NATIONAL RIVERS AUTHORITY—SEVERN-TRENT REGION

Notice of application for licence to obstruct or impede the flow of an inland water by means of impounding works

Notice is hereby given that an application is being made to the National Rivers Authority by J. R. V. Beatty of Garthmyl Hall, Montgomery, Powys, for the licence to obstruct or impede the flow of the stream at Uwch-y-Llan, Manafon, Montgomeryshire, which issues at NGR SJ146034 by means of 2 dams at NGR SJ146035 and SJ146038. The object of impounding water by means of the works is to provide water for domestic and garden use and to create habitats for ducks, geese and other aquatic creatures. The capacity of the reservoir at overflow level will be 3,000 cubic metres and 2,000 cubic metres. Further details of the application are, to create a pond close to the issue point of the stream and to rebuild a lower pond at a point at which there are the remains of an earlier dam.

A copy of the application and of any map, plan or other document submitted with it may be inspected free of charge at Garthmyl Hall, Montgomery, Powys, or at Uwch-y-Llan, Manafon, at all reasonable hours during the period beginning on 13th July 1992, and ending on 3rd August 1992.

Any person who wishes to make representations about the application should do so in writing to the Catchment Regulation Section, National Rivers Authority, Severn Trent Region, Sapphire East, 550 Streetsbrook Road, Solihull B91 1QT, before the end of the said period.

J. R. V. Beatty

1st July 1992.

NATIONAL RIVERS AUTHORITY—SEVERN-TRENT REGION

Notice of application to vary a licence to abstract water

Notice is hereby given that an application is being made to the National Rivers Authority, Severn Trent Region, by British Waterways, Greycaine Road, Watford WD24JR, to vary the licence No. 18.54.20.138 to abstract water from the Gloucester and Sharpness Canal at National Grid Reference OS 6953 0383 at Purton. The variation applied for is the quantity authorised to be

abstracted in any calendar year to be varied from not exceeding 63.875 million cubic metres to not exceeding 69.350 million cubic metres.

Special Conditions

1. To increase the maximum quantity of water to be abstracted in any period of 100 days from the first day in each year when regulation discharges of water are made from the Clywedog Reservoir or in accordance with the abstraction licence for the Shropshire Groundwater scheme, from 17.5 million cubic metres to 19 million cubic metres and pro rata thereafter until the last day in that year when regulating discharges are made.
2. To increase the maximum quantity of water to be abstracted, authorised in special condition (2), on any one day when the maximum regulating discharge from Clywedog Reservoir and the maximum regulating discharge is being made from the Authority's Shropshire Groundwater Scheme, from 175,000 cubic metres to 190,000 metres.

All other details on the licence to remain unchanged.

A copy of the application and of any map, plan or other documents submitted with it may be inspected free of charge at the offices of Bristol Water at Purton Treatment Works, at all reasonable hours during the period beginning 10th July 1992, and ending on 7th August 1992.

Any person who wishes to make representations about the application should do so in writing to Principal (Catchment Regulations), National Rivers Authority, Severn Trent Region, Sapphire East, 550 Streetsbrook Road, Solihull B91 1QT, before the end of the said period.

J. B. Taylor, on behalf of British Waterways
