Objectors are reminded that the substance of any objection or representation may be communicated to other people who may be affected by it; that it will be passed to the Inspector holding the inquiries; and that he may be required to disclose at the inquiries the objection or representation and, unless there are special reasons to the contrary, the identity of the author.

The Secretaries of State for the Environment and Transport hereby direct that any person who intends at the inquiries to submit:

- (a) that any highway or proposed highway to which any of the draft Orders relates should follow an alternative route; or
- (b) that instead of improving, diverting or altering a highway to which a draft Order relates, a new highway should be constructed on a particular route;
