My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are permitted to borrow from the Commissioners up to a specified quota at a certain fixed rate of interest and in excess of such quota at one of two higher fixed rates.

- (ii) Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);

- (iii) The rates of such interest shall be:

PWLB Non-quota A Rate loans will bear interest at 1 per cent above the corresponding Quota rates.

#### NATIONAL RIVERS AUTHORITY—WESSEX REGION

##### *Notice of application for consent in pursuance of section 88 and Schedule 10*

Notice is hereby given, in accordance with section 88 and Schedule 10 of the Water Resources Act 1991, that an application has been made to the National Rivers Authority by Wessex Water Services Ltd., to enhance the capacity of Wedmore Sewage Treatment Works by increasing the volume treated and providing additional storage for storm sewage. Wessex Water Services Ltd., are undertaking improvements to the treatment works to improve the quality of the effluent and to cater for the increase in sewage flows to the treatment works that has taken place and projected future growth.

Application has been made to increase the amount of sewage effluent treated up to a dry weather flow of 454 cubic metres per day, discharging to the Landcourse Rhyne, in the River Axe catchment, at National Grid Reference ST 4390 4807. The quality of effluent treatment is being substantially improved to reduce the downstream water quality impact. When the sewage flow to the works exceeds 16 litres per second (1,367 cubic metres per day) due to rainfall screened sewage will be directed to storm tanks for settlement prior to overflow to the Landcourse Rhyne. This represents a substantial increase in the proportion of sewage treated under storm conditions.

Any person who wishes to make representation about the application should do so in writing to the Catchment Planning Manager, National Rivers Authority, Wessex Region, Rivers House, East Quay, Bridgwater, Somerset TA6 4YS, not later than 28th August 1992, quoting ref. No. 072054.
