#### RATES OF INTEREST ON LOANS BY THE PUBLIC WORKS LOAN COMMISSIONERS TO LOCAL AUTHORITIES

##### NOTICE

TREASURY MINUTE dated 3rd January 1992.

The Lords Commissioners of Her Majesty's Treasury read section 3(2) of the National Loans Act 1968 (1968 C.13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

In accordance therewith the Chancellor of the Exchequer now recommends that with effect from 4th March 1992 and until the coming into operation of a further determination:

- (i) The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- (ii) Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by

instalments of equal repayments of the principal and interest paid thereon (E.R.);

(iii) The rates of such interest shall be:

*PWLB Non-quota A Rate loans will bear interest at 1 per cent above the corresponding Quota rates.*

*PWLB Non-quota B Rate loans will bear interest at 2 per cent above the corresponding Non-quota A rates.*

The amount which a local authority borrows within its annual quota will bear interest at the appropriate rate in the quota set of rates. Authorities may borrow further sums at quota rates at the discretion of the Public Works Loan Commissioners. Other borrowing beyond the quota entitlement will be at the appropriate rate in the non-quota set of rates.

My Lords concur.

## DEPARTMENT OF ENERGY

### THE PETROLEUM (PRODUCTION) (SEAWARD AREAS) REGULATIONS 1988

1. The Secretary of State for Energy invites applications, in accordance with the Petroleum (Production) (Seaward Areas) Regulations 1988 (SI 1988 No. 1213), as amended by the Petroleum (Production) (Seaward Areas) (Amendment) Regulations 1990 (in this notice called "the Regulations"), for petroleum production licences in respect of the blocks specified in Schedules 1 and 2 to this notice and delineated on maps deposited in the Library at the Department of Energy, 1 Palace Street, London SW1E 5HE. The maps may be inspected by prior appointment (telephone No. 071-238 3042) between 09.15 and 16.45 hours Monday to Friday until Tuesday, 15th December 1992.

### *Consideration for and Conditions of Licences*

2. Licences issued in respect of blocks shown on the maps at Schedule 1 and listed in Schedule 2 will have an initial term of six years with a second term of twelve years. This second term may be extended beyond twelve years for a further period of eighteen years. These licences will be subject to the conditions set out in Schedule 4 to the Regulations.

3. The consideration required in respect of production licences granted as a result of this invitation will be:

- (a) an initial payment, at the time the offer of a licence is accepted, of £390 for each square kilometre comprised in the licensed area;
- (b) subsequent annual payments determined according to the following provisions:

(i) on the sixth anniversary of the date of commencement of the licence term (following exercise of the option to continue as to the remaining period of the licence) the sum of £450 will be payable for each square kilometre in the area to which the licence then relates; on the seventh anniversary £900 per square kilometre and so on, rising by annual increments of £450 until an annual sum of £6,750 is payable for each square kilometre comprised in the licensed area;

(ii) the payments specified in sub-paragraph 3(b)(i) above will be subject to variation as follows:

(aa) The annual payments will be increased or subsequently reduced at two-yearly intervals in line with movements in the Index of the Price of Crude Oil acquired by Refineries (published in the Digest of UK Energy Statistics) if the Minister so determines. The Minister will give notice of any such determination ("biennial determination") during the month preceding the eighth anniversary of the date of commencement of licences or any subsequent two-yearly anniversary, and will specify in the notice the increase or reduction in the amount payable. Movements in the Index will be calculated by reference to a comparison between the arithmetic mean of the Index levels for the two latest calendar years for which figures are available at the time when the determination is made, and the arithmetic mean of the Index levels for 1990 and 1991. In the event that the Index of the Price of Crude Oil acquired by Refineries ceases to be published, the Minister may substitute arrangements for redetermination of annual payments having substantially similar effect to those set out above based on such other comparable Index as he may determine.

(bb) The increase or reduction specified in a biennial determination will be payable or take effect on the anniversary of the date of commencement of the licence next following the date of the relevant determination.

(cc) No biennial determination will have effect so as to reduce the annual payments below the levels set in sub-paragraph 3(b)(i).

(dd) The Minister will not make a biennial determination increasing or reducing the amounts payable, where that increase or reduction would be 5% or less of the levels set following the previous biennial determination.

- (c) A royalty (provided for in Clauses 10-13 of Schedule 4 to the Regulations) at the rate of 12.5% payable in respect of petroleum won and saved from any field which is neither:

(i) a relevant new field for the purposes of the Petroleum Royalties (Relief) Act 1983, nor

(ii) a relevant Southern Basin field for the purposes of the Petroleum Royalties (Relief) and Continental Shelf Act 1989.

4. Licences may be granted subject to special conditions governing the notice required for, and the timing and circumstances of, operations carried out thereunder. The Department of Energy will make copies of these conditions available as soon as possible.

### *Applications for Licences*

5. In respect of all blocks listed in Schedule 2:

(a) applications should be made on a standard application form available from the Department of Energy;

(b) applications should be delivered between 09.30 and 12.00 hours on Tuesday 15 December 1992 or between 09.30 and 12.00 hours on Wednesday 16 December 1992 to the Oil & Gas Division of the Department of Energy at 1 Palace Street,

London SW1E 5HE, together with a remittance in respect of the appropriate application fee of £3,700;

- (c) no applications will be accepted after 1200 hours on Wednesday 16 December 1991;
- (d) applicants are requested to indicate where possible any preference they attach to the blocks applied for and should indicate if blocks applied for are alternatives;
- (e) applicants are requested to provide details of the work programme they propose to carry out if awarded a licence;
- (f) applicants should note that they are requested, for the first time, to submit a statement of their policy with regard to the environment;
- (g) further guidance on the material with which applicants may support their applications is given in Guidance Notes available from the Department of Energy;
- (h) copies of documents referred to in the text of this notice as being available from the Department of Energy may be obtained from the Licensing Branch (Room 3.2M.23), Oil & Gas Division, Department of Energy, 1 Palace Street, London SW1E 5HE (Telephone No. 071-238 3211/3212).

6. Applicants will be judged against the background of the continuing need for expeditious, thorough, efficient and safe exploration to identify oil and gas resources of the UK Continental Shelf, with due regard to environmental considerations. Where applicants hold or have held licences their overall record on exploration and exploitation may be taken into account.

7. The Secretary of State will be prepared to consider nominations from companies that unlicensed blocks on the United Kingdom Continental Shelf not listed in Schedule 2 should also be advertised for offer. Nominations for non-frontier blocks must be submitted by 3 July 1992; nominations for such blocks which are

likely to be in environmentally sensitive areas should however, be submitted as soon as possible and in any event before 1 May 1992. Nominations for blocks in frontier areas must be submitted by 6 November 1992; nominations for frontier blocks which are likely to be in environmentally sensitive areas should be submitted as soon as possible and in any event before 7 August 1992. Applicants may wish to seek advice from the Licensing Branch of the Department of Energy (see paragraph 5(h) above) on which areas may be regarded as environmentally sensitive or as requiring frontier terms for exploration.

8. Blocks nominated under paragraph 7 above which it is possible to release for licensing will be advertised for offer by Gazette Notice. The terms for such blocks may differ from those advertised in this Notice (see paragraphs 2 and 3 above).

9. Following examination of all applications the Secretary of State will select the applicants to whom he is prepared to award licences. If there are two or more applicants for a block who would be equally acceptable to the Secretary of State as licensees for that block he may suggest that the licence should be held jointly by some or all of such applicants.

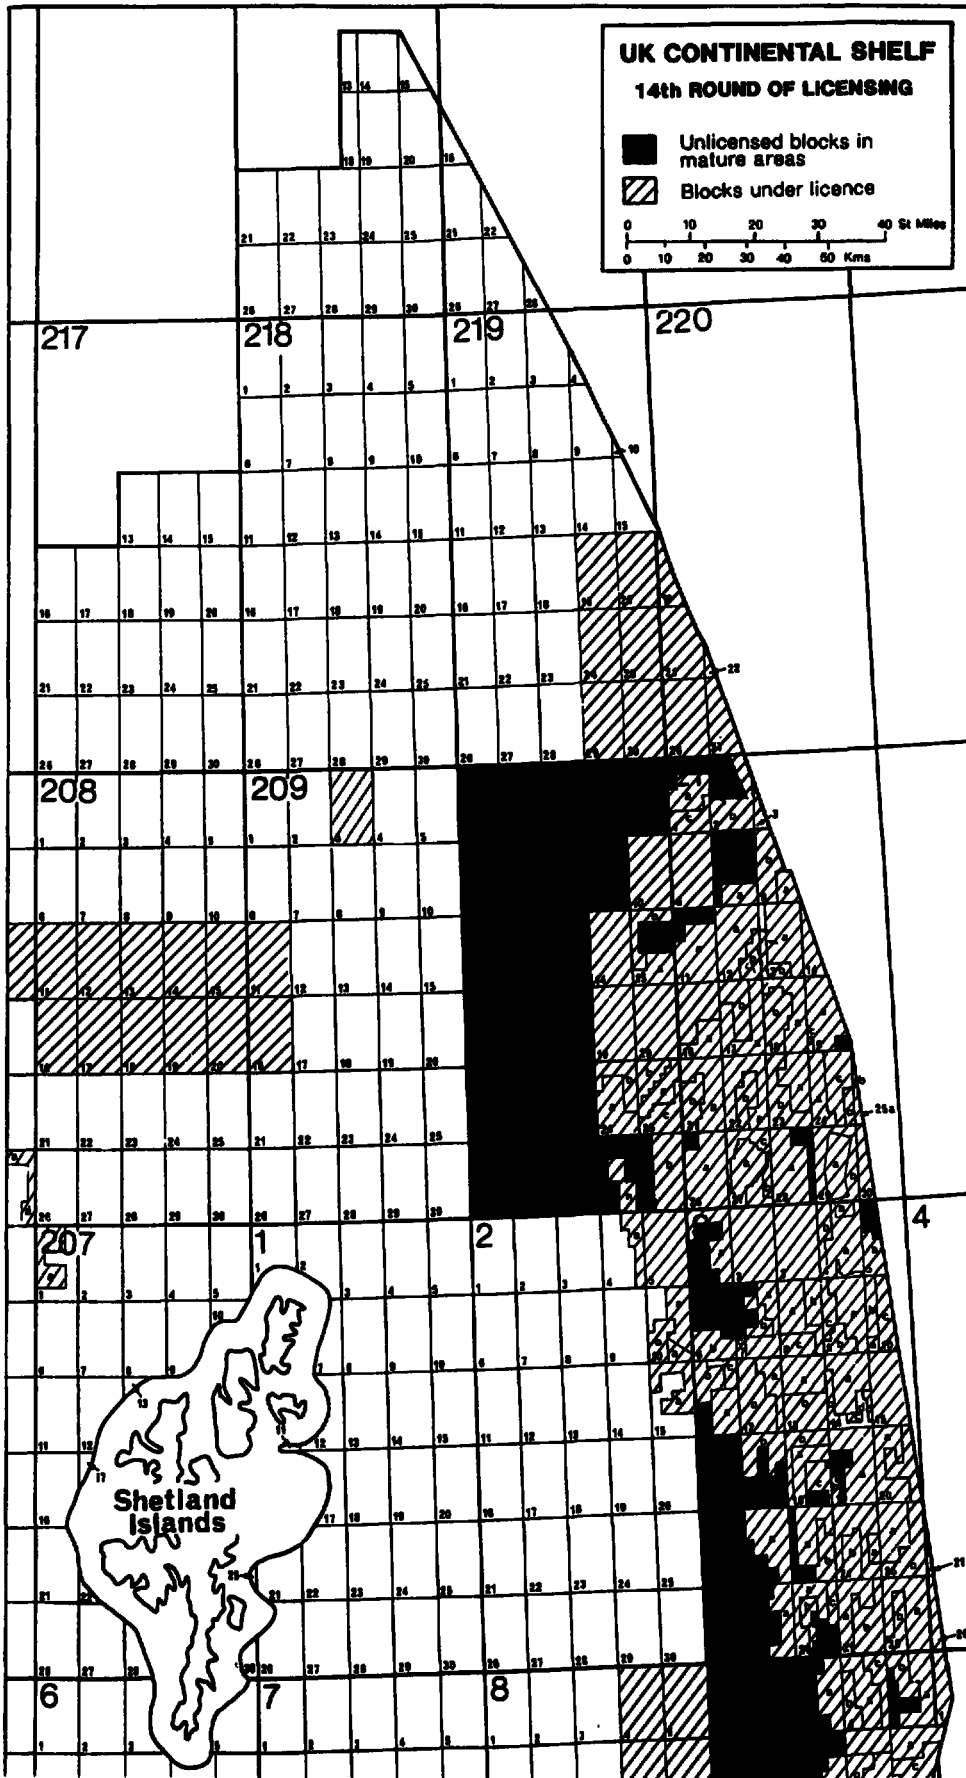

10. The selected applicants will be offered licences on condition that within 14 working days of the date on which the Secretary of State makes the offer of an award:

- (a) they confirm acceptance of a work programme proposed by the Secretary of State following discussion with the applicants concerned;
- (b) they remit to the Secretary of State the appropriate payment referred to in paragraph 3(a) above; and
- (c) they confirm in writing that they accept any special conditions or restrictions of the sort referred to in paragraph 4 above.

11. Unsuccessful applicants will be notified in writing.

# Statutes in Force

## A vital reference work on the law of the land

What is *Statutes in Force*?

*Statutes in Force* is the official revised edition of the statutes. It provides the text (without commentary) of the current statute law of the land, in a way which is

**comprehensive**

**convenient**

**constantly updated**

The complete edition consists of 107 looseleaf binders which contain hole-punched crown quarto (246 x 189mm) booklets - giving a total of some 60,000 pages. The Acts are arranged, not in purely chronological order, but classified into 125 groups according to subject matter.

*Statutes in Force* is intended to be a permanently renewable edition of revised statutes. It is kept up to date in a number of ways:

- The issue of new Acts for insertion into their appropriate groups (they are published in complete text form usually within two months after Royal Assent)
- The issue of instructions for the removal of repealed Acts
- The publication of revised reissues of heavily-amended Acts
- Cumulative supplements for each affected group giving particulars of amendments and partial repeals (pending their eventual incorporation in revised reissues of the affected Acts).

Customers may obtain copies of **any** individual Act in the *Statutes in Force* edition. This service will be of most benefit when ordering heavily amended Acts which have been revised and re-issued or Acts which are now out-of-print in the original (Queen's Printer) version.

There's a free leaflet on *Statutes in Force* available from:
