TREASURY

RATES OF INTEREST ON LOANS BY THE PUBLIC WORKS LOAN COMMISSIONERS TO LOCAL AUTHORITIES

NOTICE

TREASURY MINUTE dated 23rd December 1991.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 C.13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 23rd December 1991 and until the coming into operation of a further determination:

- (i) The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- (ii) Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);
- (iii) The rates of such interest shall be:

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. Other borrowing beyond the quota entitlement will be at the appropriate rate in the non-quota set of rates.

Notice of application to vary a licence to abstract water

Notice is hereby given that an application is being made to the National Rivers Authority—Thames Region by The Sutton District Water Plc, of 59 Gander Green Lane, Cheam, Sutton, Surrey, to vary the Licence (Serial No. 28/39/40/5) to abstract water from the underground chalk strata at Cheam Pumping Station in the London Borough of Sutton.

This is a re-advertisement with amendments of a notice first placed on 18th December 1991.

The variation applied for is for the authorisation of the abstraction for the purposes of public water supply from wells at Point 'A' and boreholes at Points 'B', 'C', 'D', 'E' and 'F' (i.e. at National Grid References TQ 248 642, TQ 247 640, TQ 247 641, TQ 246 642, TQ 240 637 and TQ 244 639 respectively), Points 'A', 'B' and 'C' being connected by adit, in substitution for the abstraction currently authorised for the purpose of public water supply. The variation would also provide for the alteration of the authorised means of abstraction so as to provide for three wells at Point 'A' and one and four boreholes respectively at Points 'B' and 'C' all to be interconnected by an adit approximately 300 metres long by 1.8 metres high by 1.2 metres wide with pumps of an aggregate capacity not exceeding 354 litres per second. It would provide at Point 'D' for a 560 mm diameter borehole, 130 metres deep with pump of capacity not exceeding 90 litres per second; at Point 'E' for a 600 mm. diameter borehole, 111 metres deep with a pump of capacity not exceeding 20 litres per second; and at Point 'F' for a 600 mm. diameter borehole, 120 metres deep with a pump of capacity not exceeding 40 litres per second.

No increase in the maximum annual quantities previously authorised is now sought.

A copy of the application and of any map, plan or other document submitted with it may be inspected, free of charge, at the offices of The Sutton District Water Plc, 59 Gander Green Lane, Cheam, Sutton, Surrey, at all reasonable hours, during the period beginning on 31st December 1991 and ending one month after that date on 28th January 1992.

Statutes in Force

A vital reference work on the law of the land

What is *Statutes in Force*?

Statutes in Force is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

comprehensive

convenient

constantly updated

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

Statutes in Force is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

There's a free leaflet on *Statutes in Force* available from:
