Church and Canal Conservation Area. A map defining the area may be seen between 9 a.m. and 4.30 p.m., Monday to Friday in the Town Planning and Building Control Department, Perceval House, 14-16 Uxbridge Road. The area will be known by the name shown below.

The designation of an area as a Conservation Area has broadly the following effect:—

A. Any Listed Buildings within the area are subject to the restrictions on alteration and demolition ordinarily applicable to Listed Buildings. Other buildings or parts of buildings, with certain exceptions, may not be demolished without consent or in contravention of any condition attached to a consent. Contraventions are punishable on conviction by imprisonment or a fine or both. (It is a defence to prove that the works were urgently necessary in the interest of safety or health or for the preservation of the building and that notice in writing of the need for the works were given to the Council as soon as reasonably practicable). Further, in case of contraventions, the Council have powers for securing reinstatement.

B. Any trees, within the area, to which a tree conservation Order applies are subject to the restrictions imposed by and under the Order. It is an offence to cut down, top, lop, uproot, wilfully damage, or wilfully destroy a tree to which a tree preservation Order does not apply, unless it can be shown (1) that the Council were given previous notice of the proposed action with sufficient particulars to identify the tree and (2) either that the act in question was done between six weeks and two years after the date of the notice or that the Council gave written consent. These provisions do not apply to cutting down, uprooting, topping or lopping trees which are dead or dying or which have become dangerous or to so much of such work as is necessary to prevent or abate a nuisance, but in such cases the Council will expect to be told in writing, or by a message to the Town Planning Division, confirmed in writing, as soon as the need for action arises. Contraventions are punishable by a fine, and the owner may be required to plant a replacement tree.

Description of Area: Extension of St. Mark's Church and Canal Conservation Area

The area, of a depth of 30-40m is to the south, south-west and south-east of the deemed curtilage of the main listed building of St. Bernards Hospital and meets the northern boundary of the existing St. Mark's Church and Canal Conservation Area at the northern edge of the canal. The western boundary is Windmill Lane and the northern boundary runs in the main along the southern access road to the hospital, but excludes the buildings to the south of the access road from Windmill Lane for approximately 77 metres. The area is extended to the south-east to include buildings and the tennis court adjoining the canal.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force?*

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.
